ELECTION COMMISSION, INDIA

NOTIFICATION

New Delhi, the 20th May 1968

No. 82/WB/6/67.—In pursuance of section 106 of the Representation of the People Act, 1951, the Election Commission hereby publishes the Order, pronounced on the 7th February 1968, by the High Court at Calcutta in Election Petition No. 6 of 1967.

ELECTION PETITION CASE No. 6 OF 1967

IN THE HIGH COURT AT CALCUTTA

Ordinary Original Civil Jurisdiction

Present:

The Hon'ble Mr. Justice
SANKAR PRASAD MITRA.

February 7, 1968.

Narendra Nath Sen—Petitioner,

versus

Mani Sanyal and another—Respondents.

The Court: In this petition the election of the respondent No. 1 to the West Bengal Legislative Assembly from No. 136 Alipore Assembly Constituency has been challenged. The petitioner was also a contesting candidate and had obtained the next highest votes. The total number of votes declared to have been polled by the respondent No. 1 was 21,268 and those by the petitioner was 21,029. There is no charge of corrupt practices in the petition. In paragraph 7 of the petition the grounds for challenging the election have been set out. The principal grounds appear to be (a) improper reception, refusal or rejection of votes or reception of vote or votes which is or are void or (b) non-compliance with the provisions of the Constitution or the Representation of the People Act, 1951, or the rules or orders made thereunder.

On May 22, 1967, in the presence of learned counsel for both the parties the following issues arising out of the pleadings herein were settled:—

(1) Has there been improper reception, refusal or rejection of votes or reception of vote or votes which is or are void as alleged in paragraph 7, sub-paragraphs (a) or (b), sub-clauses (v) or (vi), of the petition?

(2) Has there been non-compliance with the provisions of the Constitution of India or the Representation of the People Act, 1951, or the rules or orders framed thereunder as alleged in paragraph 7 sub-paragraph (b), sub-clauses (i), (ii), (iii), (iv), (vii), (viii), (ix), (x), (xi), (xii), (xvi) and (xvii) of the petition?

(3) Is the Returning Officer a necessary party to this petition as alleged in paragraph 2 of the Written Statement of the respondent No. 1? If so, is the petition liable to be dismissed?

(4) Should the Court made an order for recounting on the facts alleged in the petition?

(5) To what relief, if any, is the petitioner entitled?

At the hearing of the petition issue No. 4 was not pressed at all. Issues Nos. 1 and 2 were also restricted to certain specific allegations and I need not relate in this judgment all that has been stated in the aforesaid sub-paragraphs and sub-clauses of paragraph 7 of the petition. At the appropriate time I shall deal with the petitioner's real grievances.

The petitioner made an application to me for inspection of the valid ballot papers of the respondent No. 1 and the ballot papers which the returning officer had rejected. Both at the hearing of that application and at the hearing of the petition itself learned counsel for the respondent No. 1 has urged before me that the petition should be dismissed *in limine* as it does not contain a Concise Statement of the material facts on which the petitioner relies as provided in section 83(1)(a) of the Representation of the People Act, 1951. In paragraph 7(b)(v) the petitioner alleges that there was reception of votes purporting to be in favour of the respondent No. 1 which were void. In paragraph 7(b)(vi) it is alleged, inter alia, that the returning officer improperly rejected ballot papers without allowing the petitioner or his counting agents a reasonable opportunity or any opportunity to inspect them. All these allegations have been verified as true to the knowledge of the petitioner. That is why in the interests of justice I made an order for inspection and the petitioner, pursuant to my order, has inspected in the presence of the respondent No. 1 or his agent all the valid ballot papers of the respondent No. 1 and all the rejected ballot papers. He has placed before me numerous ballot papers which, according to him, should not have been accepted at all. He has also placed before me a large number of rejected ballot papers which, he contends, should have been accepted as his valid papers. The references to all these ballot papers and the petitioner's contentions thereon are in the petitioner's depositions before this Court. I do not accept the petitioner's case with respect to most of the valid ballot papers as also most of the rejected ballot papers; but so far as some of them are concerned, it seems to me, the petitioner's complaints are justified. I shall give details of the ballot papers in respect whereof I uphold the petitioner's contentions; but before I do that it would be convenient to discuss generally some of the grounds on which the petitioner challenges the validity of some of the ballot papers of the first respondent.

The petitioner contends that about 25 ballot papers of the first respondent should be rejected on the ground that the voters have put their marks on or near the same of the candidate. Before I come to the relevant legal provisions in our country it would be interesting to examine the corresponding English provisions. In England the system of marking by a voter on a ballot paper is that the voter on receiving the ballot paper must forthwith proceed into one of the compartments in the polling station and there secretly mark his paper: he should, with a pencil provided in the compartment, place a cross on the right hand side of the ballot paper opposite the name of the candidate or candidates for whom he votes, thus X.: 3 Halsbury, Vol. 14, Article 227, at page 131; Parker's "Election Agent and Returning Officer", 6th Edition, page 513; and Rogers on Elections, Vol. 2, 20th Edition, pages 426 to 427.

In spite of these regulations English Courts have held that in every instance the Court is to see whether the voter intended to vote and is generally satisfied of this by the mere fact of his applying for and receiving a ballot paper; the Court then examines the ballot paper to see whether he had by any mark indicated for whom he intended to vote, and wherever such a mark existed within the candidate's compartment on the ballot paper, the vote should be upheld regardless of the shape of the mark, its position, and whether made by ink, pencil, or indentation. Ballot papers with the cross on the left side of the candidate's name, but within his compartment have been held good. Where, however, the cross is on the name of the candidate, English Courts have held that the ballot paper is bad, it being uncertain whether the intention was to strike out the name of, or vote for, that candidate. But where a cross was put over the description of the candidate, the vote was allowed. The English principle appears to be that a cross on the name of a candidate will invalidate the vote unless there is some other indication of an intention to vote for him. Where the cross was put on the right outside the space intended for it, but opposite the name of a candidate, it was held a good vote for him: see on Rogers on Elections, Vol. 2, 20th Edition, pages 104 to 106; Parker's "Election Agent and Returning Officer", 6th Edition, page 177; and 3 Halsbury, Vol. 14, Article 240, pages 139 and 140.

We have to see how far these principles are applicable to India. There is no doubt that here a ballot paper is not valid, if a mark is made otherwise than with the instrument supplied for the purpose: vide Rule 56(2)(b) of the Conduct of Election Rules, 1961.

With regard to the marking of a ballot paper we have to consider Rule 30(2): Rule (a) and (b) and Rule 56(2)(d).

Rule 30(2) provides that the names of the candidates shall be arranged on the ballot paper in the same order in which they appear in the list of contesting candidates.

Rule 39(a) and (b) says that the elector on receiving the ballot paper shall forthwith proceed to one of the voting compartments, and there make a mark on the ballot paper with the instrument supplied for the purpose on or near the symbol of the candidate for whom he intends to vote.

Rule 56(2)(d) provides that the Returning Officer shall reject a ballot paper if the mark indicating the vote thereon is placed in such manner as to make it doubtful to which candidate the vote has been given.

Taking all the three Rules together it seems to me that the provision as to the marking of the ballot paper on or near the symbol of the candidate for whom the voter intends to vote is directory and not absolute, and, if substantially obeyed, is sufficient. A ballot paper cannot be rejected unless the manner in which the mark has been placed makes it doubtful to which candidate the vote has been given. In other words, if the returning officer finds on examining a ballot paper that the intention to vote for a particular candidate is there, the ballot paper should be accepted as valid.

Now, in the ballot papers produced before this Court I find there are three separate horizontal compartments for the three contesting candidates. On the left side of each compartment appears the name of the candidate; and on the right side his symbol. The compartments have been printed in such a manner that a mark with the instrument supplied within a candidate's compartment on the ballot paper, should make the vote a valid vote. The English principle of cross on the name of the candidate invalidating a ballot paper does not apply to our country because here the voter is not required to put a cross with the pencil supplied, but he has to use an instrument which contains not a cross only but a cross within a circle. The fact that he has made the mark with the instrument supplied on or near the candidate's name, does not, in my view, mean that his intention was not to vote for the candidate concerned. The expression "on or near the symbol" in Rule 56(2)(d) should be construed to mean that the mark is nearer the symbol of one candidate than the symbol of any other candidate. In this connection reference may be made to page 76 of the "Handbook for Returning Officer" issued by the Election Commission of India. Paragraph 17(1) of this Handbook runs thus:

> "Reject a ballot paper only—
>
> (i) when there is no mark at all, on the front, or the mark is made by an instrument other than that provided for the purpose, or
>
> (ii) when the mark is in blank area, that is to say, at the back or entirely in the shaded area; or
>
> (iii) when there marks against two or more candidates; or
>
> (iv) when there is any writing or mark by which the voter can be identified; or
>
> (v) when the ballot paper is mutilated beyond recognition; or
>
> (vi) when the ballot paper is not genuine.

* * * * * *

These instructions to the returning officers are, in my view consistent with the true meaning of the expression "on or near the symbol" especially in view of Rule 56(2)(d) of the Conduct of Election Rules, 1961. A Returning Officer has no power to reject a ballot paper if the voter's mark with the instrument supplied is on or near the candidate's name.

In the premises, I over rule the petitioner's contention that about 25 ballot papers of the first respondent should be rejected on the ground stated above.

The petitioner has shown to me quite a large number of ballot papers on which the voters' marks are not with the instrument supplied. I have considered this point in my judgment in Election Petition Case No. 1/67 (Bireswar Ghose versus Satya Narain Mitra & Ors.). These are case of ballot paper on which marks have been put by electors not with the rubber tip fixed on the small wooden block that the electors were provided with; but with different portions of the block itself or by other methods. Now, Rule 39(1)(a) and (b) of the Conduct of Election Rules, 1961, provides that the elector on receiving the ballot paper shall forthwith (a) proceed to one of the voting compartments and (b) there make a mark on the ballot paper with the instrument supplied for the purpose on or near the symbol of the candidate for whom he intends to vote. Some of the instruments which were supplied to the voters of the Alipore Constituency have been caused to be produced before me. The instruments are the usual rubber stamps fixed on small wooden blocks. Upon examination of the instruments, it is evident that, the rubber stamp is to be used for indicating the electors' choice and a mark by any portion of the wooden block or by any other means cannot be treated as a valid mark in terms of Rule 39(1)(b) of the Conduct of Election Rules, 1961. As I have pointed out in Bireswar Ghose's case that the view that I have taken is further supported by a publication of the Government of West Bengal (Home Department) and another publication by the Election Commission of India. The State Government issued printed "Instructions for Presiding Officers". In paragraph 2(g) of the "Instructions" at page 1 it is stated as follows:—

> "Every elector will record his vote by stamping a mark on the ballot paper by means of a rubber stamp. This mark will be a cross in a circle. The mark is to be made on or near the symbol of the candidate for which the elector wishes to vote.

* * * * * *

The Election Commission of India has also published a "Hand-book for Returning Officers". At page 123 of the Hand-book "Instructions to electoral for marking ballot papers at simultaneous elections to the House of the People and the Legislative Assembly of the State" have been printed as annexure VII. One of the instructions is: "The rubber stamp makes this impression X."

It is manifest, therefore, that when a mark is put on a ballot paper with any part of the 'instrument' other than the rubber stamp itself or a mark is put by any other method the ballot paper has to be rejected. This contention of the petitioner, therefore, must be upheld.

Then, the petitioner challenges a few ballot papers which, according to him, do not bear any distinguishing marks. To examine this contention we have first to refer to sub-rule (1) of Rule 38 of the Conduct of Election Rules, 1961. This sub-rule says that every ballot paper shall before issue to an elector be stamped with such distinguishing mark as the Election Commission may direct. In the "Hand-book for Returning Officers" issued by the Election Commission paragraph 6(a) at page 58 runs thus:—

> "In pursuance of sub-rule (1) of Rule 38 of the Conduct of Election Rules, 1961, the Election Commission has directed that the serial number of the Assembly Constituency as given in the Delimitation Order within which the polling station is situated as also the serial number of polling station as given in the list of polling stations for that Constituency shall be rubber-stamped on the reverse of each ballot paper, as for instance, all ballot papers issued in polling station No. 53 situated in the Assembly Constituency No. 27 shall be stamped with a rubber stamp as shown in the margin, whether the election is in respect of the House of the People, or the Legislative Assembly."

In the margin the example given in this sub-paragraph is illustrated thus: 27/53.

Then, clause (c) of paragraph 6 of this Handbook says that if it is not found possible to rubber-stamp for any unavoidable reason, the figures may be written by hand and the circle need not be drawn.

We now come to Rule 56(2)(h) of the Conduct of Election Rules, 1961. It prescribes, inter alia, that the returning officer shall reject a ballot paper if it does not bear the mark which it should have borne under the provisions of sub-rule (1) of Rule 38; provided that where the Returning Officer is satisfied that this defect has been caused by any mistake or failure on the part of a presiding officer or polling officer, the ballot paper shall not be rejected merely on the ground of such defect.

The position, therefore, is that every ballot paper shall bear on its reverse face the distinguishing mark directed by the Election Commission: if there is no such distinguishing mark on a ballot paper, it shall be rejected by the returning officer: but when the returning officer is satisfied that the absence of the distinguishing mark is due to any mistake or failure of the presiding officer or the polling officer, he shall accept the ballot paper as valid.

In the instant case, the ballot papers which the petitioner has challenged on the ground that they do not bear any distinguishing mark, have been accepted as valid. We have, therefore, to examine the evidence on record to ascertain whether the returning officer was satisfied that the defects complained of were due to any mistake or failure on the part of either the presiding officers or the polling officers concerned. Let us first take the evidence of Milan Bandhu Mukherjee who was the returning officer of the Alipore Assembly Constituency (Q. 1): he says that he was in charge of counting for the parliamentary constituency and by his side at the same table Sisir Kumar Sen the assistant returning officer was given the authority to conduct the counting of votes for the assembly constituency: Sen sought Mukherjee's advice wherever necessary (Q. 10). In qs. 57 and 58 Ex. A/4 which is one of the ballot papers without any distinguishing mark was shown to Mukherjee: Mukherjee relied on page 78 of the Hand-book which contains, inter alia, the power of the returning officer to accept a ballot paper without the distinguishing mark in the circumstances stated above, and adds: "On that consideration it must have been accepted": he does not say how the returning officer was satisfied about the mistake or failure of the presiding officer or the polling officer: he merely quotes the relevant provisions. In Q. 175 he admits that what he said earlier in his deposition. About Exhibit A/4 was merely his opinion. In Q. 177 he frankly admits that he cannot say how satisfaction in this regard is to be derived by the returning officer. In Q. 178 when he is further pressed about 'satisfaction' his answer is: "at the time of counting there was nothing adverse to presume otherwise: because there is the condition that one should not reject the vote. If such ballot papers were put to me I would have accepted them because there was nothing adverse before me to reject such ballot papers."

His answers to Qs. 179 and 180 are as follows:

> "179. How would you know whether it was spurious or not?—There was nothing on record to show. No candidate objected to it.

> "180. The Rule says that provided that you are satisfied that the omission had been due to the mistake or failure on the part of the presiding officer or the polling officer you can accept—how the person who is counting has to be satisfied?—First I was satisfied with the mark. Second there was no mark on the opposite side with regard to the Constituency and booth number. On that I have a definite direction and also the candidates were there. They did not object as there was nothing spurious. I would have come to the proper decision that this should be accepted.

I am constrained to say that the evidence of Milan Bandhu Mukherjee, the returning officer, is of no use to me. He could not tell me anything about the process or procedure that the returning officer should adopt for deriving the satisfaction referred to in the first proviso to Rule 56(2)(h) of the Conduct of Election Rules, 1961".

Let us now come to the evidence of Sisir Kumar who was the assistant returning officer (Q. 2), and, according to Milan Bandhu Mukherjee, the person incharge of counting the votes for the assembly constituency. He admits in Q. 39 that Exhibit A/4 has no distinguishing mark on the back of the ballot paper. In Qs. 45, 46, 50, 51, 53, 54 and 55 he has referred to the Rule regarding the satisfaction of the returning officer. He asserts "We ourselves were satisfied". But he did not say how he or anyone else derived the satisfaction. Question 53 and his answer thereto are as follows:—

> "53. Ct.: Quite a few ballot papers have been produced before this Court which do not bear the distinguishing mark of the presiding officer. Learned counsel wants to know whether you personally, not anybody else, were satisfied with regard to the genuineness of each and every ballot paper containing the aforesaid defect and produced before this Court?—I cannot say that this particular ballot paper was examined by myself but I was present at the time of counting as assistant returning officer. It may be that this particular ballot paper was not checked by me. It might have been checked by the returning officer himself and that is why I cannot say that this particular ballot paper was known to me."

In the following two questions he has said that there are no records of the alleged 'satisfaction'. Mr. Roy, learned counsel for the respondent No. 1 submits that, obviously there were mistakes in putting the distinguishing numbers. He submits further that having regard to the serial numbers of these ballot papers which fall within the serial numbers of ballot papers received by the presiding officers there can be no doubt that ballot papers without distinguishing marks are genuine ballot papers.

I am unable to accept those contentions of Mr Roy inasmuch as both the returning officer and the assistant returning officer have deposed before me. They have failed to prove before this Court that they were satisfied that the absence of distinguishing marks on the ballot papers concerned were due to mistakes or failures of presiding or polling officers.

In these premises, I have to accept the petitioner's contention and reject the ballot papers which do not bear any distinguishing marks. It may be that the serial numbers of these ballot papers are within the serial numbers of ballot papers received by the presiding officers. But on this ground alone these ballot papers cannot be accepted as in that event the provision for putting distinguishing marks in addition to serial numbers would be wholly meaningless. The intention obviously is that the genuineness of a ballot paper must be ensured and that is why, it is provided that apart from the serial number the ballot paper that is given to a voter must have a distinguishing mark.

The petitioner has also shown to me several ballot papers on which both the distinguishing mark and the voters' mark have been put with the ink The petitioner submits that these ballot papers should be rejected. Learned counsel for the petitioner relies on Article 324 of the Constitution which provides that the superintendence, direction and control of elections are to be vested in an Election Commission. Learned counsel then draw my attention to page 2 of the "Instructions for presiding officers" published by the Government of West Bengal. Towards the end of paragraph 5 of these instructions in is stated; "The Returning Officer will supply you pads of two distinct colours—one for the purpose of putting the distinguishing mark on the back of the ballot paper and the other for marking of vote by the voter thereon. Enquire from the Returning Officer as to which of these is to be used for putting the distinguishing mark and use the other pad accordingly for marking of vates."

In view of these instructions the petitioner's counsel contends that ballot papers on which the distinguishing mark and the voters' mark have been put with ink of the same colour and have been accepted as valid ballot papers of the respondent No. 1 are, in fact, invalid and, as such, ought to be rejected by this Court.

I am unable to accept this contention. Sub-clauses (a) to (h) of Rule 56(2) of the Conduct of Election Rules, 1961, provide for the circumstances in which a returning officer is entitled to reject a ballot paper. These sub-clauses do not provide that the returning officer has the power of rejecting a ballot paper on the ground that the same ink has been used both for the distinguishing mark and the voters' mark. Rule 38(1) of the Conduct of Election Rules, merely says that every ballot paper shall before issue to an elector be stamped with such distinguishing mark as the Election Commission may direct. It does not say that the distinguishing mark must be put with an ink different from the ink that is to be used by the voter. My attention has not also been drawn to any direction of the Election Commission to this effect. To me, it seems, the instructions to the presiding officers which the petitioner's counsel wanted me to consider, were issued only for the sake of convenience. And violation of such instructions cannot invalidate a ballot paper. This contention of the petitioner is, therefore, overruled.

I shall next deal with a few ballot papers which the petitioner describes as "unusual ballot papers". In these ballot papers there are no printed serial numbers. The serial numbers have been initiated by the officer concerned. There is only one ballot paper bearing No. 171100 of Booth No. 91 on which the serial number has been written in hand and the person who has done so has not put his initials at all. Moreover, there is another ballot paper with the identical serial No. printed thereon. These are two ballot papers have been respectively marked as Exhibits A/718 and 719. Milan Bandhu Mukherjee, the returning officer, says that it was a case of oversight: (Qs. 44, 45). In cases of the other ballot papers the initials of the officers have been identified before me.

Mr. Roy, learned counsel for the respondent No. 1, has urged that section 24 of the Representation of the People Act, 1951, provides that it shall be the general duty of the returning officer at any election to do all such acts and things as may be necessary for effectually conducting the election in the manner provided by this act and rules or orders made thereunder. Mr Roy on the basis of this provision submits that, usually returning officers are supplied with a limited number of ballot papers. Now, if the returning officer finds that some ballot papers without any serial numbers have been delivered to him, he can in exercise of his powers under section 24 of the Act of 1951, write out the serial number himself and ballot papers with serial numbers so written out can be given to voters for use.

To test these contentions of Mr. Roy we have to take into consideration some of the provisions of the Conduct of Election Rules, and instructions to returning officers based on these rules. Now, Rule 30(1) prescribes that every ballot paper shall be in such form, and the particulars therein shall be in such language or languages as the Election Commission may direct. The relevant direction in this behalf of the Election Commission, is in paragraph 4(a)(ii) at page 56 of the "Hand-book" for Returning Officers.". It says: "The reverse face of the ballot paper will contain the number of the ballot paper on the top left corner unless it is printed on the front side of the ballot paper. There will be no micro-printing or any other printing on the reverse face."

Then, again, paragraph 23 at page 37 of this Hand-book runs thus: "On receipt of the ballot papers you should check all of them to ensure that—

* * * * * *

(ii) the serial numbering thereon has been done correctly at the proper place.

In case you find any mistakes, omissions or discrepancies in the ballot papers supplied to you, you should immediately report it to the Chief Electoral Officer for necessary action."

These directions to the returning officers read with rule 30(1) of the Conudct of Election Rules, 1961, lead me to the conclusion that the returning officer of his assistant has no power to put down the serial numbers of ballot papers in cases of mistakes or omissions. Their clear duty is to bring this matter to the notice of the Chief Electoral Officer. The ballot papers, therefore, bearing serial numbers written in hand and accepted as valid papers of the respondent No. 1, have to be rejected by me. In this connection I intend also to refer to sub-rules (2) and (3) of Rule 38 of the Conduct of Election Rules, 1961, which are as follows:—

"Rule 38(2). At the time of issuing a ballot paper to an elector, the polling officer shall record the serial number thereof against the entry relating to the elector in the marked copy of the electoral roll.

(3) Save as provided in sub-rule (2), no person in the polling station shall note down the serial numbers of the ballot papers issued to particular electors."

In my view, the serial number that the polling officer is required to record in the marked copy of the electoral roll is the serial number given to a ballot paper in accordance with the directions of the Election Commission and not otherwise. A ballot paper bearing a serial number written in hand, is not in my opinion, a valid ballot paper.

While we are discussing in general the points that have arisen in this petition regarding the validity or invalidity of ballot papers, it would be convenient to discuss an argument of Mr. Roy on 17 ballot papers of the petitioner which were found in the bundles of ballot papers which the parties had inspected under orders of this Court. In these 17 ballot papers the voters' marks are not with the instrument supplied. Mr. Roy contends that, although in this case the first respondent has not given any notice of recrimination under section 97 of the Act of 1951, this Court should hold that these 17 ballot papers were wrongly counted in favour of the petitioner and declare that the total number of votes which the petitioner is alleged to have polled would be reduced by 17 votes. To support this contention the first respondent's counsel relies on the judgment of a Full Bench of the Allahabad High Court in Nathuram v. R. P. Dikshit & Ors., AIR 1965 Allahabad, 454. This was a petition for a writ of certiorari by a returned candidate for quashing certain orders of an election tribunal. The tribunal accepted a supplementary written statement of the returned candidate on an erroneous belief that the period of 14 days prescribed by the proviso to section 97 commences on the date on which the evidence is led; its attention was not drawn to the relevant provisions relating to limitations for such notices. Subsequently the tribunal reviewed its order and held that its previous order was erroneous. The returned candidate by a writ or certiorari challenged the second order of the tribunal on the ground that it had no power of review. A Full Bench of the Allahabad High Court was of the view that section 97 did not apply to the supplementary written statement at all and to the right of a returned candidate, by way of rebuttal, to prove that the result of his election was not materially affected by the improper reception etc. of votes mentioned in the lists attached to the petition. The tribunal, according to the Allahabad High Court, had rightly allowed the returned candidate to file the supplementary written statement. The second order of the tribunal was, therefore, set aside. The Allahabad High Court did not decide whether the tribunal being a quasi-judicial body, could have reviewed its earlier order.

In paragraph 14 of this judgment at page 462 the Allahabad High Court quotes the Supreme Court's observations in Jahar Singh *v.* Ganda Lal AIR 1964 S.C. 1200 at page 1206 and proceeds to say that these observations do not deal with a returned candidate's right of rebuttal of the case made out prima facie by the election petitioner as distinct from his right to recriminate. The returned candidate may defend an election petition by rebutting the prima facie case made out by the petitioner and also by making a counterclaim against him; it is the latter that requires a notice of recrimination. A returned candidate is a counter petitioner only in respect of the counterclaim set up by him and not in respect of the case set up by him in rebuttal of the case set up against him in an election petition.

The Supreme Court in AIR 1964 S.C. 1200 at page 1206 has said: "If the returned candidate does not recriminate as required by section 97 then he cannot make any attack against the alternative claim made by the petitioner."

According to the Allahabad High Court this sentence means that if the returned candidate does not recriminate, he must fail if he is not able to rebut the case made out prima facie against him by the election petitioner and not that he is not permitted to rebut the *prima facie* case. A notice of recrimination is required, only when the returned candidate wants to attack and not when he wants to defend, that is to do something in addition to what he has already done to defend the petition.

The Allahabad High Court says that whether the case set up by a returned candidate is one of recrimination or of mere rebuttal of the case *prima facie* made out against him depends upon the nature of the grounds taken in the election petition and in the returned candidate's defence. If the election petition is based on the sole ground that the result of the election had been materially affected by reception or acceptance of void votes or by refusal or rejection of valid votes the enquiry to be conducted by the tribunal is whether the result had been materially affected or not by this fact. The election petitioner applies the ground to certain ballot papers and the returned candidate may apply it to other ballot papers.

Since the result of the election depends upon a scrutiny of all the ballot papers, the enquiry about the ballot papers referred to in the petition and the ballot papers referred to in the written statement is but one enquiry. The enquiry in respect of the ballot papers referred to in the written statement, does not become another or a distinct enquiry merely because there are ballot papers other than those referred to in the petition. A plea by a returned candidate that some of his votes were erroneously rejected nor that some void votes were counted in favour of the candidate for whom the seat is claimed is a plea falling outside the scope of section 97 when the petition itself was based on the ground that the result of the election had been materially affected by erroneous reception or rejection or refusal of ballot papers.

The Allahabad High Court has distinguished AIR 1964 S.C. 1200 by stating in paragraph 6 at page 457 that, "It is not correct that in an election petition based on the ground of section 100(1)(d)(iii) the tribunal has suo motu to consider all votes counted in favour of all candidates, and all votes rejected and refused and that before deciding whether the result of the successful candidate's election was materially affected or not it must see that no valid vote was rejected and no void vote or prohibited vote was received and accepted. The relevant rules show that every ballot paper that is not rejected is presumed to be valid. It was on account of this presumption, according to the Allahabad High Court, that the Supreme Court held in AIR 1964 S.C. 1200, that the tribunal is not required in a petition based on the ground of section 100(1)(d)(iii) to scrutinise all the ballot papers. It does not follow, says the Allahabad High Court, that a tribunal cannot scrutinize certain ballot papers at the instance of the returned candidate if he has not filed a notice of recrimination. The presumption is only in respect of ballot papers which are not rejected and only shifts the onus of proof: It is a rebuttable presumption and operates only if it is not rebutted. It can be rebutted by showing that certain ballot papers ought to have been rejected and were not erroneously rejected. As such as this is shown the presumption is rebutted and the ballot papers have to be rejected."

I have stated in the foregoing paragraphs all the relevant points raised before, considered, and decided by the Allahabad High Court in Nathuram's case inasmuch as the entire argument of Mr. Roy is based on this decision. Learned Counsel for the first respondent has invited me to follow this judgment and hold that 17 ballot papers of the petitioner which were not marked with the instrument supplied, were erroneously accepted by the returning officer.

I am afraid, it is difficult to accept the Allahabad High Court's views in Nathuram's case. At page 462 in paragraph 15 of its judgment the Full Bench of the Allahabad High Court has placed reliance on an earlier Bench decision of the said High Court in *Lakshmi Shankar Yadev* v. *Kunwar Seripal Singh*, 22 E.L.R. 47. In Lakshmi Shankar's case the Allahabad High Court held that it was open to the elected candidate who was the respondent in an election petition to take up the plea that some of his votes were improperly rejected and some of the votes of the petitioner were improperly accepted even though he had not filed a separate recrimination petition under section 97 of the Representation of the People Act or had not included such a plea in the recrimination petition filed by him. Such a plea, according to this judgment, does not fall within the ambit of section 97 of the Act.

A similar view was also taken by the Madhya Pradesh High Court in *Inayatullah Khan* versus *Diwan Chand Mahajan & Ors.*, 15 E.L.R. 219.

The Supreme Court in Jabar Singh's case has dealt with both the decisions in paragraph 14 at page 1207. Gajendragadkar, J., as he then was, has said: "It, however, appears that following its own earlier decision in Inayatullah Khan's case...... the High Court was disposed to take the view that the enquiry under section 101(a) was wider and that in making its finding under the said provision, it was open to the Tribunal to scrutinise the votes and determine whether in fact, the petitioner or some other person received a majority of valid votes. As I have already indicated this would be the position only if the returned candidate had recriminated; in the absence of recrimination; it would not be open to the Election Tribunal to allow the returned candidate to challege the validity of votes cast in favour of the petitioner or any other candidate in whose favour a declaration is claimed by the election petition or to contend that any of his votes were improperly rejected. We ought to add that the view taken by the Madhya Pradesh High Court in the case of Inayatullah Khan............in regard to the scope of enquiry under section 101(a) does not correctly represent the true legal position in that behalf. Similarly the view taken by the Allahabad High Court in Lakshmi Shankar Yadav versus Kunwar Sripal Singh ....cannot be said to interpret correctly the scope of the enquiry under section 100 or section 101."

In these premises, I have to hold that I have no power in the absence of the first respondent's notice of recrimination under section 97, to reject the said 17 ballot papers of the petitioner on the ground that they were not marked with the instrument supplied.

On the basis of the preliminary observations made in the foregoing paragraphs I give below the particulars of the first respondent's ballot papers which are to be rejected. These particulars are as follows:—

These 188 votes counted in favour of the first respondent would have to be deducted from the total number of votes declared to have been obtained by him.

Some of the witnesses including the first respondent stated before me that there was a tripartite agreement between the returning officer, the election petitioner and the respondent No. 1 that all ballot papers in respect whereof the intention of the voter was clear should be accepted as valid irrespective of any defects that they might contain. And 17 ballot papers of the petitioner I have referred to mere tendered in support of this tripartite agreement. At the time of his argument, however, Mr. Roy for the respondent No. 1 did not press this point at all which was firmly denied by the petitioner.

Therefore, on the basis of my observations aforesaid, the total number of votes obtained by the respondent No. 1 was 21,268-188-21080. I now proceed to give the particulars of the petitioner's ballot papers which, to my mind, the returning officer had erroneously rejected. The particulars are as follows :—

These 25 votes should be added to the total number of votes which according to the returning officer, the petitioner had obtained. In other words, the petitioner has actually received 21,029+25=21,054 votes.

I have given above the instances of improper acceptance of the first respondent's votes and improper rejections of the petitioner's votes. The result is that there is still a difference of 26 votes (21,080-21, 054) in favour of the first respondent. If the matter had rested here, there was no question of setting aside this election; but my attention has been drawn to some other facts which I now propose to discuss.

The petitioner has drawn my attention to 72 ballot papers in five several booths which he describes as "ballot papers beyond the account of ballot papers issued to voters as per the presiding officer's statement in Form No. 16". In an abbreviated form the petitioner calls them B.P.B.A. that is ballot papers beyond account. In question 576 the petitioner was asked as to what happened before the ballot boxes were opened for counting. The petitioner's answer was: "18 ballot boxes were brought at a time; they were opened mostly by the class IV staff; our agents were not allowed to see the tables, seals, etc., which should have been inside the ballot boxes and these ballot papers were not also verified with the return of the presiding officer." There are similar allegations in paragraph 7(b)(vii) of the petition.

In order to appreciate this point of the petitioner it would be necessary to refer to various legal provisions as well as instructions or directions to returning officer, presiding officers and polling officers.

Section 169(1) of the Representation of the People Act, 1951, provides that the Central Government may, after consulting the Election Commission, by notification in the Official Gazette, make rules for carrying out the purposes of this Act. These Rules have been duly framed and are known as the Conduct of Election Rules, 1961. Then, Article 324(1) of the Constitution, inter alia, says that the Conduct of all elections to the legislature of every State shall be vested in the Election Commission.

It follows, therefore, that the Conduct of Election Rules, 1961, and the directions or instructions that are issued by the Election Commission to give effect either to the relevant provisions of the Act of 1951 or the rules made in 1961 must be strictly adhered to for carrying out an election in accordance with law.

Now, rule 30(1) of the Conduct of Election Rules, 1961, as we have seen above, provides that every ballot paper shall be in such form, and the particulars therein shall be in such language or languages, as the Election Commission may direct.

The directions of the Election Commission in regard to the 'Form' of the ballot paper can be found, as we have already seen, in the "Hand-Book for Returning Officers" which the Election Commission of India published in 1966 for the General Elections of 1967. At page 56 of this Hand-Book in paragraph 4(a)(ii) it is stated that the reverse face of the ballot paper will contain the number of the ballot paper on the top left corner unless it is printed on the front side of the ballot paper. There will be no micro-printing or any other printing on the reverse face.

Then, at page 37 of this Hand-Book in paragraph 23 it is stated that on receipt of the ballot papers the returning officer should check all of them to ensure that, inter alia, the serial numbering thereon has been done correctly at the proper place. It is stated further that in case the returning officer finds any mistakes, omissions or discrepancies in the ballot papers supplied to him, he should immediately report it to the Chief Electoral Officer for necessary action.

We then come to Rule 38. Sub-rule (2) of this Rules says that at the time of issuing a ballot paper to an elector, the polling officer shall record the serial number thereof against the entry relating to the elector in the marked copy of the electoral roll. Sub-rule (3) of rule 38 says that no person in the polling station shall note down the serial number of the ballot papers issued to particular electors obviously for preserving the secrecy of voting. Then, under rule 42(3)(a) a tendered ballot paper shall be the same as the other ballot papers used at the polling except that it shall be serially the last in the bundle of ballot papers issued for use at the polling station.

I find that the Government of West Bengal had issued certain instructions to presiding officers, who (or officers under them) are required to observe the provisions aforesaid. These "Instructions for Presiding Officers" were printed in 1966. At page 3 of the instructions in paragraph 12 certain duties of polling officers have been stated. For instance, it is said, that as each voter comes in, the first polling officer will locate the voter's name in his copy of the electoral roll, check the name and other particulars with the relevant entry in the roll and call out the page number, the serial number and the name of the voter: he will then underline the entry in full with a pen or a copying pencil and write in the margin against the name the serial number of the Assembly ballot paper to be issued to the voter and pass on the ballot paper to the second polling officer.

At page 10 in paragraph 33 of these instructions it is stated: "Take care to see that two or more ballot papers do not stick to each other and as a result more ballot papers than one are issued to a voter. The best way to check this is for the polling officer in charge of ballot papers to take out the ballot paper meant for a voter while the voter's identity is still being checked While doing so, that polling officer will compare its serial number with that of the ballot paper which now appears on the top of the bundle. These two ballot papers must be consecutive."

At page 15 and 16 of the "Instructions for Presiding Officers" in paragraph 53 there are provisions for "preparation of the diary" of the presiding officer. The presiding officer is asked to draw up the proceedings connected with the taking of the poll in the polling station, in the diary to be maintained for the purpose. There is no printed form prescribed for the diary, but it is stated that certain important "events" should be mentioned in this diary. Some of these "events" have been specified in the twenty-two sub-paragraphs of paragraph 53. In sub-paragraph (10) of paragraph 53 at page 16 it is stated that the presiding officer's diary should contain (a) the number of assembly ballot papers issued according to the marked copy of the electoral roll; (b) number of ballot papers actually issued at the polling station; (c) number of parliamentary ballot papers issued according to the marked copy of the electoral roll and (d) number of ballot papers actually issued at the polling station. In sub-paragraph (17) of paragraph 53 the presiding officer is asked to preserve a record of the number of votes cast (a) from 8 a.m. to 10 a.m.; (2) from 10 a.m. to 12 noon; (3) from 12 noon to 2 p.m.; (4) from 2 p.m. to 4 p.m.; (5) and so on. In sub-paragraph 22 of paragraph 53 at page 17 the presiding officer is instructed to mention in this diary reports of mistakes and irregularities committed, if any, at the polling station. Then, we come to paragraph 51 at page 13. It is said here that at the end of a day's poll the first two polling officers should check that the total of electors to whom ballot papers including tendered ballot papers have been issued by them according to the marked copy of the electoral roll tallies with the number of ballot papers actually issued and they should record it in the presiding officers' diary with their signatures. The second polling officer should also be required to find out the number of women voters and put it in the records. I am referring to these instructions merely to show that mistakes, if any, in observance of the relevant provisions of rules 30, 38 and 42 of the Conduct of Election Rules, and the directions of the Election Commission in pursuance of these Rules can be easily detected and the presiding officers' diary ought to show if due to some reason or other ballot papers were not issued to voters serially.

Next we come to rule 45 of the Conduct of Election Rules, 1961. Sub-rule (1) of this rule prescribes that the presiding officer shall at the close of the poll prepare a "Ballot paper Account" in Form No. 16 and enclose it in a separate cover with the words "Ballot Paper Account" superscribed thereon. In Form No. 16 the presiding officer has to state the Serial numbers of (1) ballot papers received; (2) ballot papers not used; (3) ballot papers issued to voters; (4) ballot papers cancelled, if any; and (5) ballot papers used as tendered ballot papers, if any. We have already seen that rule 42(3)(a) provides that tendered ballot papers should be issued serially from the last in the bundle of ballot papers issued for use. The duty of the presiding officers to fill in Form No. 16 in compliance with the provisions of rule 45 have been specially mentioned in paragraph 52 at page 14 of the "Instructions for Presiding Officers" issued by the Government of West Bengal, and sub-rule (2) of rule 45 says that the presiding officer shall permit a polling agent who so desires to take a true copy of the entries made in the "Ballot Paper Account" and shall attest it as a true copy.

I may also refer to another instruction to presiding officers in paragraph 29 at page 8 of the "Instructions for Presiding Officers" published by the Government of West Bengal. This instruction has been taken out of a similar publication by the Election Commission of India, which was shown to me at the time of hearing. Paragraph 29 at page 8 runs thus:—

"Before commencing the poll you should allow the polling agents to note the first and last of serial numbers of the ballot papers which will be used at the polling station. The polling agents should not, however, be permitted to take notes of the serial number of any ballot paper issued to any voter. Nor should they take any other notes which may enable one to work out these serial numbers as this would destroy the secrecy of the vote. You have the authority to prevent any one from taking any such notes as this amounts to a misconduct as being an attempt to violate the secrecy of the vote. You are competent to seize and forfeit any document on which a polling agent may have taken any such note. If any polling agent persists in taking such notes in spite of warnings, you should not allow him to remain in the polling station as a penalty for his misconduct. Also show to the polling agent and others present at the polling station the copy or copies of electoral roll intended to be used as the marked copy or copies that the same do not contain any entries other than those made in pursuance of clause (b) of sub-rule (2) of rule 20 and sub-rule (2) of rule 23".

To complete the picture I ought to mention that clause (b) of sub-rule (2) of rule 20 refers to a polling officer, presiding officer or other public servant who is on election duty and wants to exercise his votes; an "Election Duty Certificate" is issued to such a person: and in the marked copy of the electoral rolls the letters 'EDC' are to be written. Rule 23 relates to issue of postal ballot papers. In these cases also the serial numbers of postal ballot papers have to be recorded against the voter's name in the marked copy of the electoral roll.

I have discussed in the foregoing paragraphs the relevant provisions of Rules 30, 38, 42 and 45 of the Conduct of Election Rules and the relevant directions or instructions to returning officers and presiding officers just to show the importance that is attached to the 'number' of a ballot paper. The authorities responsible for conducting elections have warned the returning officers that on receipt of ballot papers they should satisfy themselves that the serial numbering thereon has been correctly done at the proper place and they have been further instructed to report to the Chief Electoral Officer in cases of irregularities. Elaborate instructions have also been given to presiding officers and polling officers as to how they should comply with the requirements of sub-rule (2) of Rule 38 of the Conduct of Election Rules. The manner in which presiding officers and polling officers are expected to proceed, should eliminate the possibilities of a break in serial numbers while issuing ballot papers to voters. If in spite of all precautions the serial numbers are broken, there ought to be records of such incidents in the presiding officers' diary. The presiding officers are also asked to maintain properly the "Ballot Paper Account" according to Form No. 16 in compliance with Rule 45 of the Conduct of Election Rules. It appears that the observances of these Rules and the aforesaid directions or instructions, is essential to ensure the purity of elections generally and the sanctity of ballot papers in particular.

Mr. Roy, learned counsel for the respondent No. 1, has contended before me that there is no Rule making it obligatory on the part of the presiding officers to issue ballot papers to the voters at a polling station serially. Mr. Roy says that if a presiding officer chose to issue ballot papers without paying any attention to the serial numbers thereon, he would not contravene any of the provisions of the Act or the Rules made thereunder.

I am unable to accept this argument of the first respondent's counsel. To my mind, the necessary implication of the direction of the Election Commission pursuant to Rule 30(1) of the Conduct of Election Rules, 1961, that each ballot paper must contain a number; its further direction to the returning officers to ensure on receipt of the ballot papers that "the serial numbering thereon has been done correctly at the proper place"; and the references to "serial numbers" of ballot papers in the various Rules I have referred to as well as in Form No. 16 is that, ballot papers are to be used or issued at the polling stations *serially* except that a tendered ballot paper under Rule 42(3)(a) shall be serially the last in the bundle of ballot papers issued for use at the said station. If Mr. Roy's contentions were correct, the presiding officer would be at liberty to issue ballot papers from the last serial number; and, when he does that, it would be impossible for him to comply with the requirements of Rule 42(3)(a). It is evident, having regard to the size and thickness of ballot papers, that unless they are issued serially there is always the possibility of a voter getting, more than one ballot paper. The presiding officers who have been summoned as witnesses in this petition have also admitted that the correct procedure is to issue ballot papers according to serial numbers.

Bearing these principles in mind I have now to discuss certain matters brought to my notice in this petition.

In several booths in this Constituency, I find that the presiding officers have not prepared the "Ballot Paper Accounts" in accordance with Form No. 16. I shall discuss what has happened in the instant case booth by booth. In booth No. 56 the presiding officer has not filled in Form No. 16

at all, but it is possible to trace the serial number of the first ballot paper which the presiding officer received from a register (Exhibit 11) containing against the relevant entry the signature of the presiding officer. The total number of ballot papers found in the ballot box at the time of counting, has been recorded in Part II of Form No. 16. Now if we add the total number of ballot papers found in the ballot box to the first serial number mentioned above all the ballot papers which the parties had inspected for this booth, would come within the range of ballot papers which should have been issued. The same remarks apply to booth No. 65. That is why, the petitioner's counsel at the time of argument did not urge that any of the ballot papers in these two booths was outside the "Ballot Paper Accounts". His arguments were confined to booths Nos. 12, 57, 69, 63 and 92, and he has challenged altogether 72 ballot papers which he describes as "B.P.B.A."

I would first take up booth No. 57. In this booth the presiding officer in Form No. 16 has mentioned the serial numbers of ballot paper (i) received, (ii) not used, (iii) issued to voters, (iv) used as tendered ballot papers. According to this presiding officer the serial numbers of ballot papers not used are Nos. 145068 to 145228; but in the ballot box ballot papers bearing the following serial numbers with voters' marks on or near the symbol of the returned candidate were found:—

145099, 145094, 145088, 145096, 145089, 145087, 145082 and 145098.

These eight ballot papers, the petitioner submits should be rejected on the ground that they are "beyond account."

I have no doubt that one of them, namely ballot paper No. 145089 has to be rejected straightway on the ground that the voter's mark is at the back of the ballot paper and it can be described as a ballot paper with the mark in the blank area. This rejection reduces the first respondent's majority to 25 votes only. Regarding the other ballot papers we have to examine the depositions of Arup Kumar Sengupta who was the presiding officer of booth No. 57. This witness has said that when he went to receive the ballot papers he was given several bunches of ballot papers tied in rubber garters each containing 100 ballot papers: he then came to another room and took about two hours to check them up and found that they were arranged serially. (Qs. 54 to 56). Question 57 and his answer thereto is as follows:

> "When you issued the ballot papers to voters, did you issue serially or did you issue at random?—We had all along tried to issue ballot papers serially. Each ballot paper had to be stamped on the back. In that process it might be that the serial numbers in one or two cases have been broken. We tried to maintain the serial number all right but might not have succeeded in cases of haste."

In question 65 he was asked about the materials on which he relied to fill in Form No. 16. His answer is: "Before we started the election I had checked up the first serial number of the ballot papers received by me as also the last. I had also counted the ballot papers that were received by me and found that they were 650 and thereafter we started the poll. Then when the election was continuing I was handing over to my polling officers bunches of ballot papers containing 100 each. When one bunch was exhausted the other bunch was given to them by me and in this way when the voting came to an end I asked my polling officer as to how many ballot papers were remaining unused. Then I counted also the marked copy of the electoral roll and found out as to how many votes had actually been polled in that booth. I added the total number of column 2 and the total number in column 3, viz., in the column "ballot papers not used" and in the column "ballot papers issued to voters". When added up, these tallied with the total number of ballot papers received by me. When the total in column 2 added up with the total in column 3 tallied with the total in column 1 (ballot papers received) I asked my polling officers to see the first serial number of the ballot papers used and unused and the last serial numbers thereof and hurriedly took down those two serial numbers. I could not check up the serial numbers then and if there was a mistake, the same might have crept in." He gave similar answers in Qs. 40 to 42 also. In Q. 33 he was specifically asked about the serial numbers in column 2 (ballot papers not used). His answer is "I have just checked up the serial number given in column 2 and found that these serial numbers were correct." The next question and his answer thereto are interesting. These are as follows:

> "34. How do you explain that these ballot papers were in fact used? We have issued ballot papers from the total number of ballot papers received by us. It may be that the serial numbers stated here may be wrong. It may be that we failed to maintain properly the serial numbers."

In Q. 58 he says: "I made over the ballot papers to polling officers Nos. 1 and 2 who were in charge of Parliamentary and Assembly Constituencies respectively. It might be that they committed mistakes with regard to serial numbers. It might be that the mistakes committed by them could be in respect of 15 or 20 ballot papers." Then in Q. 60 after his attention had already been drawn to the ballot papers beyond account he says: "I find now that the putting down of serial numbers in column 2 may be a mistake." In Q. 61 he admits that if the ballot papers beyond account were not shown to him he would have thought that his recordings in Form No. 16 were correct.

The effect of Arup Kumar Sengupta's evidence is that he has failed to explain adequately the discrepancies between "Ballot Paper Accounts" prepared by him at the end of polling and the ballot papers actually found in the ballot box. He has only suggested to me certain possibilities. He did not rely on any records to show that in his booth ballot papers were not serially issued.

Let me now come to booth No. 12. Here, the Presiding officer in Form No. 16 has recorded the serial numbers of ballot papers (a) received, (b) not used, (c) issued to voters and (d) used as tendered ballot paper. The presiding officer has also made an endorsement on the right hand side that "serial Nos. of ballot papers issued were not correct." The petitioner has shown to me 16 ballot papers of this booth which, if Form No. 16 were correctly filled in by the presiding officer, were not issued to voters at all; but were found in the ballot box. These facts, naturally raise doubts as to how these ballot papers came into the ballot box. Ordinarily if the relevant rules and instructions were adhered to what has happened would have been an impossibility.

Narendra Kishore Dhar the presiding officer of Booth No. 12 was examined before me. He says that he was given ballot papers from serial Nos. 108521 to 109400 (Q. 4). He was given the ballot papers in bundles of 100 each and he put his signature in the register (Ex. 11). In each bundle there were about 100 ballot papers: he did not remember how the ballot papers were tied; he was given about 8 bundles and "some loose bundles", the ballot papers were issued to voters by the polling officers: he first issued two of the bundles, one for the assembly and one for the parliament starting from the first serial number (Qs. 5 to 14).

I now intend to quote Narendra Kishore's depositions in Qs. 15 to 22. These are as follows:

> "15. Suppose you had ballot papers numbered 1 to 800, you would first of all give 1 to 100; then you will 101 to 200; and then you would give 201 to 300—is not that so?/Yes.
>
> "16. You would not give 1 to 100 and then 300 to 400? Generally we use first from the first serial number.
>
> "17. You would give to the polling officer who was distributing the ballot papers two bundles at a time—one bundle for the parliamentary constituency and one bundle for the assembly constituency?/Yes.
>
> "18. When this one bundle gets exhausted he will ask for another bundle from you?/Yes.
>
> "19. And you will give him the next bundle to be disposed of amongst the voters?/Yes.
>
> "20. While giving these bundles were you strictly following the serial numbers?/Yes.
>
> "21. Would you give him 1 to 100 and then 201 to 300?/No.
> "22. You would give him 1 to 100, then 101 to 200, then 201 to 300, and then 301 to 400—is that correct?/Yes."

According to Form No. 16 the serial numbers of ballot papers received in booth No. 12 were 108521 to 109400. The total number being 880. The presiding officer has recorded that the serial numbers of ballot papers not used were 108959 to 109399. The total of such ballot papers, if the serial numbers have been correctly taken down, would be 441; but the presiding officer puts it as 341. According to him the serial numbers of ballot papers issued to voters were 108521 to 108958. The total is 438; but the figure mentioned in Form No. 16 is 538. It is also mentioned that one ballot paper was used as a tendered ballot paper and the serial number thereof, quite correctly [Rule 42(3)(a)] was 109400.

The point is that this presiding officer has said that he was issuing the ballot papers serially. Now, supposing he had made mistakes in writing out the serial numbers of ballot papers (a) issued to voters and (b) not used, it is common case that altogether 538 ballot papers were found in the ballot box of booth No. 12. On this basis if we proceed to correct the serial numbers of ballot papers (a) issued to voters and (b) not used, the following figures would be arrived at:

(1) Serial Nos. of ballot papers issued to voters 108521 to 109058=538.

(2) Serial Numbers of ballot papers not used 109059 to 100058=341.

But the 16 ballot papers in this booth which the petitioner has called "B.P.B.A." bear serial numbers beyond 109058. Their numbers are—

(1) 109079, (2) 109098, (3) 109075, (4) 109088, (5) 109081, (6) 109074, (7) 109067, (8) 109078, (9) 109090, (10) 109076, (11) 109092, (12) 109065, (13) 109073, (14) 109070, (15) 109082, (16) 109089.

The question is how did these 16 ballot papers come into the ballot box? Narendra Kishore in qs. 55 to 63 speaks of the mistakes he had made in writing out the serial numbers as well as the total numbers. In qs. 65 and 66 he says that since the 16 ballot papers aforesaid were within the serial numbers 108521 to 109400 they were actually issued to voters. In qs. 69 and 70 he reverts to his previous answer that ballot papers should have been issued serially. In q. 63 he has said: "I suppose there must be some mistake in the serial number in respect of ballot papers not used." In Q. 74 he has said: "I started using or issuing ballot papers from serial No. 108521 as stated in column 3 up to No. 109058 and this would account for the total number of ballot papers issued to be 538. I think that the serial number stated in column 2 has been broken for some reason or other and that would be a bunch of ballot papers numbering 100 and these ballot papers were issued to voters and used by them. Had that not been so, the total number of ballot papers issued to voters could not have been 538." In answer to q. 76 Narendra Kishore's evidence is: "I say that the serial number taken in column 2 against 'ballot papers not used' is not quite right. The serial numbers are wrong. It might have been broken. I further say that if any ballot papers could be produced and shown to me beyond the serial No. 109400 then I should say that such ballot papers were not issued to nor used by the voters." In q. 80 Narendra Kishore wanted to explain his endorsement on Form No. 16 that "Serial numbers of the ballot papers issued were not correct." He refers to this endorsement and says: "This is my endorsement. When the serial number stated in column 2 was broken I was unable to make it tally and so I made this endorsement. But actually the ballot papers issued by me were 538 and I had 341 ballot papers in hand and the ballot papers received by me according to the marked copy of the electoral roll were 880. These figures tally."

Narendra Kishore was again asked about this endorsement in qs. 93 to 97. These questions and their answers are as follows:—

"93. So far as item No. 2 (ballot papers not used) in this Form No. 16 of Booth No 12 is concerned it is correct, according to you? There is a mistake in serial number.

"94. If your statement is correct, you said you made endorsement, is there any endorsement?/Yes.

"95. You are positive about it?/I have already said that when the serial number in column 2 was not tallying I had to make that endorsement. The total numbers were tallying.

"96. Look at the endorsement of yours—read it out............? Serial numbers of the ballot papers issued were not correct.

"97. You stick to that statement?/No, I do not stick to this endorsement."

The sum and substance of Narendra Kishore's evidence, to my mind, is that he was not definite that serial numbers were broken while issuing ballot papers to voters. And the only reason why he said that the 16 impunged ballot papers were actually issued to voters was that they were within the serial numbers of ballot papers received by him. He did not rely on his diary or any other document to show that the serial numbers were, in fact, broken.

I now come to booth No. 60. In this booth there are two ballot papers which, according to the petitioner, were beyond account. In this case the presiding officer has stated in Form No. 16 the serial numbers of ballot papers received by him. These serial numbers are 146721 to 147460—the total number being 740. He does not give the serial numbers either of ballot papers not used or of ballot papers issued to voters. He merely says that 164 ballot papers were not used and 576 ballot papers were issued to voters. The total number of ballot papers found in the ballot box was 577. Hemanta Kumar Roy was the presiding officer of this booth and has been examined before me. I give below his depositions in Qs. 87 to 97:

"87. After you brought those ballot papers to the polling station how did you keep them?/I put them on the table before me.

"88. That was serially arranged at that time?/So far as my recollection goes they were.

"89. That means that the ballot paper in the bundle which contains the number 146721 was at the top?/Yes.

"90. And you started giving to your officers ballot papers in bundles from the top?/I think so.

"91. Because that is the usual procedure?/Yes.

"92. And there was no unusual procedure followed under your supervision, because you were the presiding officer?/Yes.

"93. You followed your duties strictly and carried out your duties?/I did so otherwise chaos would have started.

"94. You are saying that because these ballot papers shown to you in your examination-in-chief were found in the ballot box your assumption is that they are genuine as the numbers fall, according to you, within the numbers of ballot papers received?/I call these ballot papers genuine on two counts; first, the serial numbers fall within the serial numbers of ballot papers received by me and secondly, these two ballot papers bear the distinguishing marks.

"96. Therefore, if a ballot paper is given to you and the serial number falls within the serial numbers of ballot papers received by you, you will assume that to be genuine if found in the ballot box?/Yes, I will come to the conclusion only if these ballot papers were found inside the ballot box.

"96. You have no personal knowldge whether these two ballot papers were actually found inside the ballot box?/No, I have no personal knowledge.

"97. I put it to you that these two ballot papers were not authorised for issue to the voters and not in fact issued to the voters?/That cannot be because a voter would not be able to obtain any ballot paper unless given by my polling officers and if my polling officer unnecessarily gives away a ballot paper then such an action is liable to be challenged by the agents of both the parties."

The point is that if in this polling booth ballot papers were issued to voters serially, two ballot papers beyond account could not have been found in the ballot box. The presiding officer's evidence is that the ballot papers were issued in his booth serially. He says that if a polling officer gave an extra ballot paper to any voter, his action would have been challenged by the agents of both the parties. I agree that the agents might have protested, if they saw the polling officer delivering more than one ballot paper to a particular voter; but if it escaped their notice, there would be no occasion to point it out. From the presiding Officer's evidence my doubts about these two ballot papers have not been resolved.

I now come to booth No. 92. In this booth it appears from Form No. 16 that 870 ballot papers bearing serial Nos. 171811 to 172680 were received by the presiding officer. The serial numbers of ballot papers (a) not used, (b) issued to voters and (c) cancelled, have not been stated. According to this "Ballot Paper Account" 593 ballot papers were altogether issued. Of these 593 ballot papers one was cancelled. In the Ballot Box 592 ballot papers were found. The election petitioner tells me that by adding 593 to the serial number of the first ballot paper which the presiding officer had received, the petitioner has discovered 20 ballot papers beyond account. The presiding Officer of this booth was Sukumar Ghosh whose evidence I would now discuss.

Sukumar has said that ballot papers were supplied to him in bundles of about 100 ballot papers each (q. 11). He does not exactly remember whether these ballot papers were arranged serially; he says, "probably they were" (q. 12). In q. 13 he says, "we tried to issue ballot papers serially but now and then the serial number might have been broken. In q. 14 he tells the Court, "I have no recollection as to that but I believe that such breaking of the serial numbers might have taken place in an hour of unusual rush." In q. 15 his evidence is, "my polling officers were issuing ballot papers to the voters. I could not definitely say how the serial numbers were broken. But my conjecture is that in one or two cases it might so happen that the bundles had slipped out of the hand of the polling officer issuing the ballot papers and he in his attempt at gathering the bundles and issuing the ballot papers to voters again might have broken the serial numbers."

All the questions mentioned above were put to Sukumar in examination-in-chief. His answers, it is needless to observe, do not lead me to any positive conclusions. In his cross-examination in answer to q. 91 he has said: "I gave to my polling officers ballot papers according to serial numbers from the very beginning." I would now quote qs. 92 to 94 and Sukumar's answers thereto. These are as follows:

"92. That is you started from 171811—that is the first number?/Yes, if that would be the serial number then I started voting with that serial number and ballot papers onwards serially.

"93. You can look at the Form—that is the number there?/Yes.

"94. Whenever ballot papers were required by the polling officers you handed over to them the ballot papers?/That is so."

Sukumar Ghosh's evidence also is as unsatisfactory as the evidence of the other presiding officers I have already referred to. Nobody could say to me how, when and in what manner the serial numbers were broken and whether any records were kept of such occurrences contemporaneously.

I have discussed above the cases of 46 ballot papers in booths Nos. 12, 57, 60 and 92 which would not have been found in the ballot boxes if the presiding officers and polling officers had followed the admittedly usual procedure. I have also said that one of such ballot papers being ballot papers No. 145089 in booth No. 57 has to be rejected in any event as the mark is in a blank area. In other words, from the evidence on record discussed so far we find that on the one hand the first respondent has a majority of 25 votes but on the other hand, there are at least 45 ballot papers which, if issued to voters, at all, were issued by transgressing the necessary implications of the Election Commission's directions regarding the serial numbers of ballot papers.

I would now go to booth No. 63. I am treating this booth separtely because the returning officer of this booth was not examined before me but on commission. In this booth, it appears from Form No. 16, that the presiding officer received 820 ballot papers bearing serial Nos. 149111 to

149930. There are no serial numbers in Form No. 16 of ballot papers (i) not used, (ii) issued to voters, (iii) cancelled and (iv) used a tendered ballot papers. In part II it is stated that in the ballot box 598 ballot papers were found. After adding 598 to the first serial number, the petitioner tells me, 26 ballot papers beyond account would be found. The presiding officer in this case, was Nihar Ranjan Shome who, as I had said, was examined on commission. This witness says that he counted the ballot papers which he received from the returning officer or the assistant returning officer: not only he, but his polling officers also counted them: he was satisfied that the serial numbers were correct. Before starting the poll he entered these serial numbers in Form No. 16; he then kept the ballot papers on his table. They were in bundles of 100 each tied in rubber garters: he put the distinguishing marks himself on about 200 ballot papers: he also put the distinguishing marks " [illegible] " in other ballot papers being assisted by" his "other polling officers": he started issuing ballot papers from the first serial number, that is serial No. 149111 (qs. 37 to 45). In q. 46 this witness was asked as to whether the usual practice was followed: his answer is: "Yes. But subsequently there was some trouble. Ballot papers were issued by myself and another polling officer and in that process the serial number was broken", but in the very next question (q. 47) he says, "I was not actually issuing the ballot papers, I was putting the distinguishing marks on the ballot papers and in this I was assisted by the fourth polling officer to a certain extent; but I was making the ballot papers over to the first polling officer." In q. 48 he has said, "at the beginning ballot papers were being issued according to serial numbers; but later on we found that they had not been so issued throughout. We found that in certain case the numbers which were before had been issued later and the numbers which were after had been issued before."

It is interesting to compare these answers of Nihar Ranjan with those he had given to qs. 27 to 45. In q. 54 he was asked: "Did you think that it was your official duty to fill up the form (Form No. 16) about ballot papers not used if the serial numbers had been broken or even if it had not been so? His answer is: "Even if I knew that, there was hardly any time left to do so." I do not think a responsible presiding officer can make such a statement particularly if he knew at the time of polling that serial numbers of ballot papers had, in fact, been broken. He has himself stated that the polling was over at 4-30 p.m. (Q. 50) and 5 persons who were there to assist him stayed up to 7 p.m. (qs. 34 and 35). Be that as it may, Nihar Ranjan is the only presiding officer (who was examined on commission after all other presiding officers had deposed in Court) who has made a positive case that in this booth ballot papers were not issued to voters serially throughout the day. All other presiding officers have merely spoken of their conjectures. We have, therefore, to test Nihar Ranjan's evidence on this point rather carefully. In qs. 51 and 52 he has said that the serial numbers were broken at about 12-30 or 1 p.m. I find while answering q 72, however, he has forgotten what he stated in answer to qs. 51 and 52. Question No. 72 is: "How much time would you have taken to put in the serial number of 598 ballot papers?" The answer is: "If the ballot papers were issued serially, if would not have taken a long time but as I have already stated the ballot papers were not issued serially towards the close and for that a long time was necessary." If the polling went on till 4-30 p.m. It cannot be said that either 12-30 p.m. or 1 p.m. was "towards the close" of the poll.

Then, as I have already observed, his case in q. 47 is that he was not actually issuing the ballot papers. He was putting the distinguishing marks on the ballot papers assisted by the fourth polling officer to a certain extent and he was making the ballot papers over to the first polling officer. In q. 49 he says that he could not tell whether the breaking of serial numbers was caused by him or by the fourth polling officer who had assisted him. I cannot appreciate this part of his evidence. I do not see how the fourth polling officer could be responsible for breaking the serial numbers. The duty of the fourth polling officer has been described in paragraph 12(iv) at page 4 of the "Instructions for Presiding Officers" issued by the Government of West Bengal. It says: "The fourth polling officer will take both the ballot papers from the voter, handover the Assembly ballot papers and an inked rubber stamp to him explaining how to record his vote, and pass on the parliamenttary ballot paper to the fifth polling officer who will be sitting opposite to him at the same table.........." If these are the duties of the fourth polling officer, I do not see how he could be a party to the breaking of serial numbers at the time ballot papers were originally issued for use.

This witness in q. 65 has said: that he had not enought time at his disposal to check the marked copy of the electoral roll and the numbers of ballot papers issued and unused in order to fill in the serial numbers in columns 2, 3 and 4 of Form No. 16. In q. 109, also he more or less repeats this answer; but these answers are somewhat contrary to what he has stated in answering qs. 79 to 84 and q. 108. I give below these questions and answers:

"79. From the marked copy of the electoral roll you could have easily found out the numbers of the ballot papers not used?/ In the marked copy of the electoral roll we made entries in respect of the last three digits of the ballot papers issued to voters by the side of the name of such voter.

"80. You always consulted the marked copy of the electoral roll when you made the first count and also when you made the checking?/What you mean by checking?

"81 Was there any checking after you made the first count?/There might be checking.

"82. You are not sure?/I have no recollection.

"83. On these two occasions you had consulted the serial numbers of ballot papers in the marked copy of the electoral roll?/Yes.

"84. Did you first count the unused ballot papers?/First we counted the marked copy of the electoral roll and then the unused ballot papers".

The point is that if he knew that the ballot papers were not serially issued in his booth and if he had checked the marked copy of the electoral roll, it was natural to expect that he would have take care in filling up columns 2, 3 and 4 of Form No. 16 especially when he had more than two hours and a half at his disposal with five persons to assist him to wind up his affairs.

Lastly, I wish to deal with Nihar Ranjan's answers to qs. 87, 88 and 89. These are as follows:—

"87. If a ballot paper bears a serial number within the serial numbers of 'ballot papers received' by you and also the distinguishing mark, you will presume the genuineness of that?/ Yes. I should say that the said ballot paper was used in ply booth. There is one more thing—the serial number of such a ballot paper must be on the marked copy of the electoral roll which was with me.

"88. You definitely remember that?/How can I say that after the lapse of a year? But I say that the ballot papers issued by me must be on the marked copy of the electoral roll.

"89. And also the serial numbers would appear?/Yes. The last three digits of serial numbers."

The comments that I have to make on this part of the evidence of Nihar Ranjan Shome, are more than one. Firstly, learned Counsel for the respondent No. 1 did not put to the election petitioner in cross-examination that the serial numbers or any portions thereof the alleged ballot papers beyond account, would appear from the marked copy of the electoral roll. P. B. Mukherji, J. (sitting with Bose, J. as he then was) observed in A.E.G. Carapiet vs. A. Y. Derderian AIR 1961 Calcutta, 359 in paragraph 10 at 362: "The law is clear on the subject. Whenever the cpponent has declined to avail himself of the opportunity to put his essential and material case in cross-examination, it must follow that he believed that the testimoney given could not be disputed at all, it is wrong to think that it is merely a technical rule of evidence. It is a rule of essential justice. It serves to prevent surprise at trial and miscarriage of justice, because it gives notice to the other side of the actual case that is going to be made when the turn of the party on whose behalf the cross-examination is being made comes to give and lead evidence by producing witnesses." These observations of their Lordships of the Division Bench do not require further elaboration.

Secondly, the presiding officer first said that he did not definitely remember after the lapse of a year whether the relevant entries were made in the marked copy of the electoral roll. And then he said that these entries "must be there".

Thirdly, I do not know what Nihar Ranjan means by "the marked copy of the electoral roll which was with me". As far as I can make out from paragraph 12(i) at page 3 of the "Instructions for Presiding Officers" the marked copy of the electoral roll for the assembly remains with the first polling officer and it is his duty to write out the serial numbers of ballot papers therein. The first polling officer was not called as a witness.

In any event, the marked copy of the electoral roll cannot be inspected at this stage by any of the parties. The Code of Civil Procedure and the Indian Evidence Act apply to these proceedings, subject to the provisions of the Representation of the People Act, 1951 (vide Section 87). And one of the most important provisions of the Act of 1951 is that secrecy of voting must not be infringed (vide section 94).

The position, therefore, is that from Nihar Ranjan Shome's evidence it is difficult for me to come to the difinite conclusion that in his booth ballot papers were not issued to voters serially and, as such, 26 ballot papers which should not have been ordinarily issued, have been found in the ballot box. Nihar Ranjan said that he knew that serial numbers were broken but as to the time of the occurrence he has made inconsistent statements. Secondly, if he had known of these irregularities as a man of ordinary prudence, he should have taken special care to fill in Form No. 16 properly. At any rate the fact that the serial numbers were broken should have been noted in the presiding officer's diary; but Nihar Ranjan did not in his evidence refer to this diary at all.

We are, therefore, faced with the situation that the first respondent has a majority of 25 votes over the election petitioner. (When I say 25 votes, I include ballot paper No. 145089 in booth No. 57 which I have rejected on the ground that the mark is on the back of the ballot paper: this ballot papers has also been challenged on the ground that it is a ballot paper beyond account). As against the first respondent's majority of 25 votes, we have 71 ballot papers (excluding ballot paper No. 145089 of booth No. 57) which, if the admitted procedure of issue of ballot papers according to serial numbers had been followed could not have been used by voters at all. The doubts that have arisen about these ballot papers have not been removed by the presiding officers who came to give evidence in this Court. The question is whether an election can be set aside when the Court entertains a doubt of this nature.

Learned Counsel for the petitioner drew my attention to the relevant portions of Rule 56(2)(g) of the Conduct of Election Rules, 1961, and the first proviso thereto which are as follows:—

"56(2) The returning officer shall reject a ballot paper—

* * * * * *

(g) If it bears a serial number,..different from the serial numbers................................, of the ballot papers authorised for use at the particular polling sttaion,.....

* * * * * *

Provided that where the Returning Officer is satisfied that any such defect as mentioned in clause (g)..............has been caused by any mistake or failure on the part of a presiding officer or polling officer, the ballot paper shall not be rejected merely on the ground of such defect:

* * * * * *

The petitioner's counsel submits that all the aforesaid ballot papers were improperly received and should be rejected because their serial numbers were different from the serial numbers of ballot papers which were issued or which should have been issued to voters in the booths concerned. Learned Counsel wants me to construe the expression "authorised for use" as "issued to voters" in view of the particulars the presiding officer is required to given in Form No. 16. The presiding officer, as we have seen, has to state the serial numbers of ballot papers (1) receied, (2) not used, (3) issued to voters, (4) cancelled and (5) used as tendered ballot papers.

Mr. Roy, learned Counsel for the respondent No. 1, contends however that the expression "authorised for use" cannot mean "issued to voters". He relies on the Representation of the People (Conduct of Elections and Election Petitions) Rules, 1951. In Rule 47(1)(c) of these Rules also there were similar provisions. It said:

> "47(1). A ballot paper in a ballot box shall be rejected if—
>
> (c) It bears any serial number......................different from serial numbers..................of ballot papers authorised for use at the polling station or the polling booth at which the ballot box in which it was found was used:
>
> * * * * * * *

Mr. Roy, points out that when these old Rules were in force, in the ballot paper account, the presiding officer was not required to mention the serial numbers of the different categories of ballot papers mentioned above. In other words, the expression "authorised for use" could not have meant in the old Rules "Issued to voters" in as such as at that time no records of serial numbers of ballot papers "issued to voters" were maintained. If, therefore, Mr. Roy contends, the intention was that in Rule 56(2)(g) of the new Rules the term "authorised for use" should be given a different meaning the necessary changes in the language of the Rule should have been made. Mr. Roy urges that the returning officer has no power to reject a ballot paper so long as its serial number falls within the serial numbers of ballot papers received by him.

Prima facie Mr. Roy's contention appears to be sound. But I do not intend to decide this point of the petitioner's Counsel in these proceedings. Milan Bandhu Mukherjee, the returning officer, was called by the first respondent: he said in answer to question 10 that he was in charge of the "parliamentary counting" and by his side at the same table Sisir Kumar Sen, the assistant returning officer "was given the authority to conduct the counting of votes for the assembly contituency." Milan Bandhu adds further that Sisir Kumar, where necessary, sought Milan Bandhu's advice.

In spite of the last statement of Milan Bandhu Banerjee the petitioner's counsel did not ask any questions in cross-examination with respect to the ballot papers beyond account.

Sisir Kumar Sen, the assistant returning officer, was called by the petitioner; but to him also no questions were put by either side on the ballot papers beyond account.

From the attitudes of learned counsel for both the parties it seemed to me, that at the time of counting this aspect of the matter went unnoticed. The petitioner's answer to question 576, quoted above, also justified this conclusion. The petitioner has said that when the ballot boxes were opened the ballot papers were not verified with the presiding officer's returns. In these circumstances, in the total absence of any evidence as to the returning officer's satisfaction it is useless to discuss in this petition his powers of rejection, if any, with reference to Rule 56(2)(g) of the Conduct of Election Rules, 1961.

Assuming that the Returning Officer did not have the power to reject these ballot papers and, as such, they were not improperly received by him, learned counsel for the petitioner has rightly contended that, the Court has power under section 100(1)(d) (iv) of the 1951 Act to declare an election void if the Court is of opinion that the result of election, in so far as it concerns a returned candidate, has been materially affected, inter alia, by any non-compliance with the provisions of the Act or any rules or orders made under the Act.

We have seen that the failure to issue ballot papers according to the serial numbers thereof is a non-compliance with the necessary implications of the directions of the Election Commission in pursuance of Rule 30(1) of the Conduct of Election Rules, 1961.

We have, now to examine, what is meant by the expression "the result of the election, in so far as it concerns a returned candidate, has been materially affected." In England Section 16(4) of the Representation of the People Act, 1949, runs thus:—

> "No parliamentary election shall be declared invalid by reasons of any act or omission by the returning officer of any other person in breach of his official duty in connection with the election or otherwise of the parliamentary election rules if it appears to the tribunal having cognizance of the question that the election was so conducted as to be substantially in accordance with the law as to elections, and that the act or omission did not affect its result."

For the sake of convenience I would repeat the relevant provisions of section 100(1)(d)(iv) of our Act of 1951. The provisions are as follows:

> "100(1)......... If the High Court is of opinion—
>
> * * * * * *
>
> (d) that the result of the election in so far as it concerns a returned candidate, has been materially affected—
>
> * * * * * *
>
> (iv) by any non-compliance with the provisions..... of this Act or of any rules or orders made under this Act, the High Court shall declare the election of the returned candidate to be void.

Now in *Abdul Rauf* vs. *Govind Ballabh Pant & ors.* 8 E.L.R. 240, an Election Tribunal of Lucknow has held that under the English Law of non-compliance with any of the provitions of the rules is proved the onus lies on the respondent to show that it did not affect the result of the election: under the Indian Act, even though the petitioner succeeds in proving non-compliance with the rules, the onus still remains on him to prove that it has materially affected the result of the election, that is to say, it has caused the returned candidate to obtain a majority of votes: it is not enough to show that the result of the election might have been affected. This Election Tribunal at pages 263-64 quotes Baron Martin in the *Warrington case*: *Crosier* v. *Rylanda* 1 O'M & H, 42 Baron Martin said: "a judge to upset an election ought to be satisfied beyond all reasonable doubt that the election was void; the return of a member is a serious matter and not to be lightly set aside."

The question of onus does not present any difficulties in this petition. The election petitioner has proved, as we have observed, that although the first respondent has a majority of 25 votes, there are 71 ballot papers beyond account; but the circumstances that are required for the Court to come to the conclusion that the result of the election has been materially affected, have to be further discussed in this judgment in the light of principles recognised by English and Indian Courts and Tribunals.

In *Sudhansu Sekhar Ghosh* vs. *Satyendra Nath Basu*, 4 E.L.R. 73, an Election Tribunal in Calcutta has said that in most cases, from the facts proved, the Court will have to determine whether the presumption that the result of the election has been materially affected should or should not be raised. Where, for instance, it was found that in several polling booths, polling started late and closed at 5 p.m. instead of continuing for the full statutory period of 8 hours; that a large number of votes were not polled, that there was refusal to record votes of certain registered electors and that there was a difference of only 92 votes between the two principal contestants, it was held that in the circumstances, the refusal to record votes of the registered electors coupled with the non-compliance of the law in starting late and not continuing for the statutory period must be deemed to have materially affected the result of the election, and the election should be declared void.

The Election Tribunal has followed the judgment of a Division Bench of this Court presided over by Sir Ashutosh Mookerjee in *Shyam Chand Basak* vs. *The Chairman of Dacca Municipality* reported in 34 C.W.N. at page 189.

The Madras High Court in *K. S. Subramania Goundar* vs. *Election Tribunal, Vellore*, 8 E.L.R. 66, has come to similar conclusions with respect to the presumption aforesaid. The judgment was delivered by Subba Rao, J. as he then was. It is stated in this judgment that under the English law the burden of proving that the result of the election has been materially affected by any irregularity or contravention of the rules is on the party who seeks to sustain the election, whereas under the Indian Law, it is upon the person who impugned the election: though it is necessary to prove that the result of the election has been materially affected, not only that it might have been materially affected, a finding of fact that the result has been materially affected can be arrived at as an inference from circumstances and probabilities, where direct evidence is not available. Subba Rao, J. has quoted an observation of an Election Tribunal in *R. S. Ram Jawara Kapur* vs. *R. B. Ganga Saran*, 2 Doabia 226, at page 82 of the report. The observations are as follows:—

> "In our view the onus of proving that the result of the election would have been materially affected is upon the petitioner but that onus could be discharged, and a Judicial Tribunal could expect it to be discharged, only by establishing circumstances and facts, justifying the probability or inference that the balance might well have been tilted. If that is to be established as a certainty, we are asking for the impossible."

After quoting these observations Subba Rao, J. says." ....What the Tribunal really meant was that in such cases where direct evidence would not be available to prove how many would have been present but for the irregularity and how many would have voted for one or other of the candidates, the only possible method was to infer from the facts and circumstances placed before it whether the result of the election was affected by the said irregularity. It is saying nothing more that what a court of facts should and would do in the absence of direct evidence......"

At page 78 of the judgment Subba Rao J. has said: "The third method is for the Tribunal to come to a conclusion on the facts placed before it and the probabilities arising therefrom. In arriving at a conclusion on this basis the critical considerations may enter, but none the less the finding is one of fact."

We see, therefore that so far as the expression "the result of the election has been materially affected" is concerned, the general trends of Indian decisions are as follows:

(1) The onus is on the petitioner to prove that the result has been materially affected. (See also *Mahadeo* vs. *Babu Udai Protap* A.I.R. 1966 S.C. 824).

(2) The petitioner can establish by direct evidence that the result has been materially affected.

(3) Where direct evidence would not be available the petitioner must place before the Court or Tribunal as the case may be, facts and circumstances justifying the probability or inference that the result has been materially affected.

The third principle enumerated above appears to have been based to a great extent on English decisions which have been summarised in Kalsbury's Laws of England, third edition, Vol. 14, Art. 261 at pages 149 to 150; Parker's "Election Agent and Returning Officer", 6th Edition at page 276; Rogers on "Elections" Vol. II, 20th Edition at page 41 and Schefield's "Parliamentary Elections", 2nd Edition, at pages 534 to 536.

The basic English principles relevant to the point involved in the instant petition, are that no election is to be declared invalid by reason of any act or omission by the returning officer or by any other person in breach of his official duty in connection with the election or otherwise of the Election Rules, if it appears that the election was so conducted as to be substantially in accordance with the law as to the elections, and the act or omission did not affect the result: an election ought not to be held void by reason of transgressions of the law committed without any corrupt motive by the returning officer or his subordinates in the conduct of election if the Tribunal is satisfied that the election was notwithstanding those transgressions, an election really and in substance conducted under the existing election law, and that the result of the election was not and could not have been affected by those transgressions: if, on the other hand, the transgressions of the law by the officials being admitted, the Court or Tribunal seen that the effect of the transgressions was such that the election was not really conducted under the existing election laws, or it is open to reasonable doubt whether those transgressions *may* not have affected the result, and it is uncertain whether the candidate who has been returned has really been elected by the Majority of persons voting in accordance with the laws in force relating to elections, the Court or Tribunal is then bound to declare the election void.

With respect to the ballot papers beyond account Mr. Roy, learned Counsel for the respondent No. 1, has urged that: (a) there is no pleading that spurious ballot papers were inserted into the ballot boxes at the time of polling: (b) there is no conclusive evidence that these ballot papers were spurious: simply by looking at Form No. 16 this conclusion cannot be reached: and examination of form No. 16 for the different impugned booths merely shows that it was not properly maintained; (c) exhibit 11 which is the ballot paper account maintained by he returning officer shows that all the ballot papers challenged as "B.P.B.A." were actually received by the presiding officers concerned: and (d) in the circumstances, the only explanation is that ballot papers in those booths were not issued to the voters serially.

Mr. Roy also made an application to me for inspection of the packets of unused ballot papers of booths Nos. 12, 57, 60, 63 and 92. The application was originally moved on or about the 27th November, 1967; but it was not pressed at that time as the election petitioner did not allege that ballot papers bearing the same serial numbers would also be found in the packets of unused ballot papers. On the 20th December, 1967, Mr. Roy submitted to me that he should be allowed formally to move the application. I gave him permission to do so and the application was eventually heard on the 8th January, 1968, after the affidavits were completed. The election petitioner in his affidavit-in-opposition resists this application, inter alia, on various technical grounds. It is stated, for instance, that the petition has not been signed by the first respondent; the petition does not state under which provision of law the application has been made; and no court fee stamps have been affixed. Leaving aside these technical points which are, no doubt, substantial the ground on which the application is based, has been set out in paragraph 8 of the petition. The paragraph runs thus:

> "That the packets of unused ballot papers of the said booths have been sent to this Hon'ble Court by the District Election Officers. An inspection of the unused ballot papers of these booths would show whether any of the said ballot papers with serial numbers of ballot papers which have been challenged by the petitioner as outside ballot paper accounts, but which were counted as valid votes of the respondent No. 1, can be found among the unused ballot papers of the said booths."

Learned Counsel for the election petitioner made it clear to me that it was not his case that ballot papers bearing the same serial numbers would be found in the packets of unused ballot papers. His case is that there has been an infringement of statutory rules and orders materially affecting the result of the election.

In view of these submissions of the election petitioner's Counsel it is wholly unnecessary to make any order for inspection of unused ballot papers.

I would have been inclined to accept Mr. Roy's contention that ballot papers were not issued serially in booths Nos. 12, 57, 60, 63 and 92 and ballot paper accounts of these booths had not been properly maintained; if the presiding officers who were called as witnesses had satisfactorily explained the position particularly with reference to their diaries. From the rules and directions I have already referred to, it is clear that ballot papers are intended to be issued to voters serially and for a tendered vote the ballot paper bearing the last serial number has to be used. All the presiding officers who have deposed in this case have admitted that this is the correct procedure and have stated further that in their respective booths they, in fact, started issuing ballot papers serially. Except Nihar Ranjan Shome none of the presiding officers stated definitely that in their booths the serial numbers were broken—they were merely suggesting certain possibilities. Nihar Ranjan's evidence on thhis point, as we have seen above, is also shaky. Moreover, the impugned ballot papers of booths Nos. 12 and 57 clearly come within the serial numbers of ballot papers stated to have been "not used" in Form No. 16. Here is a case in which the first respondent has a bare majority of 25 votes over the election petitioner and their are 71 ballot papers which ordinarily could not have been issued to voters at all; but were, in fact, found in the ballot boxes. The impact of all these facts taken together seems to be that it is open to reasonable doubt whether transgressions of certain rules and the directions to give effect to those rules may not have affected the result of the election and it is uncertain whether the rsspondent No. 1 has really been elected by the majority of persons voting in accordance with the laws in force. In the premises, this election cannot be sustained.

But before I make any final orders it would be necessary to deal with Issue No. 3. Mr. Roy for the first respondent has urged that in this election petition various allegations have been made against the returning officers and other officers engaged in counting. These persons, according to Mr. Roy, should have been made parties to the petition and, in their absence, the petition should be dismissed. Reliance was placed on the judgment in *Dwijendra Lal Sengupta* vs. *Hare Krishna Konar*, 66 C.W.N. 917.

The same point was raised before me in Election Petition Case No. 7/67 (*Rama Prosad Roychowdhury* vs. *Baidya Nath Bandopadhya & Ors.*). I had considered in that case section 82 of the Representation of the People Act, 1951. The section runs thus:

> "82. *Parties to the petition.* A petitioner shall join as respondents to his petition—
>
> (a) where the petitioner, in addition to claiming a declaration that the election of all or any of the returned candidates is void, claims a further declaration that he himself or any other candidate has been duly elected, *all the contesting candidates other than the petitioner*, and where no such further declaration is claimed, *all the returned candidates;* and
>
> (b) any other candidate against whom allegations of any corrupt practice are made in the petition."

These provisions make it clear that the returning officer or any other officer is not a necessary party to an election petition. The Court has no power to dismiss a petition on the ground that these officers have not been added as parties (vide section 86 of the Act of 1951). Indeed, the same observations were made by P. B. Mukherji, J. (sitting with N. K. Sen, J.) in Dwijendra Lal Sengupta's case. At page 928 of 66 C.W.N. His Lordship says: "It is quite true that section 82 does not require the returning Officer to be added as a party respondent. It is also not unreasonable to infer that by necessary implication as well as by obvious exclusion, section 82 does not make the Returning Officer a 'necessary' party to the election petition. But that only at best shows that the Returning Officer is not what is called a 'necessary' party to the extent that his non-joinder will not lead to the penalty of dismissal of the petition. But the Returning Officer may nevertheless in an appropriate case be a 'proper party' who may be added as party to the election petition.................."

It is clear, therefore, that the returning officer is not a necessary party as alleged in paragraph 2 of the Written Statement of the first respondent and the petition is not liable to be dismissed on this ground. This contention of Mr. Roy is, therefore, overruled.

The only other question that remains to be considered is the relief that the petitioner is entitled to. In his prayers he has asked for (a) a declaration that the election of the respondent No. 1 is void and (b) a declaration that the petitioner has been duly elected. The second declaration cannot be made unless the Court is of opinion that, in fact, the petitioner received a majority of valid votes: vide section 101 of the Representation of the People Act, 1951, I have said earlier in this judgment that this election cannot be upheld as it is open to reasonable doubt whether that transgressions of certain rules in the Conduct of Election Rules, 1961 and the directions of the Election Commission to give effect to those rules may not have affected the result of the election, and it is uncertain whether the respondent No. 1 has really been elected by a majority of votes. I cannot, therefore form the opinion that, in fact, the petitioner has obtained a majority of valid votes. The second declaration, the petitioner has asked for, must, therefore, be refused.

In the result, there will be a declaration that the election of the respondent No. 1 for the 136—Alipore Assembly Constituency, Calcutta, of the West Bengal Legislative Assembly is void. There will be no order as to the costs of this petition. I also make no order on the application for the inspection of unused ballot papers or as to the costs thereof.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Jessop & Co. Ltd., 63 Netaji Subhas Road, Calcutta-1, and their workman Dr. M. K. Purakayastha, 3/2 Govinda Addy Road, Calcutta-27. (Case No. 591/67.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company : Shri J. N. Chatterji, Legal Adviser and Shri D. K. Ghosh, Assistant Legal Adviser, Indian Engineering Association.

Present for the Workman : Shri S. K. Acharyya, Counsel and Shri S. A. M. Habibullah, Advocate.

By the Government of West Bengal, Labour Department, Order No. 3631-I.R./IR/10L-25(F)/67, dated the 31st July 1967, this industrial dispute between Messrs. Jessop & Co. Ltd. and their workman Dr. M. K. Purakayastha was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Whether the termination of service of Dr. M. K. Purakayastha is justified ? To what relief, if any, is he entitled ?

On receipt of notice from the Tribunal both parties made appearance and filed their respective written statement.

The Company takes a preliminary objection as to the maintainability of the order of reference. The Company alleges that Dr. Purakayastaha is not a "workman" within the definition of workman in the Industrial Disputes Act and, as such, this reference is not maintainable.

It is an admitted fact that Dr. Purakayastha used to draw remuneration more than Rs. 500 per month. But simply because of the fact that a doctor draws an amount more than Rs. 500 per month as his remuneration it cannot be said that he is not a workman as defined in section 2(s) of the Industrial Disputes Act. It is to be seen whether Dr. Purakayastha had got supervisory power or whether he performed managerial functions as mentioned in section 2(s)(iv) of the Industrial Disputes Act. O P.W. 1 Shri Purakayastha says that his duties were to examine patients, to diagnose cases, to prescribe medicines and to do minor Surgical operations. He wants to say that he had no other duties to perform. If the evidence of Dr. Purakayastha is accepted then it is to be held that he had no supervisory power and that he never discharged managerial functions. The question is whether his evidence is true or not. P.W. 1 Dr. Sisir Kumar Roy is the Chief Medical Officer of the Company. According to his evidence Dr. Purakayastha used to issue gate passes to his staff, allot duties to compounders and he had discretion to shut down any particular dispensary for non-availability of compounder and to amalgamate the said unit to another medical unit, and to keep an ambulance stand by. P.W. 1 says that Dr. Purakayastha was in charge of the Central Medical Stores. Then he says that as the Medical Officer-in-charge of the Central Stores Dr. Purakayastha used to issue gate passes to compounders, menials and other staff under him; that medicines used to be taken out from the Central Stores as per gate passes issued by him; that he used discretion in granting medicines on indents, and that he had discretion to allot overtime duties to the staff. It seems that the evidence of Dr. Roy is true. The documentary evidence corroborates his evidence. Ext. 5 is the gate-pass book. It shows that Dr. Purakayastha used to issue gate passes to the members of the staff without instruction from anybody. It is, of course, true that there was an order from the authority that gate passes should be countersigned by the Chief Medical Officer. Ext. A shows this. But it appears that the gatepasses issued by Dr. Purakayastha did not bear countersignature of the Chief Medical Officer. Thus it is clear that Dr. Purakayastha actually issued gate passes independently without instruction from anybody. The members of the staff used to go out of the factory premises as per gatepasses issued by Dr. Purakayastha. It also appears that medicines used to be taken out from the factory premises as per the gatepasses issued by Dr. Purakayastha. Exts. 6, 6(a) and 7 show that Dr. Purakayastha used to allocate duties to the subordinate staff. Exts. 8, 9 and 10 are requisitions for medicines from different units of the company. It appears that Dr. Purakayastha scrutinised those requisitions and applied his mind to decide as to whether those medicines should be supplied or not. Ext. 11 is a notice issued by Dr. Purakayastha, and it is as follows "Mechanical dispensary will be closed after 5 p.m. as the compounder Shri Satya Babu is absent on this day. One Sweeper will be on duty and Ambulance will be at the Mechanical gate". Thus it appears that he had authority to close a particular unit. Ext. 14 is a letter written by Dr. Purakayastha to Dr. C. S. Punza, and it runs as follows:

> "It should be the usual practice from your side to refer any correspondence regarding Central Medical Stores to me as I am the in-charge of the Stores. Your reference to Shri Monoranjan Bardhan straight way regarding the recent stores position is quite irregular and unethical.
>
> I hope this irregular way will not be adopted from your side in future."

So it appears that he had control over other doctors also. Considering all these facts I am convinced that Dr. Purakayastha was employed in supervisory capacity and that he performed managerial functions Admittedly, he drew salary more than Rs. 500 per month. Thus I find that he is not a "workman" within the meaning of the Industrial Disputes Act. As Dr. M. K. Purakayastha is not a workman within the meaning of the Act, it cannot be said that the dispute in question is an industrial dispute.

I, therefore, find that the reference is not maintainable, and it is accordingly rejected.

After service of usual notices both the company and the Union entered appearance. Union however did not file any written statement and was absent on several dates and no sufficient cause have been shown by the Union on such several dates. The Tribunal suo motu extended the dates for the Union to file written statement but in spite of it no written statement was filed by the Union. Neither any sufficient cause was shown. The Tribunal having waited for a a sufficiently long time today was fixed for hearing. As none for the Union turned up and as the dispute was referred to this Tribunal for adjudication at the instance of the Union, it is presumed that the Union does not consider existence of any dispute for adjudication before this Tribunal on the issue raised. In this connexion I may state that the company's representative who was present before this Tribunal submitted that the workmen concerned were several trainees and were subsequently absorbed elsewhere. That may be the reason for the Union not taking any interest in prosecuting the case. In the circumstances this Tribunal presumes that there is no more any subsisting dispute and the Tribunal accordingly passes a "no dispute" award and the reference is disposed of accordingly.

AWARD

By Government of West Bengal, Labour Department order No. 4647-I.R./IR/10L-203/66, dated the 3rd December 1966, the present industrial dispute between Messrs. Spinning Accessories Private Ltd. and their workmen represented by the Spinning Accessories Workers' Union was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the issues mentioned below:

Issues

1. Whether company's contention that workmen have been paid already bonus for financial year ending 31st December 1965 is justified? What extent the workmen are entitled to for payment against bonus if any?

2. Whether the ad-hoc increments of 0.55 paise and 0.20 paise as already given by the management is adjustable against the Wage Board recommendation as accepted by the Government of India?

On receipt of notice from the Tribunal both parties appeared and filed their respective written statements.

The case of the Union is as follows:

The Company is a highly prosperous engineering concern. In a spirit of peaceful and constitutional agitation to improve the sad lot of the workmen the Union entered into agreements with the Company on 1st August 1964 and 4th August 1965 in which 20 paise and 55 paise increments per day, respectively, were given to the workers irrespective of and unrelated to the benefits that might be given under the decision of the Engineering Wage Board, interim or final or in other ways. The Union also had from time to time agreements on bonus on the eve of Pujas on ad hoc basis in consideration of the profit earned in the immediately preceding year but no payment was ever made from the business of the current year. Two years' bonus was never paid in any particular year nor any year's bonus was given up. 34 days' wages were paid as bonus in 1965 in respect of the financial year 1964. This payment was also much less than what was due under the Payment of Bonus Act. No bonus was paid in respect of the financial year 1965. When the Government of India published the resolution of the Engineering Wage Board granting interim relief at Rs. 12.5 to those drawing up to Rs. 105, Rs. 7.5 to those drawing above Rs. 105 with effect from 1st April 1966 the company tried to evade this payment on some false or mala fide plea. The Company paid Rs. 6.5 per month instead of Rs. 12.5 as in the Wage Board decision referred to above. The Company was under legal obligation to pay bonus under the Payment of Bonus Act within 8 months from the closing of the financial year and, as such, the bonus out of profit of 1965 was payable by August 1966. But the Company, on false and malicious plea that they had already paid the same delayed and denied bonus to the workers and thus made them liable to action. The workmen of the Company are entitled to 20 per cent of their annual earnings as bonus for the financial year 1965, and no part of the same has been paid so far.

The case of the company is as follows:

The financial condition of the Company is very bad and it is actually running at a loss. As per settlement with the Union the Company paid 20 paise and 55 paise increments per day to all workmen. On 1st August 1964 the Company paid increment to the workers. The settlement is binding on the Union, and so the Union cannot now claim increment as per recommendations of the Central Wage Board, and that the ad hoc increments of 55 paise and 20 paise as already given by the management are adjustable against the Wage Board's recommendations. The Company paid 34 days' wages to the workmen as bonus in 1965 in respect of the financial year 1965, and the workmen are not entitled to any amount as bonus in respect of the said year.

DECISION

According to the Company, the workmen have already been paid bonus for the financial year ending on 31st December 1965 whereas, according to the Union, no amount was paid to the workers as bonus for that financial year. According to the Company the ad hoc increments of 55 paise and 20 paise, as already given by the management, are adjustable against the Wage Board's recommendations whereas the Union contends that this amount is not adjustable. Thus two issues have been referred to this Tribunal by the Government for adjudication. I shall first of all deal with the issue No. 2.

Issue No. 2

It appears that the recommendations of the Central Wage Board for the Engineering Industries, as accepted by the Government, is that the workmen drawing wages up to Rs. 105 will get Rs. 12.5 as interim relief, and the workmen whose wages are above Rs. 105 will get Rs.7.5 as interim relief. Ext. 11 shows this. It appears that the company entered into 2 agreements with the Union by which 20 paise and 55 paise increments per day were granted to the workers. A question has arisen as to whether these increments of 55 paise and 20 paise are adjustable against the Wage Board's recommendations as accepted by the Government of India. It is submitted on behalf of the company that the management is not at all bound to implement the recommendations of the Central Wage Board. But this is outside the jurisdiction of this reference. The question whether the management is bound to implement the recommendations of the Central Wage Board or not cannot be decided in this reference as there is no such issue before me. Only the question is whether the increments of 55 paise and 20 paise are adjustable against the recommendations of the Central Wage Board if the recommendations be implemented. Ext. B is the agreement by which an ad hoc increment of 20 paise per diem was agreed upon. Ext. C is the agreement by which an increment of 55 paise was agreed upon. The last paragraph of Ext.C is as follows :

> "This agreement shall remain in force for 2 years with retrospective effect from 1st May 1965 and shall remain so binding on both the parties to this agreement unless terminated by notice within 2 months after the date of expiry or extended by mutual agreement.........."

With reference to this clause of the agreement it is submitted by the learned lawyer for the company that the Union cannot now say that the increment of 20 paise and 55 paise are not adjustable against the Wage Board's recommendations. It is submitted by the Company that the Union is bound by the terms of the agreement. According to the learned lawyer for the Company these two agreements are settlements within the meaning of section 2(p) of the Industrial Disputes Act. 'Settlement' means a settlement arrived at in the course of conciliation proceeding and includes a written agreement between the employer and workmen arrived at otherwise than in the course of conciliation proceeding where such agreement has been signed by the parties thereto in such manner as may be prescribed and a copy thereof has been sent to the appropriate Government and the conciliation officer. Thus the term 'settlement' if analysed includes (1) a settlement arrived at in course of conciliation proceedings, (2) a written agreement between the employer and workmen arrived at otherwise than in conciliation proceedings, and such written agreement must be signed by the parties thereto in such a manner as may be prescribed and a copy thereof has to be sent to the appropriate Government and the Conciliation Officer. Evidently, Exts. B and C are not settlements arrived at in course of conciliation proceedings. But no doubt, these are written agreements. If copies of these agreements had been sent to the appropriate Government and the Conciliation Officer, then it must be taken that these agreements amounted to a settlement as defined in the Industrial Disputes Act. There is no evidence at all that copies of these agreements had been sent to the appropriate Government and the Conciliation Officer. So those two agreements cannot be treated as settlements as defined in the Industrial Disputes Act. I, therefore, find that the Union is not bound by these two agreements Paragraph 3 of Ext. 11 is as follows :

> "After careful consideration of the majority recommendations and the notes of dissent added by the employers' representatives Government has decided to accept the majority recommendations. Where any increases in wages or dearness allowances have already been sanctioned, expressly subject to adjustment against the interim or final recommendations to be made by the Wage Board, such adjustment would be permissible up to the extent of the interim increase now recommended.............."

Now, in the agreements Exts.B and C, there is no mention that the increments of 20 paise and 55 paise would be adjusted against interim or final recommendations made by the Wage Board. In these circumstances I am of opinion that the ad hoc increment of 55 paise and 20 paise as already given by the management is not adjustable against the Wage Board's recommendations as accepted by the Government of India. The issue is therefore decided in favour of the Union.

Issue No. 1

I now deal with the main issue, i.e., the Issue No. 1. The first question is, whether the Company paid any bonus to the workers for the finncial year ended on 31st December 1964. It is an admitted fact that immediately before the Puja of 1965 the Company paid 34 days' wages as bonus to the workers. According to the Union, this amount was paid for the financial year ended on 31st December 1964 whereas the case of the Company is that the amount was paid for the financial year ended on 31st December 1965. Thus the question is whether the amount was paid for the financial year of 1964 or for the financial year of 1965. Ext. 10 is the agreement, dated 4th October 1961, and Ext. 10(a) is the agreement dated 3rd August 1962. These two documents go to indicate that the bonus for 1960 was paid in 1961. The case of the Union is that bonus was never paid twice in a particular year and that bonus for any year was never given up. So it is submitted on behalf of the Union is that as Exts. 10 and 10(a) show that bonus for 1960 was paid in 1961 it should be taken that bonus for 1961 was paid in 1962, bonus for 1962 was paid in 1963, bonus for 1963 was paid in 1964 and bonus for 1964 was paid in 1965. The Company wants to say that in Exts. 10 and (10)a the year '1960' was wrongly mentioned instead of '1961'. But there is no evidence to that effect. The Company has not led any evidence to prove this suggestion. However, the Company has produced some documents to prove that bonus for 1962 was paid in 1962; bonus for 1963 was paid in 1963; bonus for 1964 was paid in 1964 and bonus for 1965 was paid in 1965. Exts. D, E and F are three agreements signed by the management and the Union. Ext. D refers to payment in respect of bonus for the year 1962. Ext. E refers to payment of bonus for 1963 and Ext. F refers to payment of bonus for 1964. Ext. L is a letter written by the President of the Union to the Director of the Company. On the basis of this letter bonus for 1962 was paid. Ext. L(1) was another letter written by the President of the Union in respect of payment of bonus for 1963. Ext. L(2) is again another letter claiming bonus for the year 1964. Ext. G is a most important letter. This is a letter written by the President of the Union to the management. By this letter the Union claimed bonus for the year 1965 from the Company. On the basis of this letter the Company subsequently paid 34 days' wages to the workmen as bonus for 1965. In Ext. G it has been mentioned by the President of the Union as follows :

> "This year Puja festival falls on 1st October. It is barely 6 weeks when Puja festival begins. It is imperative that you declare the amount of Puja

> Bonus and pay it to the workers during the last week of August. All this year round workers work intensively (and this year Company's production is brisk and the Company is profited by it) in the hope that they will get a lump sum to defray the extra expenditure of the festival."

This letter clearly indicates that the Union was claiming bonus from the profit of that year, i.e., from the profit of 1965. Admittedly the Company paid 34 days' wages to the workmen as bonus in 1965. On consideration of the documents Exts. D, E, F, L, L(1), L(2) and G,—particularly Ext. G, I have not the slightest doubt that the bonus paid before the Puja of 1965 was paid from the earnings of 1965 There is another significant fact. It has been proved in this case that some workmen who had been appointed in 1965 were also paid bonus in 1965. Ext. 10 series are those letters of appointment. Ext. N(1) are pay sheets and Ext. N is the list of employees who had been appointed in 1965 and who also got bonus in that year. The genuineness of these documents can hardly be challenged. Thus it has been clearly proved in this case that the workmen who had been appointed in 1965 got bonus in that year, i.e., 1965. I am satisfied with the Company's contention that the workmen have been paid bonus for the financial year ended on 31st December 1965, and I accept it as true. It can be said without hesitation that those workmen who got bonus in 1965 got the same from the earnings of the 1965. By no stretch of imagination it can be said that they got bonus from the earnings of 1964.

Now the question is whether the workers are entitled to any more amount as bonus for the financial year ended on 31st December 1965.

Admittedly, the Company has got a branch at Jaipur The balance sheet of the year 1965 has been produced by the Company. Ext. K is the balance sheet. In this balance sheet the accounts of Cossipore Factory, Jaipur Factory and Head .Office have been shown. Ext U is the bonus calculation on the manufacturing profit and loss account for Calcutta and Jaipur. It is submitted on behalf of the Union that the accounts of Jaipur should be left out of consideration in determining the amount of bonus to the workers of the Calcutta factory. According to the Company the profit and loss account for Calcutta and Jaipur should be considered for the purpose. In this connection section 3 of the Payment of Bonus Act 1965 should be considered. The first part of this section runs as follows :

> "Where the establishment consists of different departments or undertakings or has branches, whether situated in the same place or at different places all such departments or undertakings or branches shall be treated as part of the same establishment for the purpose of computation of bonus under this Act."

The second part is as follows :

> "Where for any accounting year a separate balance sheet and profit and loss account are prepared and maintained in respect of any such department or undertaking or branch, then, such department or undertaking or branch shall be treated as a separate establishment for the purpose of computation of bonus under this Act for that year, unless such department or undertaking or branch was, immediately before the commencement of that accounting year treated as part of the establishment for the purpose of computation of bonus."

The Company relies on the first part of the section. With reference to the evidence of O.P.W.2 Shri Rameswarlal Drolia, the Accountant of the Company, who said that they prepared separate balance sheet and profit and loss account for Jaipur, it is submitted on behalf of the Union that part 2 of section 3 should be applied. Thus, according to the Union, bonus should be paid unit-wise whereas it is the contention of the Company that bonus is to be paid establishment-wise. In my opinion, the first part of section 3 should be applied to this case. It is not the evidence of the Accountant of the Company that separate balance sheets are maintained for Calcutta and Jaipur. The evidence of the Accountant (O.P.W.2) is that they did not prepare any separate balance sheet for Calcutta. According to him separate balance sheet for Jaipur has been prepared only for the satisfaction of the shareholders. Ext. K, the balance sheet itself, shows that as a matter of fact the Company does not prepare any separate balance sheet for Calcutta, and that it maintains joint accounts for Jaipur and Calcutta. It is thus clear that separate baance sheet has been prepared for Jaipur only for the satisfaction of the shareholders. In my opinion the payment of bonus should be made establishment-wise, and not unit-wise Ext. U is the bonus calculation on the manufacturing, profit and loss account for Calcutta and Jaipur. It has been shown that the Jaipur Factory incurred a loss of Rs. 9,07,176, whereas the Calcutta Factory earned a profit of Rs. 3,34,711. Thus the net loss has been shown as Rs. 5,72,465. According to the Company the amount earned in speculation and in trading business should be added along with the net loss of Rs. 5,72,465. In my opinion, profits earned in speculation and in trading business cannot be added to the net loss. The Company must have run the speculation business and trading business from the fund of the joint establishment. That being so, the profits in speculation business and profits in trading business cannot be added to the net loss. The capital gain in scale of zeep amounting to Rs. 1,000 has to be added to the net loss as contended by the Union. The Company showed Rs. 1,40,590 as Depreciation, and Rs. 5,11,733 as Development Rebate. The Company also showed Rs 29,655 as bonus paid during the year, Rs. 5,000 as capital loss in sale of shares, and Rs. 1,477 as previous year's expenses. These amounts should be subtracted from the net loss of Rs. 5,72,465. The Company has shown that an amount of Rs. 8 lacs has been given as a loan to the Jaipur Factory by the Calcutta Factory. According to the Company ths amount should be added to the net loss. But according to law such amount cannot be added to the net loss. The Company has shown Rs. 1,37,373 as Income Tax depreciation under the Income Tax Act, and Rs. 5,11,733 as Development Rebate. According to law the Company is entitled to add these amounts to the net loss. It is submitted on behalf of the Union that there is no evidence regarding development rebate and Income Tax and, as such, these amounts cannot be added to the net loss. But under section 23 of the Payment of Wages Act it is to be taken that the entries in the balance sheet are correct. I am, therefore, of opinion that these amounts are to be added to the net loss. On calculation I find that the Company actually incurred loss in 1965. The Company did not make any profit in 1965 and so the workmen are not entitled to get bonus under section 11 of the Paymet of Bonus Act. It has been proved in this case that the Company paid 34 days' wages to the workmen in 1965 before the Puja for the financial year ended on 31st December 1965. The amount paid to the workman in Calcutta is Rs. 26,955. Admittedly this amount is more than 4 per cent. of the salary-wage earned by the employees during the accounting year. I, therefore, find that the workmen are not entitled to get any more bonus for the year 1965.

I have found that the Company's contention that the workmen had been paid bonus for the financial year ended on 31st December 1965 is true. The workmen are not entitled to get any more amount as bonus for that year.

Further, regarding the issue No. 2 my finding is in favour of the Union. The ad hoc increment of 55 paise and 20 paise as already given by the management is not adjustable against the Wage Board's recommendation.

Issues

1. What will be the quantum of bonus for the year 1963-64 to Shri Ranada Sundar Paul ?
2. Is the dismissal of Shri Ganpat Prosad justified ? To what relief, if any, is he entitled ?

I shall first deal with issue No. 2 which reads as follows : Is the dismissal of Shri Ganpat Prasad justified ? To what relief, if any, is he entitled ?

The case of the Union in respect of this issue is that Shri Ganpat Prasad was a permanent workman and fell into the bad book of the Company owing to his trade union activities. 22nd August 1965 was a Sunday and a statutory holiday. On completion of his duty on 21st August 1965 Ganpat Prosad was asked by Shri L. N. Burman, an officer of the Company, to report for duty on 22nd August 1965. The workman represented to Shri Burman that as he had certain house-hold work and to draw his ration, he would not be able to attend on that date. At this the said Shri L. N. Burman became furious and abused Shri Ganpat Prosad in filthy language. On 23rd August 1965 immediately after coming to the office Shri Ganpat Prosad reported the incident to the Managing Director and also submitted written representation protesting against the act and behaviour of Shri Burman. On the same day at about 4-45 p.m. Shri Ganpat Prosad was served with a charge-sheet alleging that he had flared up on the 22nd August 1965, shouted in a very insolent and rude manner and refused to come for work. It is submitted that the said charge-sheet was a malafide one and was issued as a counter blast to cover up the illegality and impropriety committed by the said Shri L. N. Burman. On receipt of the said charge-sheet Shri Ganpat Prasad submitted his explanation denying the charges. It is stated that no enquiry was held in presence of Shri Ganpat Prosad and Ganpat was not given any opportunity to defend himself. The Company thereafter by its letter, dated 17th September 1965, intimated Shri Prosad that it had been decided to dismiss him from service subject to the approval of the Company's Law Board, Delhi. Thereafter by a letter, dated 24th February 1966, the Company purported to dismiss Shri Prosad. It is stated that Shri Ganpat Prosad did not commit any misconduct warranting any disciplinary action against him. That the act of the management in dismissing Shri Ganpat Prosad has been wholly unjust, unfair, mala-fide, opposed to the principles of natural justice. In the circumstances, it is prayed that an award may be passed declaring that the dismissal of Shri Ganpat Prosad has been unjustified and directing the Company to reinstate Shri Ganpat Prosad, and to pay him all his back wages.

The case of the Company as made out in the written statement is that Shri Ganpat Prosad committed gross misconduct for which he was charge-sheeted. On receipt of his explanation the Company decided to hold an enquiry in presence of Shri Ganpat Prosad and appointed Shri K. N. Jain as an Enquiry Officer. Shri Jain held the enquiry and Shri Ganpat was given full opportunity to defend himself. On conclusion of the enquiry the officer fully considered the plea of Ganpat and all the evidences recorded by him and found him guilty. He thereupon submitted his report to the management. After perusing the proceedings and the report and the findings of the Enquiry Officer, the management agreed with the same and decided to dismiss Shri Ganpat Prosad. In the circumstances, the order of dismissal must be held to be valid and legal. Shri Ganpat Prosad has been examined as P.W. 2. It is his evidence that on 21st August 1965 which was a Saturday at 7 p.m. when his duty was over Mr. Burman, Secretary of the Company, asked him to come on the next day which was a Sunday stating that there was some work. He stated that on the next day he had to draw ration and he had to wash his clothes. So there was difficulty in coming to work. Mr. Burman stated that he would have to come. Mr. Burman became angry and excited and he abused him and stated that he should never come to the office for work.

On Sunday (22nd August) he did not come to work On Monday he came to the office as usual but he was not given any work. He got a charge-sheet on 23rd August 1965 in the afternoon. He submitted his explanation to the charge-sheet. He got a notice for enquiry. After getting the first notice he did not attend as he was ill; then he got the second notice and he went for the enquiry. Shri Kashinath Jain asked him to state in writing what he had to say. He stated that he had already stated everything in his explanation to the charge-sheet. Thereafter he was told to go away. It is his evidence that in his presence no enquiry was held. He was subsequently dismissed. He prays for reinstatement with back wages. In cross-examination he proves the reply to the charge-sheet. He also admits the receipt of the notice, dated 25th August 1965, and also the letter, dated 27th August 1965. It is his evidence, that on 31st August 1965 he attended the enquiry. In his presence Shri Burman's evidence was not taken at the enquiry. He denies the suggestion that he was asked to cross-examine Shri Burman and he stated that he had nothing to ask. He also states that Shri Kapildeo was not examined in his presence. He denies the suggestion that after all the witnesses were examined Shri Jain asked him if he had anything to state. He also denies that he refused to sign. He admits that he received the letter of dismissal, dated 17th September 1965. and also another letter of dismissal, dated 24ht February 1966. In his examination-in-chief he admits that he had no holidays either on Sundays or other days. All other workers excepting the drivers used to get holideys on Sundays. Admittedly Ganpat Prasad is a driver. It is his further evidence that there was no overtime but he used to get an extra sum of Rs. 20 per month for doing work more than the schedule period. Shri K. Jain, the Enquiry Officer, has been examined as O.P.W. 1. It is his evidence that in August, 1965 he was Commercial Manager of Ashoka Marketing. The Managing Director directed him to hold an enquiry against Ganpat Prosad. He proves the charge-sheet Ext. 2. He made an enquiry and Ganpat Prosad was all along present. He took down the statements in his own hand. The statements were made in Hindi and were taken down in Hindi. He proves the minutes of the proceedings Ext. Q. He wants to say that when the statements of the witnesses were finished he asked the workman to cross-examine the witnesses. But he refused to cross-examine. After the examination of the witnesses was over he asked the workman if he had anything to state. He refused to make any statement and stated that whatever he had to state he had already stated in writing to the Managing Director. The witness states that he has noted the fact in the minutes of the proceedings. The minutes of the proceedings proves his statement. He submitted the report to the Managing Director which is Ext. R. The report is based on his own finding supported by evidence. In cross-examination he states that with the consent of both the parties he recorded the statements in Hindi. He asked Ganpat Prosad to put his signature on his own statement and he refused. Witnesses put their signatures on their own statements. He denies the suggestion that he did not hold any enquiry in presence of Ganpat Prosad and that simply he asked him what he had to state.

I have gone through the minutes of the proceedings Ext. G carefully. Taking into consideration Ext. Q. and the oral evidence of Shri K. Jain, O.P.W. 1, I have no hesitation to say that the enquiry was held in a proper and legal manner and that the workman Ganpat Prosad was present all along and attended the enquiry. I further find that Ganpat Prosad was given every opportunity to cross-examine the witnesses and also to defend his case. In this case it is seen that a charge-sheet was issued to the workman. The workman submitted an explanation to the charges and an enquiry was ordered to be held. The enquiry was held after issuing notices to the workmen. In presence of the workman all the formalities at the enquiry were fully observed. That being so, I am of opinion that this Tribunal has no scope to enter into the merits of the enquiry proceedings. As the enquiry was held in a proper and valid way and as the order of dismissal was based upon the report of the Enquiry Officer I find that the order of dismissal is legal and valid. The workman Shri Ganpat Prosad is entitled to no relief.

Now I shall deal with the issue No. 1.

With regard to this issue the case of the Union is that Shri Ranada Sundar Paul fell in badbook of the Company. By way of victimisation the Company by an order, dated 12th February 1963, transferred Shri Paul to Chandigarh. The dispute in that regard was raised. The matter was referred to the Second Industrial Tribunal. The Tribunal found that the order of transfer was unjustified and illegal. Shri Paul by virtue of the said award resumed his duties on 20th December 1963. For the accounting year 1963-64 the company issued a notice declaring the quantum of bonus. As per terms of the said notice Shri R. S. Paul is legally entitiled to 1½ months' salary with D.A. as bonus. The Company paid Shri Paul only a proportionate bonus amounting to Rs. 510 whereas the amount payable is Rs. 750. Shri Paul protested this act of the Company by his letter, dated 19th July 1965. The Company did nothing and as such an industrial dispute was raised by the Union. Conciliation proceedings were started but the same having failed the dispute has been referred to this Tribunal for adjudication.

It is prayed that an award may be passed directing the management to pay Shri Paul the amount of Rs. 250 being the balance of bonus for the accouting year 1963-64.

The case of the Company is that on 18th April 1967 or on 31st January 1967 (when the matter was originally referred to the Seventh Industrial Tribunal) Shri Paul ceased to be a workman. Shri Paul was working as a Supervisor on a salary of more than Rs. 500 per month with effect from 4th April 1964. He was therefore excluded from the definition of workman. Consequently, any dispute raised for and on his behalf cannot be an industrial dispute, and the order of reference in respect of this matter is therefore bad in law. It is also submitted that the claim is a stale claim. The claim was referred for the first time by an order, dated 31st January 1967, and the claim relates to the year 1963-64. Previously, in the course of a proceeding before Second Labour Court an agreement was effected on 7th July 1965 whereby the Company and Shri Paul agreed that all the disputes regarding Shri Paul's claim were settled. Consequently, the bonus if payable for the year 1963-64 must be deemed to have been paid and satisfied and no further claim in respect of the same would be permissible in law. Under the circumstances the claim of Shri Paul for the bonus for the year 1963-64 should be rejected. The learned Advocate for the Company argues with much emphasis that Shri Paul ceased to be a workman at the relevant time, and as such the present dispute cannot be regarded as an industrial dispute, and that being so, the reference is not maintainable. Ext. J is a letter which was addressed to Shri Paul by the Managing Director. The letter is dated 4th April 1964. By this letter Shri Paul was informed that with immediate effect he was entrusted with the responsibility of looking into supervising and carrying on the work of Claims and Complaints Department under the overall guidance of Mr. M. M. Shukla. He was further informed that for the present his department will consist of one assistant and two clerks—apart from the necessary services of Stenographer and peon. The copies of this letter were sent to the Establishment Department and to Mr. M. M. Shukla. Ext. K. series are signatures of Shri R. S. Paul on the pay-sheet. Ext. K/14 shows that in April 1964 his salary was Rs. 515 per month. Ext. K series further show that till January 1966 he went on drawing Rs. 515 per month. It is the case of the Company that Shri Paul at the relevant time used to draw a salary of more than Rs. 500 per month and used to do the work of managerial nature. That being so, it is submitted that Shri Paul does not come within the definition of workman as defined in the Industrial Disputes Act. Section 2(s) defines workman. Towards the end of sub-section it is stated that the workman does not include any person, "who being employed in a supervisory capacity draws wages exceeding Rs. 500 per mensem or exercises, either by the nature of the duties attached to the office or by reason of the powers vested in him, functions mainly on a managerial nature." Shri Paul admits that from April 1964 he was drawing Rs. 515 per month. His main stand is that he was a senior assistant and used to do clerical works and never did the managerial works. It is his evidence that he was working as an assistant of the Claims Department. At that time he used to maintain claims register. He used to fill up the acknowledgement forms and send it to the executives for signatures. He used to prepare claims statements and send it to the executives for signatures. Other papers he used to send to inspectors for inspection. All his works were of clerical nature. He states that as he had no supervision over any worker he had no subordinate worker under him. It is also his evidence that he had no authority to sanction leave to any worker. In absence of the Head of the Department he could recommend leave. He asserts that he had no authority to give any direction in any matter. He had nothing to do in the matter of issuing Company's circulars. He states that he had no authority to direct the inspectors. He proves the attendance register for the month of May 1964 and states that Subramanium was a junior officer; Bhawnani was a clerk; Mohanlal was a clerk and Ajit Sengupta was filing clerk. He does not know the amount of salaries the persons of the Claims Department used to get. He proves Ext. M series the leave application forms on which he recommended leave. He so recommended in the absence of the Head of the Department. He also proves his application forms which are Ext. N series and which were not recommended by any one. He proves the circulars which were issued under his signatures. The circulars are Ext. O series. He wants to say that he issued the circulars as per the direction of the Head of the Department. He proves the endorsement Ext. E by which he instructed Mr. Kahali the inspector to inspect and report. He also proves Ext. P/1 by which he instructed Mr. Gupta another inspector to inspect. He proves Exts. P/2 and P/3 which are his instructions to other workers. Similarly he proves other endorsements which are Exts. P/4 to P/7. P.W. 4 P. K. Dudehkar used to work as an assistant in the Claims Department. He came to say that Shri Paul did not exercise any control in running the department. In cross-examination he proves his applications for leave Exts. M(10) to M(13). He further states that the application forms were signed by Shri Paul on behalf of the Head of the Department, O.P.W. 2 Shri M. M. Shukla. It is his evidence that in April 1964 Shri Paul was appointed in place of Mr. Malhotra. Shri Paul was the Sales Officer and not a clerk. Shri Paul used to send the claims either to inspectors for physical verification or to the Mills for comments. At the relevant time Mr. Kahali and Mr. Gupta were inspectors. Inspectors were bound to follow the instructions of Mr. Paul. In May 1964 Shri Paul and Shri Subramonium were officers and Shri Bhownani was an assistant, Shri Mohanlal and Shri Sengupta were clerks. Mr. Paul was competent to recommend the leave applications of the employees of that Department. No other person had any authority to recommend leave. In cross-examination he asserts that he always knew that Shri R. S. Paul was an officer since 1962. Shri Paul was required to supervise the work of other employees. He used to direct the clerks. He denies the suggestion that all the directions given by Shri Paul were given by him and only communicated by Shri Paul to the clerks. Leave applications were used to be made in his department either to him or to Shri Paul. Even when he was present the applications were made to Shri Paul. Inter-departmental communications in all cases were made by Shri Paul directly. He denies the suggestion that Shri Paul used to communicate as per his dictation. He further denies the suggestion that Shri Paul has been designated as Supervisor and that his consolidated salary has been raised to Rs. 550. with the object of depriving him of the benefits available to the workmen. O.P.W. 3 is Shri Pradip Kumar Kahali. He was an Inspector in 1964. It is his evidence that he used to make inspection in the matter of claims as per direction of Shri Paul. He proves Ext. P which he got from Shri Paul and he inspected accordingly. He made several other inspections as per order of Shri Paul. In cross-examination he states that Shri Paul was incharge of Claims Department and he used to hand over the papers to him.

The oral and documentary evidence referred to above very clearly establishes that Shri R. S. Paul was incharge of the Calims Department and used to do works mainly of a managerial nature. It cannot be said that he was a mere clerk doing clerical job. As has already been stated Shri R. S. Paul admits that he was drawing a salary of more than Rs. 500 per month from April 1964. On the evidence adduced in this case I must say that Shri Paul has failed to establish that he was a mere clerk. The learned Advocate for the Company refers to a decision reported in A.I.R. 1958, Calcutta 273. It has been held in this case—"where it is found that a particular employee belongs to the covenanted staff of officers; that all the privileges and conditions of officers apply to him; that the conditions and privileges of service applicable to clerks did not apply to him; that he draws a salary of Rs. 575 per month and that he does supervisory work, he is not a workman within S. 2(s) of the Act." The learned Advocate next refers to a decision reported in 1965 II, LLJ 175 (All India Reserve Bank Employees' Association and another and Reserve Bank of India and another). At page 187 of the report it has been observed by their Lordships—"There are only two circumstances in which such a person ceases to be a workman. Such a person is not a workman if he draws wages in excess of Rs. 500 per month or if he performs managerial functions by reason of a power vested in him or by the nature of duties attached to his office. The person who ceases to be a workman is not a person who does not answer the description 'employed to do supervisory work' but one who does answer that description. He goes out of the category of 'workmen' on proof of the circumstances excluding him from the category." The proposition of law laid down by our High Court and also by the Supreme Court fully apply to the facts of the present case. On a careful analysis of the entire evidence on record I find that Shri Paul is not a workman within the meaning of section 2(s) of the Act and as such he cannot raise an industrial dispute.

In view of my observation made above it is not necessary to enter into the other facts of the case but I feel that I should refer to one most important fact when that has been brought to the notice of the Tribunal. Ext. 10 is a joint petition of compromise which was filed before the Labour Court. The petition was filed by the Company and Shri R. S. Paul on 7th July 1965. It was stated that they amicably settled the dispute on the following terms. Term (a) reads as follows :

> "The Company shall pay to Shri Ranada Sundar Paul an amount of Rs. 3,000 (Rupees three thousand only) in full and final settlement towards all his claims in the above matter and the applicant will have no further claim whatsoever in respect of the same."

The Company very much relies on this term of the settlement and submits that after the settlement of 7th July 1965 it does not lie in the mouth of Shri R. S. Paul to claim the balance of bonus for the year 1963-64. By accepting the sum of Rs. 3,000 Shri R. S. Paul settled all disputes in full and final settlement. It has been argued on behalf of the Union that this settlement does not include the claim for bonus. I cannot appreciate this argument. When Shri R. S. Paul agreed to accept Rs. 3,000 in full and final settlement towards all his claims I do not find any reason why the claim for bonus for the year 1963-64 would not be included in the settlement, dated 7th July 1965.

In fine, I am of opinion that Shri R. S. Paul is not entitled to claim anything towards the bonus for the year 1963-64.

This is my award.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act filed by Shri Abdul Barick against Messrs. Society Restaurant of 135 Park Street, praying for an order of reinstatement with full back wages.

The complainant's case in the application is that he worked with the Restaurant Messrs. Society Restaurant, for about 12 months and he was illegally dismissed from the services with effect from 14th November 1967, during the pendency of an industrial dispute referred under G. O. No. 6588-I.R./IR/11L-395/64, dated 12th December 1964, before this Tribunal. The restaurnat authorities did not pray for approval of the dismissal of the complainant under the provisions of section 33(2)(b) of the Industrial Disputes Act. The petitioner is a member of the union, being Calcutta Eating and Refreshment Establishments Workers' Union. The Secretary of the said Union wrote to the Restaurant authorities on 20th November 1967 protesting against the illegal dismissal of the complainant but no reply was given to the same. Hence the application filed on 24th January 1968, for the aforesaid reliefs.

The Opposite Party, Messrs. Society Restaurant, filed a written statement through the Manager. In the written statement the allegations in the application are totally denied. On the other hand, it has been asserted that the application under section 33A is not at all legally maintainable because the order of reference was long disposed of in the year 1965, on the basis of a solenama filed between the parties. It has further been asserted on behalf of the Restaurant authorities that Abdul Barick was never a permanent employee in their restaurant and that he had on three occasions worked as *bodla* in place of three permanent employees during their absence on leave; for the first time from 26th April 1967 to 10th June 1967 during the absence on leave of one Md. Ismail; for the second time from 1st August 1967 to 15th September 1967 during the absence on leave of one Md. Ali; and for the third and last occasion from 1st October 1967 to 15th October 1967 during the absence on leave of Shri Sabir Khan, another permanent worker. The services of Abdul Barick were automatically terminated when Sabir Khan joined after the expiry of his leave. Abdul Barick was employed as *bodla* as mentioned above, only because of the fact that his own brother Sk. Nizam is still a permanent worker of the Restaurant. According to the Restaurant authorities, the application should be dsimissed with costs because there was never any violation of the provisions of section 33 of the Industrial Disputes Act.

The complainant has examined himself as his sole witness. On the other hand, three witnesses have been examined as defence witnesses. Syed V. A. Hashmi, the Manager, has been examined as D. W. 1. Sabir Khan, admittedly a permanent employee of the restaurant and during whose absence on leave Abdul Barick worked in the restaurant as table boy from 1st October 1967 to 15th October 1967, has been examined as D. W. 2. D. W. 3, Ghazaffar Hossain, is another permanent employee of the restaurant.

After closure of evidence before this Tribunal, a petition for amendment of the application by way of substituting another order of reference, dated 25th March 1966 (G. O. No. 1207-I.R./IR/11L-71/66, dated

25th March 1966), in the application under section 33A of the Industrial Disputes Act, has filed and the prayer was allowed.

The points for determination are as follows :

(1) Is the application maintainable ?

(2) Was the complainant Abdul Barick a *bodla* employee, as alleged ?

(3) Was there any violation of the mandatory provisions of section 33 of the Industrial Disputes Act ?

(4) What relief will the complainant get ?

Decision

Point No. (2) : I first take up point No. 2 for consideration because on the decision of the question as to whether Abdul Barick was a permanent employee or a *bodla* employee, hinges the decision of the application itself. The case of the petitioner in the application as well as in his chief is that he worked in the restaurant as a permanent worker for about a year till his services were terminated on 14th November 1967. On the other hand, the defence case positively is that Abdul Barick for the first time worked under them from 26th April 1967 till 10th June 1967 as a *bodla* worker during the absence on leave of one Md. Ismail, a permanent worker of the restaurant. Abdul Barick in the first line of his cross-examination admitted that he first joined the restaurant on 26th April 1967 which is also the defence case. Thus the complainant's allegation to the effect that he did actually work under the O. P's for about a year, falls to the ground.

Now, the Manager of the restaurant, D. W. 1 has proved in his evidence that for the first time from 26th April 1967 to 10th June 1967 Abdul Barick worked in the restaurant in place of a permanent worker Md. Ismail during his absence on leave. He is supported by Exts. A and A(1). Exhibit A is dated 25th April 1967. It is an application of Md. Ismail undisputedly a permanent worker for leave from 26th April 1967 to 10th June 1967, and exhibit A(1) are the endorsements of D. W. 1 allowing such leave and appointing Avdul Barick during the said period, on daily wage basis. D. W. 1 further stated that for the second time, Abdul Barick worked under the restaurant from 1st August 1947 till 15th September 1967 during the absence on leave of another undisputed permanent worker Md. Ali. Exhibits B and B(1) support the aforesaid statements of D. W. 1. Exhibit B is an application for leave of Md. Ali for those days. Exhibit B (1) are the endorsements of D. W. 1 allowing leave for one month and 15 days from 1st August 1967 to 15th September 1967 to Md. Ali and appointing Abdul Barick to work during the said period on daily wage basis. D. W. 1 as well as D. W. 2 Sabir Khan corroborate each other on oath that Abdul Barik again worked from 1st October 1967 till 15th October 1967 during the absence on leave of Sabir Khan himself. Sabir Khan (D. W. 2) admitted to have filed application (Ext. C), dated 3rd October 1967, for leave for those 15 days. Exhibit C(1) are the endorsement of D. W. 1 on the same allowing leave for 15 days from 1st October 1977 to 15th October 1967, and appointing Abdul Barick for those days as a temporary worker on daily wages. Now D. W. 2 in chief stated that Abdul Barick continued to work in the restaurant even after his joining there after expiry of leave as per Ext. C.

The learned lawyer for the complainant made much on the aforesaid statement of D. W. 2, Sabir Khan and contended that the evidence of D. W. 2 supported the case of complainant I do not accept this contention of the learned Advocate for the complainant. Sabir Khan (D. W. 2) does not say that Abdul Barik was continuing to work in the restaurant even prior to the date of taking his leave as per Ext C. On the other hand, Sabir Khan stated in his chief that during his absence on leave Abdul Barik worked in the said restaurant. D. W. 1 has also produced and proved several attendance registers for *bodla* worker, Exts. F, F(1) and F(2) to show that Abdul Barik did actually work as such on three occasions as a temporary worker on daily wages during the aforesaid three periods. Again, it is also admitted by the complainant in his cross-examination that he used to work in the restaurant on daily wages at Rs. 1.35 N. P. per diem over and above his food. This is also the defence case and is supported by Exts. F, F(1) and F(2). Md. Nizam brother of Abdul Barik is a permanent worker of the restaurant. It is also stated by the Manager, D. W. 1 that only because of Nizam, a permanent worker, Abdul Barik was given employment as a temporary worker for the aforesaid three periods. D. W. 3 another permanent worker of the restaurant has deposed on behalf of the O. P. and has supported the entire defence case in his chief. He has not been shaken in his cross-examination. This witness is also a member of the Employees' Union being Calcutta City Eating and Refreshment Establishment Workers' Union. Sabir Khan (D. W. 2) undisputedly is the leader of the Union of the employees of the restaurant. Moreover, I am of opinion that Sabir Khan instead of demolishing the defence case, has practically supported the same. If the statement of Sabir Khan to the effect that during his absence on leave, Abdul Barik worked in the restaurant on the strength of Ext. C, his own application for leave, be accepted, I wonder, how could it be said that D. W. 2 supported the complainant's case. According to complainant himself, he was not given his wages for the period of his work in the Society Restaurant. But Exts. F, F(1) and F(2) negative this statement of the complainant. D. W. 2 also stated in his evidence that Abdul Barik (complainant) also got all his wages due to him for the period of his work in the Society Restaurant.

D. W. 1 has also stated in his chief that for permanent workers they are to submit returns in respect of their provident fund accounts, but they never gave any such return in the case of Abdul Barik. According to D. W. 1 further, the permanent workers get their wages after signing the wage registers maintained in the restaurant and that the name of Abdul Barik does not appear in the wages register. On the other hand it is stated by D. W. 1 that Abdul Barik used to get his daily wages and that the registers Exts. F, F(1) and F(2) are maintained showing payment of daily wages to Abdul Barik, during his tenure of service under the restaurant. The aforesaid statements of D. W. 1 have not been challenged in cross-examination.

Thus upon a consideration of the entire evidences on record, both oral and documentary, this tribunal cannot but come to the only conclusion that Abdul Barik, the complainant did actually work under the restaurant as a temporary worker (*bodla* worker) for several days, on the first occasion from 26th April 1967 to 10th June 1967, and then from 1st August 1967 to 15th September 1967 and for the last time from 1st October 1967 to 15th October 1967 and I hold as such. I accept the defence case as true and I further hold that the complainant's case to the effect that he worked under the restaurant continuously for about a year till the alleged date of his dismissal on 14th November 1967 is not true. The complainant, I hold, has failed to prove his case. The documentary evidences produced before this tribunal prove the defence case to the effect that the complainant did never work under the restaurant when Sabir Khan joined there after the expiry of his leave till 15th October 1967, and I hold as such.

In the result I hold that complainant Abdul Barik was a *bodla* employee of the Society Restaurant, who worked for the aforesaid three periods during the absence of three permanent employees of the restaurant.

Points (1) and (3) : For the sake of convenience these two points are taken up together for decision, as they are interrelated. The application under section 33A has been filed with a statement therein that a reference, dated 12th December 1964, regarding an industrial dispute between Messrs. Society Restaurant and their employees, is pending before this tribunal. The defence case is that the said reference was disposed of, long before the filing of the application in question, dated 24th January 1968. Exhibit D the certified copy of a joint petition of compromise shows that the said reference, dated 12th December 1964, was compromised so far back on 6th February 1965, i.e., nearly three years before the date of the filing of the instant application. It is also undisputed that an award on the basis of the said compromise was already passed and published in the "Calcutta Gazette". Now, on such objection taken on behalf of the restaurants, an amendment petition for substituting another order of reference, dated 25th March 1966, has been filed after the evidences were recorded in this case. This petition was allowed by me. Now, the order of reference, dated 25th March 1966, is pending before this tribunal. I may mention here the issues in the said order of reference is : Whether the termination of services of the 28 other workmen of the restaurant as per List A, is justified or not, and whether 13 other workmen as per List B, are entitled to wages for the period of ther forced unemployment from 18th August 1964 till the date of their reinstatement. Abdul Barik is not included in either of the two lists of the order of reference. I have held above that Abdul Barik was only employed in the restaurant as a *bodla* worker on a purely temporary basis. So, by no stretch of imagination, it can be said that Abdul Barik a temporary *bodla* worker is concerned in the said dispute, pending for adjudication in the aforesaid order of reference dated 25th March 1968. So, in my opinion, Abdul Barik has got no authority to file the instant application under section 33A of the Industrial Dispute Act.

Again, when I have held above that Abdul Barik worked in the restaurant purely on *bodla* system during the absence on leave of the three permanent workers of the restaurant, and that he never worked in the restaurant beyond 15th October 1967, I hold that the Restaurant authorities did not violate any of the provisions of section 33 of the Industrial Dispute Act in the matter of discharging Abdul Barik since 16th October 1967 when Sabir Khan joined his duties in the restaurant after expiry of his leave on the basis of his application Ext. C. Accordingly, I hold that the application under section 33A is not maintainable in law.

I thus answer both the points 1 and 3 in the negative and against the applicant.

Point No. (4) : In view of my findings above I hold that the complainant is not entitled to any relief in this application which thus stands dismissed.

This is my award.

Present :

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

This is an application under section 33A of the Industrial Disputes Act filed by Shri Saramatulla Khan and eight others of 1 Joy Bhattacharyya Lane, Calcutta, all employees of the company Messrs, Chitpore Pressing Co., alleging infringement of section 33 of the Act by the company.

The original reference out of which this case has arisen was made under G. O. No. 4391-I.R./IR/7L-36/66, dated 17th November 1966.

The complainants allege that they were entitled to an interim relief of Rs. 20 per head per month from January 1967 as a condition of service, and that the company refused to pay the same.

The company made appearance and filed its written objection alleging that the complainants were not entitled to any interim relief as alleged by them.

On 18th July 1968, i. e., on the date of hearing, Shri Salamatulla, one of the complainants, appeared before the Tribunal and made a statement to the effect that they had already got the interim relief as sought for from the company. He said that they had already received Rs. 200 as arrears of 10 months by signing vouchers.

It thus appears that the complainants are not willing to pursue their application. Salamatulla wants that a "no-dispute" award might be passed in this case.

As there exists no dispute between the parties, I hereby pass a "No-dispute" award in this case. The application is thus disposed of.

> Whether lock-out from 1st July 1967 is justified? To what relief, if any, are the workmen entitled?

Notices were issued to the parties and the parties appeared and filed their respective written statements. The Union filed its written statement on 26th December 1967 while the employer (Company) filed their written statement on 20th March 1968. The case was fixed for hearing on 4th June 1968, on which date none of the parties appeared, and the date of hearing was shifted to 20th June 1968. On 20th June 1968 the employer was present but none appeared on behalf of the Union; and 16th July 1968 was fixed as the date of hearing.

Today also the employer is present but takes no steps and none is present on behalf of the Union. The Union has also not taken any step in this matter. In these circumstances I hold that the dispute under reference is not pursued, and that the said dispute has ceased to exist at present. Accordingly, I make a "no dispute" award in the present case.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, interment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe cadidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. The concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect

Provided also that where an order imposing fine or stoppage of annual increment or reduction in rank is passed under this sub-clause, the workman shall be deemed to have been on duty during the period of suspension and shall be entitled to the same wages as he would have received if he had not been placed under suspension, after deducting the subsistence allowance paid to him for such period:

Provided also that in the case of a workman to whom the provisions of clause (2) of article 311 of the Constitution of India apply, the provisions of that article shall be complied with.

MEMORANDUM OF SETTLEMENT

Name of the Parties: Messrs. Air Survey Company of India Private Ltd., 6/2 Jessore Road, Dum Dum, Calcutta-28, and their workmen represented by Aero Employees' Union (Regd. No. 2845), Gurudwara, No. 2 Gate, Calcutta Airport, P.O. Sultanpur, district 24-Parganas.

Representing Management: Mr. K. K. Roy, Managing Director.

Representing Workmen: Mr N. Guha, President of the Union.

Short recital of the case:

As per terms of the Agreement, dated 17th September 1967, (between the representatives of the Union, namely, Aero Employees' Union representing the workers of the Company and the Management, in presence of Shri R. K. Ghosh, Labour Officer, West Bengal), discussions on the different dates were held between the representatives of the Union and the Management regarding the mode, manner and time of the 6 per cent. deductible advance (given in October, 1967 to all workmen of the Company drawing salary up to Rs. 300 per month) and in certain cases to some drawing salary more than Rs. 300 per month as a special consideration. The representatives of the Union expressed its willingness to settle the bonus issue for the year ended on 31st December 1966, without taking recourse to adjudication. The Union contended that the said advance should not be deducted but should be treated as payment against their demand for the bonus for that year.

In the course of the discussions the Union also raised the question of bonus for the years ended 1962, 1963, 1964 and 1965 which are subject to pending adjudication by giving them some more amount, beyond what has actually been paid, by ex-gratia payment for those years.

The Management contended that, on the trading results of the year and or as per calculation to the Second Schedule of the Payment of Bonus Act, 1965, the workman were not entitled to any profit-sharing bonus for the years prior to the Payment of Bonus Act coming into force and/or not entitled to any bonus except under section 10 of the Act, after the same came into force.

However, in order to create better relationship between the employer and the employees, the Management agreed to discuss the points raised by the Union but at the same time pointed out that some settlement regarding payment of bonus should be reached for some future years to maintain peace in the industry.

After protracted discussions, the matters have been settled on the following terms:

Terms of Settlement

1. It was agreed that the bonus for the next 3 years, namely, 1967-68, 1968-69 and 1969-70 will be paid according to the Payment of Bonus Act, 1965 Subject however, that in case of workmen drawing total wages up to Rs. 500 per month if the calculation as per Second Schedule of the Act, falls below 9 per cent, of the total

wages of the workmen for the year, the difference between the actual calculation and the 9 per cent will be made up by making extra payment to that extent, as an ex-gratia payment. Fulfilling the conditions stated hereinbefore and after bipartite examinations of the calculation under Second Schedule to the Payment of Bonus Act, the Union after recording its views on the said examination with the Management, on the year to year basis shall not raise any dispute during the Agreement period but may raise the disputes in a constitutional manner, if any difference of opinion is formed, regarding the said calculation under Second Schedule, on the expiry of the Agreement period.

2. The Company and the Union shall, within a month of signing this settlement, jointly apply to the Tribunals concerned for withdrawal of the Bonus disputes regarding the years 1962-63, 1963-64, 1964-65 and 1965-66 pending before them.

The Bonus issue for the year ended on 31st March, 1967—now pending conciliation before the Labour Office—shall also be withdrawn by the Union.

3. In view of the terms and conditions as contained in clauses 1 and 2 the Management agree not to recover the advance of 6 per cent. made by it in terms of settlement, dated 17th September 1967, or in accordance with Managing Director's discretion in pursuance to Clause 3 of the said settlement, dated 17th September 1967, and shall treat this as an ex-gratia payment.

No. 5945-I.R./IR/4L-5/68.—10th August 1968.—Whereas under the Government of West Bengal, Labour Department, Order No. 1840-I.R./IR/4L-10/64, dated the 7th May 1966, the industrial dispute between Messrs. MEMORANDUM OF SETTLEMENT

Name of the parties : Messrs. Veegal Engines and Engineering Ltd., 31 Chittaranjan Avenue, Calcutta 12. and their workmen represented by Aero Employees' Union (Regd. No. 2815), Gurudwara, No. 2 Gate, Calcutta Airport, P. O. Sultanpur, District 24-Parganas.

Representing Management : Mr. K. K. Roy, Managing Director.

Representing Workmen : Mr. N. Guha, President of the Union.

Short recital of the case :

As per terms of the Agreement, dated 17th September 1967 (between the representatives of the Union, namely, Aero Employees' Union representing the workers of the Company and the Management, in presence of Shri R. K. Ghosh, Labour Officer, West Bengal), discussions on the different dates were held between the representatives of the Union and the Management regarding the mode, manner and time of the 6 per cent deductible advance (given in October 1967, to all workmen of the Company drawing salary up to Rs. 300 per month). The representatives of the Union expressed its willingness to settle the bonus issue for the year ended on 31st December 1966, without taking recourse to adjudication. The Union contended that the said advance should not be deducted but should be treated as payment against their demand for the bonus for that year.

In the course of the discussions, the Union also raised the question of bonus for the years ended 1962, 1963, 1964 and 1965 which are subject pending adjudication by giving them some more amount, beyond what has actually been paid, by ex-gratia payment for those years.

The Management contended that, on the trading results of the year and/or as per calculation to the Second Schedule of the payment of Bonus Act, 1965, the workmen were not entitled to any profit-sharing bonus for the years prior to the Payment of Bonus Act coming into force and/or not entitled to any bonus except under section 10 of the Act, after the same came into force.

However, in order to create better relationship between the employer and the employees the Management agreed to discuss the points raised by the Union but at the same time pointed out that some settlement regarding payment of bonus should be reached for some future years to maintain peace in the industry.

After protracted discussions, the matters have been settled on the following terms :

Terms of Settlement

1. It was agreed that the bonus for the next three (3) years, namely, 1967, 1968 and 1969 will be paid according to the Payment of Bonus Act, 1965. Subject, however, that in case of workmen drawing total wages up to Rs. 500 per month if the calculation as per Second Schedule of the Act falls below 9 per cent. (nine per cent.)of the total wages of the workmen for the year, the difference between the actual calculation and the 9 per cent. will be made up by making extra payment to that extent, as an ex-gratia payment,. Fulfilling the conditions stated herein before and after bi-partite examinations of the calculations under Second Schedule to the Payment of Bonus Act, the Union after recording its views on the said examination with the Management, on the year to year basis

shall not raise any dispute during the Agreement period but may raise the disputes in a constitutional manner, if any difference of opinion is formed, regarding the said calculations under Second Schedule, on the expiry of the Agreement period.

2. The Company, and the Union shall, within a month of signing this settlement, jointly apply to the Tribunals concerned for withdrawal of the Bonus disputes regarding the years 1962, 1963, 1964 and 1965 pending before them.

The Bonus issue for the year ended on 31st December, 1966—now pending conciliation before the Labour Officer shall also be withdrawn by the Union.

Present for the Company : Shri J. N. Chatterji, Legal Adviser, Indian Engineering Association, assisted by Shri D. K. Ghosh, Assistant Legal Advisor of the aforesaid Association.

Present for the Union : Shri Ramen Banerji, Advocate.

By the Government of West Bengal, Labour Department, order No. 1446-I.R./IR/10L-199/66, dated the 10th April 1967, this industrial dispute between Messrs. British India Electric Construction Co. Ltd. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below:

Issue

1. Whether the dismissal of Shri Gunasindhu Naskar and Shri Md. Sahajan is justified ? What relief, if any, are they entitled to?

On receipt of notice from the Tribunal both parties appeared and filed their respective writen statement.

The case of the Company is as follows :—

On 27th January 1967 at about 12-30 p.m. while the members of the staff were waiting on the table of the staff canteen for meals, some labourers assembled in front of that canteen. Two of them, namely, Gunosindhu and Sajahan, entered into the canteen and asked the members of the staff to leave the canteen without taking meal. They also said that they had not taken their meal. At this Nripati Hazra, a member of the staff, said that there was no trouble in respect of their canteen, and that the management of the two canteens were separate. The members of the staff refused to leave the canteen without taking meal. Then Gunosindhu and Sajahan abused him filthily. Gunosindhu dragged Nripati Hazra and Sajahan pushed him from behind. Kamalendu Patra, another member of the staff, tried to release Sri Hazra from the clutches of Gunosindhu and Sajahan. Then those two persons attacked Sri Patra. At that time Sri S. K. Mukherji, the Labour Welfare Officer, appeared on the spot and he took away Gunosindhu and Sajahan. Thereafter the members of the staff filed a complaint before the management against Gunosindhu and Sajahan. On the basis of that complaint the management issued chargesheet against Gunosindhu and Sajahan. They submitted their explanations. Those explanations were not found satisfactory. Then an enquiry into the charges was held by Shri Birendra Nath Bakshi, the Personnel Officer of the Company. He examined witnesses and gave every opportunity to Sajahan and Gunosindhu for their defence. Then on consideration of evidence he found both of them guilty in respect of the allegations they were charged with. The management agreed with the findings of the enquiring officer and dismissed Gunodindhu and Sajahan from the service of the Company.

The case of the Union is as follows :—

Gunosindhu and Sajahan were active members of the B.I.E.C. Workers' Union. The Employees' Congress is the rival of the present Union, and it is also the recognised Union of the Company. Nripati Hazra is member of the Employees Congress. As Gunosindhu and Sajahan were active members of the BIEC Workers' Union, the management in collusion with the Employees' Congress, dismissed them on false pretexts. Gunosindhu and Sajahan did not enter into the staff Canteen and they did not abuse or assault Nripati Hazra and Kamalendu Patra. It is further their contention that the enquiry was not fair and proper, and that the enquiring officer violated the rules of natural justice and his findings were perverse.

Decision

Exhibt. G is the report of the enquiring Officer. This report has been challenged by the Union on several grounds. It is an admitted fact that chargo sheets were issued on the basis of a petition of complaint submitted by the members of the staff. Ext. E is the said petition of complaint. No copy of this petition of complaint was made over to Gunosindhu and Sajahan before the enquiry. No such copy was given to them even at the time of the enquiry . So it is argued on behalf of the Union that the enquiry was not at all fair. It is true that no copy of the petition of complaint was given to the charge-sheeted workmen. But for this reason alone it cannot be said that the enquiry was was not fair or that the enquiring officer became biased against the two concerned workmen. Page 13 of the enquiry proceedings shows that the petition of complaint was explained to the two workmen concerned at the time of the enquiry. Then the enquiring officer asked the two charge-sheeted workmen to put questions to the witnesses regarding this complaint. He also asked them to take adjournment for the purposes, if necessary. Gunosindhu and Sajahan both said that they would not put questions regarding the petition of complaint. When Nripati Hazra was being examined, the enquiring officer asked Gunosindhu and Sajahan to put questions to him regarding the petition of complaint. It is an admitted fact that one Manmatho represented Gunosindhu and Sajahan at the enquiry, and that the said Manmatho was also asked by the enquiring officer to put questions to Nripati Hazra regarding the petition of complaint. So it cannot be said that because of non-supply of a copy of the complaint by the enquiring officer these two workmen were prejudiced in any way. The enquiring officer gave them sufficient opportunity regarding the petition of complaint. Thus, for non-supply of a copy of the complaint to Gunosindhu and Sajahan it cannot be said that the enquiry was not proper and fair. It is, however, submitted by the learned lawyer on behalf of the Union that the finding of the enquiring officer was perverse. The enquiring officer says in his report that the charge-sheeted workmen deposed at the enquiry that they had been in the Staff Canteen during the tiffin time of the members of the Staff, i.e., between 12 and 12-30 p.m. to draw the sympathy of the Staff members in regard to inadequate supply of rice. It appears that these two workmen never stated in their deposition that they had been to the Staff Canteen between 12 and 12-30p.m. The learned lawyer for the company says that these that these two workmen stated in their explanation that they had entered into the Staff Canteen at 12.30 p m and, as such, it cannot be said that the finding of the enquiring officer was not based on evidence. But it is not the report of the enquiring officer that on consideration of the explanations submitted by these workmen he came to the conclusion that the occurrence took place at 12-30 p.m. On the other hand he says in his report that these two workmen deposed that they had been in the staff canteen between 12 and 12-30 p.m. Certainly this finding is against the weight of evidence. The workmen never deposed before the enquiring officer that they had been in the Staff Canteen between 12 and 12-30 p.m. I, therefore, find that this part of the finding is against the weight of evidence and, as such, perverse. Therefore, it must be held that the enquiry was not fair and proper

Now I shall deal with the merits of the case.

C.P.W.2 Nripati Hazra is a clerk of the Company. His evidence is as follows:

> "On 27th January 1967 at about 12.30 p.m. I was waiting on the table of the staff canteen for meals. At that time two labourers namely Gunosindhu Naskar and Md. Sajahan entered into the staff canteen shouting abuses. They had companions who waited at the door of the canteen..........Gunosindhu and Sajahan asked us to leave the canteen without taking meal. They said that they had not taken meal. I told him that there was no trouble in our canteen and that the management of the two canteens were separate. We asked them to leave the place and to allow us to take our meal. I also told them that if they were not satisfied with the management of their canteen they should report to the Labour Welfare Officer. Sajahan shouted and told the labourers who had been waiting outside that these Babus said that they had no connection with workers canteen. The persons who had been waiting outside asked Gunosindhu and Sajahan to drag Hazra out of the canteen and teach him a lesson just to make him realise if there existed any connection between the staff canteen and the workers' canteen. Then Gunosindhu caught hold of me and Sajahan pushed me. Both used abusive language. Kamalendu Patra who was near the door tried to release me from their clutches. They pushed me outside the door, and then they attacked Patra Babu. At that time Shri S. K. Mukherji, Labour Welfare Officer, reached there. He took away Gunosindhu and Sajahan."

The evidence of Shri Hazra has been fully corroborated by Gopal Das, another member of the staff. P. W.s 2 and 3 Gunosindhu and Sajahan deny that they entered into the canteen or that they abused or assaulted Nripati Hazra and Kamalendu Patra. Their case is that at 11-30 a.m. they went to the threshold of the staff canteen and requested the persons there not to take meal, and when those members of the staff did not listen to their request they dispersed peacefully. It is difficult to rely on the evidence of Gunosindhu and Sajahan. It may be that they were members of the BIEC Workers' Union. But there is no paper to show that they were active members of the Union. It may be that there was rivalry between the two Unions. But there is no evidence that O. P. W. 2 Nripati Hazra and O. P. W. 3 Gopal Chandra Das are active members of the Employees' Congress. There is nothing to indicate that they bore any particular grudge against Sajahan and Gunosindhu. They had no reason to implicate these two employees falsely. These two workmen admit that they went up to the threshold of the staff canteen. That being the position, it is difficult to think that unless Gunosindhu and Sajahan had entered into the staff canteen, abused them and dragged and pushed Nripati Hazra, those two witnesses deposed falsely against them. If no occurrence had taken place inside the canteen, and if the workmen left peacefully from the threshold of the canteen then there could be no reason for these two witnesses to say that Gunosindhu and Sajahan entered into the canteen and acted in a disorderly manner. Ext. E is the petition of complaint. It is in evidence that this complaint was made within a few hours from the time of the incident. So this compalaint also goes to indicate that the statements of Nripati Hazra and Gopal Das are true. I am convinced from the evidence on record that Gunosindhu and Sajahan did, in fact, enter into the canteen, shouted abuses and attacked Nripati Hazra. I, therefore, find that both workmen, namely, Gunosindhu and Sajahan, are guilty of riotous, indecent and disorderly behaviour. Their conduct was certainly subversive of discipline of the Company. They were certainly guilty of gross misconduct.

I find that the management was justified in dismissing these two workmen, namely, Gunosindhu and Sajahan, from the service of the Company. It cannot be said that the management did not follow the principle of natural justice. It cannot be said that the management was actuated with any motive of victimisation. In my opinion the dismissal of Gunosindhu Naskar and Md. Sajahan is justified Those two workmen are entitled to no relief.

This is my award.

AWARD

The Government of West Bengal, in its Labour Department, by Order No. 6945-IR/IR/8L-98/67, dated 30th December 1967, has referred to this Tribunal an industrial dispute between Messrs Gopi Saha Weaving Factory, 122 Dakshindari Road, Calcutta-48 and their Workman, Shri Chanu Talukdar, C/o. Shri Tarapada Maity, 123 Dakshindari Road, Calcutta-48, for adjudication in respect of the following issue :

Issue

Whether the dismissal of Shri Chanu Talukdar is justified ? To what relief, if any, is he entitled ?

The case was fixed for hearing on 24th July 1968. On 24th July 1968 Shri A. K. Sarkar, Advocate for the Company filed a petition for adjournment. The petition was filed at 11-30 a.m. The grounds for adjournment read as follows :—

"1. That today is the date fixed for hearing.

2. That the company's representative could not be contacted as he is engaged in another matter and the date was not known earlier as such the case cannot be conducted in his absence."

I could not follow what exactly was meant by the statement referred to above. The learned Advocate, however, stated before me in presence of the lawyer of the other that the date of hearing was not known to him. As I was not at all impressed with the grounds of adjournment I rejected the petition. The learned Advocate Shri Sarkar prayed that the case might be taken up at 2 p.m. I agreed and accordingly the case was taken up at 2p.m.

The Workman examined 4 witnesses and closed his evidence. Though the case was heard in part, on the verbal prayer of Shri Sarkar the case was adjourned to 26th July 1968 for further hearing. This day I waited from 10-30 a.m. for taking up the case. At 11-30 a.m. an application was filed by Shri Sarkar praying for an adjournment on the ground that Shri Gopi Saha, Proprietor of the Company is ill and as such the case cannot be conducted in his absence. A medical certificate has been filed along with the petition. The petition has been rejected by me. The learned lawyer for the workman and also the workman are present in Court. The medical certificate is dated 26th July 1968. It is thus seen that the certificate could be secured only today. In the certificate the doctor states that Shri Gopi Saha has been suffering from acute gastrities since 21st July 1968. When the application for adjournment of on behalf of the Company was filed on 24th July 1968 the fact of illness of the Proprietor was not stated. Again as has already been stated the case was heard in part on 24th July 1968. When it is known to the Company that Shri Saha has been suffering from 21st July 1968 and is unable to attend court on 26th July 1968 no attempt was made on behalf of the company to state this fact before the Court on 25th July 1968. I was therefore reluctant to place any reliance upon the correctness of the statement of the petition filed today. That being so, I have rejected the application for adjournment. I have already mentioned that the workman closed his evidence on 24th July 1968. It is the case of the workman who has been a examined as P.W. 1 that on 31st July 1967 the company terminated his service. No notice was issuecd to him. The termination was made verbally. On 31st July 1967 in the morning the Mistry told him that Shri Gopi Saha informed him that he should not work. He waited till 12noon when Shri Gopi Saha came and the witness asked him why he was not allowed to work. Shri Saha asked him to go away saying that he should not work at the factory any more. He did not assign any reason for his termination of service. He left the factory at about 1-30 p.m. He denies to have received any charge-sheet from the Company on 22nd July 1967. He also denies that he was suspended on 31st July 1967. He further denies that he attended the enquiry on 10th August 1967. He asserts that he did not receive any notice of enquiry. He denies the suggestion that he instigated the workers not to abide by the terms of the agreement. P.W. 2 is Haradhan Mallick who used to work with Chanu Talukdar. It is his evidence that on 31st July 1967 he heard an altercation between Chanu and Gopi Saha. Shri Saha stated that he won't allow Chanu to work. The witness did not see Chanu working at the factory from the next day. P.W. 3 Shri Gopal Singh used to work with Chanu Talukdar. He comes to say that his service was terminated after Chanu's service was terminated. P.W. 4 is B. K. Dutta Gupta, the President of Dakshindari Weaving Workers'

Union. It is his evidence that after the middle of July 1967, Chanu reported to him that as he was engaged with the activities of forming a new Union the Proprietor was displeased with him. On 31st July 1967 Chanu Talukdar came to him and reported that his service was terminated from that date. He advised him to approach the Proproietor and to issue a notice to him. The proprietor refused and asked him to do whatever he liked. In cross-examination this witness states that no charge-sheet was issued to Chanu. At the Conciliation proceedings the Proprietor could not produce any charge-sheet. He asserts that he knows that the proprietor did not produce chage-sheet and other papers before the Conciliation officer.

After the petition for adjournment was rejected the Company did not proceed with the case and no evidence was adduced on behalf of the Company. That being so, I have the evidence of the workman only, which has already been discussed. On the evidence on record it must be said that it has not been proved that any charge-sheet was issued to Chanu Talukdar and that no enquiry was held and that being so it must be told that the dismissal of Chanu Talukdar is not justified.

It is, therefore, ordered that Shri Chanu Talukdar be reinstated forthwith.

This is my award.

The Government of West Bengal, Labour Department, by the Order No. 2108-I.R./IR/10L-58(A)/66, dated the 22nd May, 1967, has referred this industrial dispute between Messrs. Remington Rand of India Ltd., 3 Council House Street, Calcutta-1, (hereinafter referred to as the Company), and their workmen represented by Remington Rand Staff Assoiation, Shramik Bhaban, 177/B, Lower Circular Road, Calcutta-14, (hereinafter described as the Union), to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue:

(1) Bonus for the accounting year 1964-65.

Interim Award

During pendency of this dispute the union filed an application for interim relief on 1st July 1968 praying that pending final disposal of this case the Head Office staff of the company may be given bonus at part with the factory staff who have received bonus for the year in question at the rate of 19.6 per cent or so.

On 17th July 1968 the company filed a petition opposing the union's claim for interim relief.

Heard both the sides on the union's application for interim relief.

In its written statement the union has alleged that the workmen have been paid bonus for the accounting year ending with 31st March 1965, at the rate of 11 percent of their annual earnings, and that the employees have demanded bonus at the maximum rate of 20 percent of the annual earnings The Company in paragraph 4 of their written statement have denied that bonus was paid to the workmen at the rate of 11 per cent of the annual earnings, as alleged. The Company have specifically stated in the said paragraph that in respect of the year in question the company have paid bonus equivalent to 18.02 per cent of the employees' gross salary and in addition made an advance, recoverable failing amicable settlement, equivalent to two weeks' basic wages to each employee. In paragraph 9 of their written statement the company has pleaded that upon proper calculation the employees are only entitled to a bonus equivalent to 13.6 percent of their total wages for the relevant year, and that they are not entitled to bonus at any higher rate. In reply to the union's application for interim relief, the company have filed a calculation sheet on 3rd July 1968, from which it appears that the total amount of bonus paid to some classes of employees for the year ending with March 1965, was at the rate of 19.73 per cent. The company filed another petition on 17th July 1968, paragraph 5 of which runs as follows :

> "With reference to the allegations in paragraph 3 of the said petition contained, your petitioner states that for the concerned year, the workmen are legally entitled to bonus equivalent to 13.6 percent of their total annual wages. Your petitioner however has paid Rs. 17,73,813 to its employees throughout India including Head Office Staff, Calcutta Regional Office and factory employees. The said sum of Rs. 17,73,813 includes an advance of 2 week's basic wages (Rs. 1,54,094) recoverable failing amicable settlement. The total payment made including the said advance of two weeks' basic wages is equivalent to 19.73 per cent of the total annual wages of all covered employees of the Company."

It is contended on behalf of the company that although they have paid bonus for the relevant year to all covered employees of the Company at the rate of 19.73 per cent of the total annual wages, the workmen are legally entitled to bonus equivalent to 13.6 percent of their total annual wages and nothing more. I am, however, not inclined to accept this contention of the company. In paragraph 4 of their written statement filed on 24th November 1967,the company have specifically stated that they paid bonus in respect of the said year equivalent to 18.02 per cent of the employees' gross salary to each employee. If that be so, I find no reason why the Head office staff of the company, who are applicants before me, will not be entitled to bonus at the admitted rate of 18.02 percent of their gross salary as interim relief pending final disposal of this reference. Accordingly, I allow the union's application for interim relief and held that the Head Office staff of the company will get bonus for the year 1964-65 at the rate of 18.02 per cent of their gross annual earnings as interim relief pending final disposal of this case. This interim relief will be adjusted at the time of passing the final award.

MEMORANDUM OF SETTLEMENT :

Name of the Parties : Messrs Airways (India) Limited, 31 Chittaranjan Avenue, Calcutta-12. and their workmen represented by Aero Employees' Union (Regd. No 2845), Gurudwara, No. 2 Gate, Calcutta Airport, P.O. Sultanpur, Dist. 24 Pargs.

Representing Management : Mr. K. K. Roy, Director.

Representing Workmen : Mr. N. Guha,, President of the Union.

Short recital of the case :

As per terms of the Agreement, dated 17th September 1967, (between the representetives of the Union namely Aero Employees' Union representing the workers of the Company and the Management, in presence of Shri R. K. Ghosh, Labour Officer, West Bengal), discussions on the different dates were held between the representatives of the Union and the Management regarding the mode, manner and time of the 6 percent deductible advance (given in October 1967 to all workmen of the Company drawing salary upto Rs. 300 per month) and in certain cases to some drawing salary more than Rs. 300 per month as a special consideration. The representatives of the Union expressed its willingness to settle the bonus issue for the year ended on 31st December, 1966, without taking recourse to adjudication,. The Union contended that the said advance should not be deducted but should be treated as payment against their demand for the bonus for that year.

In the course of the discussions the Union also raised the question of bonus for the years ended 1962, 1963, 1964 and 1965 which are subject pending adjudication by giving them some more amount, beyond what has actually been paid, by ex-gratia payment for those years.

The Management contended that, on the trading results of the year and or as per calculation to the Second Schedule of the Payment of Bonus Act, 1965, the workmen were not entitled to any profit-sharing bonus for the years prior to the Payment of Bonus Act coming into force and or not entitled to any bonus except under section 10 of the Act, after the some came into force.

However, in order to create better relationship between the employer and the employees the amanagement agreed to discuss the points raised by the Union but at the same time pointed out that some settlement regarding payment of bonus should be reached for some future year to maintain peace in the industry.

After protracted discussions, the matters have been settled on the following terms :

TERMS OF SETTLEMENT :

1. It was agreed that the bonus for the next 3 years namely, 1967, 1968 and 1969 will be paid according to the Payment of Bonus Act, 1965, subject, however, that in case of workmen drawing total wages upto Rs. 500 per month—if the calculation as per Second Schedule of the Act, falls below 9 per cent of the

total wages of the workmen for the year, the difference between the actual calculation and the 9 per cent. will be made up by making extra payment to that extent, as an exgratia payment. Fulfilling the conditions stated herein before and after by-partite examinations of the calculation under Second Schedule to the Payment of Bonus Act, the Union after recording its views on the said examination with the Management, on the year to year basis shall not raise any dispute during the Agreement period but may raise the disputes in a constitutional manner, if any difference of opinion is formed, regarding the said calculation under Second Schedule, on the expiry of the Agreement period.

2. The Company and the Union shall, within a month of signing this settlement, jointly apply to the Tribunals concerned for withdrawal of the Bonus disputes regarding the years 1962, 1963, 1964 and 1965 pending before them.

The Bonus issue for the year ended on 31st December 1966, now pending conciliation before the Labour Officer—shall also be withdrawn by the Union.

3. In view of the terms an conditions as contained in clauses 1 and 2 the Management agree not to recover the advance of 6 per cent. made by it in terms of settlement dated 17th September 1967 of in accordance with Director's discretion in pursuance to clause 3 of the said settlement dated 17th September 1967 and shall treat this as an ex-gratia payment.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri T. K. BANERJEE, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 4698-I.R./IR/11L-416/67, dated 18th September 1967, referred this industrial dispute between Messrs. Ram Saran Das and Brothers (Agents of Messrs. Vindhya Collieries Private Ltd., Ramnagar Colliery), 18 Netaji Subhas Road, Calcutta-1, and their workmen represented by Employees' Association, 1 Joy Bhattacharjee Lane, Calcutta, under section 10 of the Industrial Disputes Act to this Tribunal for adjudication on the following issue :

> Whether the termination of service of Shri V. G Krishnan is justified ? To what relief, if any, is he entitled ?

Notices were issued to the parties and the parties appeared and filed their respective written statements. The Union filed its written statement on 29th December 1967 while the employer (Company) filed their written statement on 19th February 1968. The case was fixed for hearing on 25th April 1968, on which date the employer took on adjournment ; and the date of hearing was fixed on 10th June 1968. On 10th June 1968 none of the parties appeared and the case was fixed for hearing on 9th July 1968. Thereafter the date of hearing was again shifted to 31st July 1968.

Today the employer is present but takes no step, while none is present on behalf of the workmen. Moreover, a petition is filed today by Shri Panchanan Bhattacharya, President, Employees Association, who is conducting the case on behalf of the Union, intimating this Tribunal that the workman concerned is remaining silent in spite of repeated request to meet Shri Bhattacharya and take steps in the matter. In the circumstances, I hold that the dispute under reference has ceased to exist at present. Accordingly, I make a "No dispute" award in the present case.

Shri H. N. SEN, Judge,
Second Industrial Tribunal.

By order No. 5091-IR/IR/4L-56/67, dated Calcutta, the 26th September 1967, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Ashoke Transport Agency and their workman Shri Gopinath Chatterjee, represented by Carrier Transport Employees' Union, to this Tribunal for adjudication on the following :

Issue

Whether the dismissal of Shri Gopinath Chatterjee is justified? What relief, if any, is he entitled to?

After service of notice parties entered appearance and after obtaining several adjournments the Union filed written statement on 31st January 1968. Company filed written statement on 23rd March 1968. On the date of hearing a joint petition of compromise was filed signed for the Company by a partner and the workman himself. The compromise was accepted. It appears that the parties had settled the dispute out of Tribunal and it was alleged therein that the workman concerned had no further claim or dispute against the Company in any form. In the circumstances the Tribunal considers that the dispute referred to this Tribunal for adjudication has ceased to exist. The Tribunal accordingly passed a "No dispute" award and the case is disposed of accordingly.

(c) If an employee while officiating in a post or holding a temporary post on a time-scale pay, is appointed to officiate in a higher post or to hold a higher temporary post, his officiating or temporary service in the higher post shall, if he is re-appointed to the lower post, count for increment in the time-scale applicable to such lower post. The period of officiating service in the higher post which counts for increment in the lowest post is, however, restricted to the period during which he would have officiated in the lower post but for his appointment to the higher.

(d) If the tenure of a temporary post held by an employee is interrupted by duty in another post other than a post carrying less pay, or by leave or any kind other than leave without pay, or by foreign service, such duty, leave on foreign service as the case may be, counts for increment in the time-scale applicable to the temporary post, if the employee returns to the temporary post on termination of such duty, leave or service.

When the full amount is allowed, the period of such absence from duty will be treated as a period spent on duty, and when less than full amount is allowed the period may be treated as duty or leave, but it will not be so treated unless the authority competent to pass orders on the case directs accordingly. (3) For the removal of doubts it is hereby declared that the condition in clause (A) (b) of sub-paragraph (2) shall not be deemed to have been fulfilled by a political party if a member of the House of the People or the Legislative Assembly of the State becomes a member of that political party after his election to that House or, as the case may be, that Assembly.

7. **Two categories of recognised political parties.**—(1) If a political party is treated as a recognised political party in accordance with paragraph 6 in four or more States it shall be known as, and shall have and enjoy the status of, a "National party" throughout the whole of India; and if a political party is treated as a recognised political party in accordance with that paragraph in less than four States, it shall be known as, and shall have and enjoy the status of, a "State party" in the State or States in which it is a recognised political party.

(2) Notwithstanding anything contained in sub-paragraph (1), every political party which, immediately before the commencement of this Order, is a multi-State party shall, on such commencement, be a National party and shall continue to be so until it ceases to be a National party on the result of any general election held after such commencement.

9. **Restriction on the allotment of symbols reserved for State parties in States where such parties are not recognised.**—A symbol reserved for a State party may be included in the list of free symbols in any State in which that party is not a State party so, however, that such symbol shall not be allotted to any candidate set up by any other political party, recognised or unrecognised, at any election in such State but may be allotted subject to the provisions of paragraph 10 and paragraph 11 to any candidate not set up by any political party (hereinafter referred to as "independent candidate").

(c) if of those several candidates being all independent candidates no one is or was a sitting member as aforesaid, the returning officer shall decide by lot to which of those independent candidates that free symbol shall be allotted and allot that free symbol to the candidate on whom the lot falls and to no one else.

13. **When a candidate shall be deemed to be set up by a political party.**—For the purposes of this Order a candidate shall be deemed to be set up by a political party if, and only if,—

Present:

Shri G. B. GHOSH, Judge,
Third Industrial Tribunal.

For the Union: Shri D. L. Sen Gupta, Advocate.

For the Company: Shri N. K. Mukherji, Advocate with Shri D. M. Lahiri, Advocate.

AWARD

The Government of West Bengal, in the Labour Department, by order No. 3550-I.R./IR/13L-30/67, dated the 27th July 1967, referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal, an industrial dispute existing between Messrs. W. Newman and Co. Ltd., 3 Old Court House Street, Calcutta-1, and their workmen represented by Newman's Employees' Union, 23 Srimanta Dey Lane, Calcutta-13, for adjudication in respect of the following issue:

Issue

1. Retiring Gratuity.

Undisputedly the company, Messrs. W. Newman and Co. Ltd., is an old concern in India being publishers and book-sellers. It is admitted that this company was formerly being run under British capital. During the year of Independence in 1947, it is undisputed that the Britishers while leaving this country, sold out this concern, which is now being run since that year under Indian capital. It is further admitted in this case that this company has got its Head Office at 3 Old Court House Street, where they have got their book-selling shop. This company further owns a press of their own at 21 Meredith Street, where they print their own books. This company are also agents of others' book including Foreign publications, being Pargaman Press. This company themselves publish large number of books. Thus in the year 1947, the present management acquired the shop as well as the press from the previous British owners.

The instant reference is for "Retiring gratuity" in respect of the employees of the shop only and not for the press employees. According to the company, the printing concern and the book-selling concern are the two different units. According to the union there are about 65 employees in the book shop, whereas D.W.1. Mr. Pillai, the Assistant Manager of the company, stated that there are about 70 employees in the book-selling shop since 1947. Be that as it may, it is also admitted fact that for the first time in 1959 there was an award by the Second Labour Court regarding the pay structure of the employees of the book shop (vide Ext. C). Undisputedly the terms of this award were subsequently implemented. It is then admitted that subsequently there were three bi-partite settlements between the management and the union, first in 1960, then in 1963 and also in 1965. [Vide Exts. A(1), A(2) and A(3)]. In May 1967 there was admittedly another tri-partite settlement (vide Ext A). Grades and scales of pay and also D.A. were enhanced and fixed by this tri-partite settlement of 1967. As per the terms of this settlement, the issue of "Retiring gratuity" was referred to this tribunal for adjudication.

I may mention here that the employees of the book shop of the company are enjoying provident fund benefits Contribution on each side is at present 8 per cent. on total wages as fixed by the tri-partite settlement, Ext A, of the year 1967. According to P.W.5, an employee of the company and a member of the executive committee of the union, this provident fund scheme is in force since 1952. As per terms of the tri-partite settlement of 1967 (vide Ext A), it is admitted that the normal retiring age of the employees of the company was fixed at 58 years, or at the discretion of the management at 60 years. The aforesaid terms cover the employees of the book shop only and it is admitted that the employees in the Printing Press are not the members of the union in question.

The company, though filed a long written statement, at the time of hearing, two points were actually urged by the learned Advocate. According to him industry-cum-region basis should be the principle in considering the question as to whether the gratuity scheme should be enforced in this company or not. Secondly, it has been contended that the financial capacity of the company is not such to bear the further burden of liability to pay the gratuity money to the retired employees.

The union in its written statement contended that the company, a flourishing concern, is earning profits year after year and as such the company should enforce the double benefit, one being provident fund benefits already in existence and also the gratuity scheme.

Ordinarily, the industry-cum-region basis must be preferred to grant the unit basis or to All India basis. This is, however, not a rigid rule. Uniformity in all concerns in the same industry in the same region is the objective. But the tribunals have a discretion in the matter and reasonable modifications according to the financial condition of each concern are allowable. An industry-cum-region basis is not an inflexible rule which must be adopted in every case; even when a gratuity scheme is framed on the unit basis, it is valid if its terms are reasonable and fair to both parties. If the scheme of gratuity introduced is reasonable and in accord with the gratuity schemes, recently introduced in other places in India, the employer cannot object to introduction to his concern merely on the ground that such scheme is not in force in similar other concerns in the region.

I have evidence before me regarding several other book-sellers and publishers. P.W.1 is an employee of Messrs. Orient Longmans, having its Head Office at 17 Chittaranjan Avenue, Calcutta. It is a publishing concern and it has got an agency of foreign books, which it sells. By a circular dated 12th December 1966, gratuity scheme was introduced in this company (vide Ext. 1). It is, of course, in evidence that Messrs. Longmans is a publishing concern and that they are wholesalers. Their employees also enjoy provident fund benefits. P.W.2 Shri Samir Kumar Banerji is an employee of the well-known book-sellers and publishers, Messrs. Oxford University Press. The employees of this concern also enjoy the benefits of both provident fnd and gratuity. This gratuity scheme was introduced since September 1955 as published in their deed of trust and rules (Ext.2). Now, this concern Messrs. Oxford University Press is, of course, run by entirely foreign capital. P.W.3 is an employee of Messrs. Blackie and Son (India) Ltd. The employees of this concern enjoy benefits of both provident fund and gratuity. Gratuity scheme was introduced in this company some time in the year 1967 on the basis of a mutual settlement with the company authorities. This concern is also being run entirely with foreign capital. They are wholesalers as well as retailers. It is also in evidence that the company in question, being Messrs. Newman and Co. Ltd. also sells books in wholesale and also in retail. P.W.4 Shri Bhupati Bhusan Bhattacharji is an employee of Messrs. Macmillan and Co. Ltd. Their employees enjoy benefits of both provident fund and gratuity. Now, this gratuity scheme was introduced for the first time, in the year 1962 on the basis of an agreement in that year. This scheme was subsequently modified as per the Memorandum of Settlement between the management and the union on 26th April 1968 (Ext.4). This concern sells books in wholesale as well as in retail. P.W.5 is an employee of Messrs. W.Newman and Co. Ltd. It also appears from the evidence on record that the minimum wage of a clerk of this concern is less than the minimum wage of a clerk in the other concerns mentioned above. Wage-scale is lower in this concern.

It has been contended on behalf of the company that when the provident fund claim is in existence in this concern, gratuity scheme should not be introduced in order to burden the company further, in view of their existing financial capacity. Now industrial employees are entitled to the double benefit of gratuity as well as provident fund. There is no bar on principle to this double benefit and the claim for gratuity must be allowed subject to the employer's capacity to bear the double burden. The existence of a statutory scheme of provident fund, does not bar the workmen from claiming introduction of the gratuity scheme also. The Act does not exclude the jurisdiction of the Industrial Tribunals to entertain, such demand. We have found above that the system of gratuity as well as provident fund is in force in other similar concerns, so this tribunal would be justified in introducing a gratuity scheme even when a provident fund scheme is already in force, unless, of course, the employers prove that this additional burden will be too heavy to bear. Thus, the only question now to consider is: Whether the employer concerned is financially capable of bearing this additional burden of gratuity or in other words, whether this additional burden will be too heavy to bear. Let us see whether the employers have been able to prove this fact.

According to Assistant Manager of the Company Mr. Pillai (D.W.1), in the year 1964-65 the sale figure of their books was Rs.13,98,443. Such sales in the two subsequent years 1965-66, and 1966-67, were Rs.13 81,357 and Rs. 12, 21,475. According to him, the sale figure of their books in the year 1967-68 was Rs. 9, 41,322. Messrs. W. Newman and Co. Ltd. undisputedly deals mainly with imported books. According to D.W.1 the price of the imported books went up to 57 1/2 per cent, and the economic depression caused private firms to purchase lesser books. After devaluation D.W.1 said that the Government has made it obligatory for booksellers to sell books at official exchange rate, as against the previous practice of book sellers putting a mark up to 15 to 20 per cent. This concern also publishes one important publication "Indian Bradshaw". According to this witness further, they made profit of Rs.51,000 in the year 1964-65 and in the next year 1965-66 they incurred a loss of Rs. 3,000 and in the year 1966-67 they incurred a loss of Rs. 57,200. He further said that there was no bright prospect of the company and in fact the prospect was very deem. According to him they are not in a position to bear the burden of gratuity to the employees of their book-selling shop. In the meantime I may mention that the contention raised on behalf of the company to the effect that their employees accepted the fresh terms of employment in the present management when the Britishers left has not been proved. D.W.1 stated that they have got no record to show that the employees did actually draw their pay either less or more than what they were drawing when the Britishers left. Further, he has got no application, alleged to have been submitted by the employees in 1947, showing that they had offered for fresh employment under the new management. On the question of fresh employment, the defence relies only on Ext C, which is an award, which says that the company's contention at the time of hearing of the reference in that case in respect of gratuity was that fresh appointments were made, after the present management as taken charge of the company. But this previous award was also to the effect that the evidence on this point was not clear. This award is dated so far back on 10th December 1959. But if we look to the balance sheets of the company Ext. B series, it would appear that the aforsaid statements of D.W.1 in his chief cannot be taken as final, against the employees' claim for gratuity. I have already mentioned above that this concern maintains separate accounts for the shop as well as for their press; but such separate accounts have not been brought and produced before me. It is also admitted that the terms of employment of the employees are different in the press and the book-selling shop, and, for the workmen of the press they are governed by the press award and the Minimum Wages Act . There is also no such Act for shop employees. It appears from the profit and loss accounts of the balance sheets Ext. B series, that the company made Rs. 1, 17, 190.47P as net profit for the year ending 31st March 1964, in comparison with the profit of the previous year to the extent of only Rs. 80,464.50P. Next year, i.e., during the year ending 31st March 1965 profit stood at Rs. 2,10,244.91P. In the next year this nett profit, of course, came down to Rs. 1,09,257.60 P. It is true that in the year ending 31st March 1967 this nett profit came down to Rs.28,044. 67 P. But the fact that for one year only there was not much profit, does not disprove the claim of the employees for gratuity benefits. Moreover, the company has a general reserve of Rs. 55,000 and as also development rebate reserve of Rs. 71,000. These amounts, according to D.W.1, are for the press only. But there is no separate mention of this fact in the balance sheets.

In considering the question as to whether the financial capacity of the employer at the time of adjudication of the issue of gratuity, we must also consider the exact financial burden of the company on account of the introduction of the gratuity scheme. This financial burden of gratuity scheme must be calculated on the practical basis with only 3 to 4 per cent. of the employees retired every year, but not theoretically on acturial basis.

In calculating the burden of the proposed gratuity scheme, the Tribunal must assess the actual burden imposed on the basis of annual retirement of 3 to 4 per cent. of the employees, and not theoretically on the acturial basis.

Calculating this financial burden on the basis of annual retirement of 3 to 4 per cent. of the employees and on a consideration of the present pay scale of the employees appearing from Ext A in force from May 1967, it is abundantly clear that this extra burden would not be more than Rs. 8,000 or 9,000 per annum. Now, I hold on the evidences before me that the financial capacity of the company is sufficient to bear this burden of Rs. 8,000 or Rs. 9,000 or so per annum for the implementation of the gratuity scheme.

Next as regards the minimum period of service which entitles the employees to have gratuity from the company, I am of opinion that the minimum period of such service should be fixed at 15 years. Now as the issue is only "Retiring gratuity", it does not include death gratuity in case of death of an employee.

"Retiring gratuity" includes also voluntary retirement after completion of 15 years of service under the company. It includes also cases of accepted resignation after completion of the same period of service. The rate and the ceiling must be reasonable. There is, of course, no invariable rule that a ceiling must always be placed on the total amount payable as gratuity.

On a consideration of the entire evidences on record and the facts and circumstances of the case I hold that the gratuity scheme should be inforced in this company. I hold this on a consideration of the industry-cum-region basis. Further, I hold that the financial capacity of the company such that they could bear the further burden of liability pay the gratuity money to the retired employees first by way of superannuation at the age of 58 years or 60 years and also by way of accepted resignation and forced retirement due to his becoming physically or mentally incapable of further service.

I frame the retiring gratuity scheme as follows :

(1) Minimum qualified service should be 15 years.

(2) The retiring gratuity would be payable on retirement due to superannuation at the age of 58 years or 60 years and also on the employees becoming physically or mentally incapable of further service, and also in cases of voluntary or forced retirement.

(3) If it is a case of dismissal for misconduct resulting in loss, the same (loss) is to be deducted from the amount of gratuity payable to the employees.

(4) For each year of completed service, 15 days' basic wages for gratuity would be payable.

(5) The minimum amount of gratuity in any case would not exceed 15 months' basic wages.

(6) Salary for the purpose of calculating gratuity shall mean an average basic salary excluding all allowances, for 12 months preceding the the date on which the employees ceases to be in the employment of the company.

(7) This gratuity scheme should be introduced with effect from 1st August 1968.

This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri H. N. SEN, Judge, Second Industrial Tribunal.

Government of West Bengal, Labour Department by its order No. 3246-I.R./IR/11L-257(A)/63, dated Calcutta, the 15th July 1967, referred an industrial dispute between Messrs. Ramdutt Ramkissendass and their allied concerns, namely, Messrs. New India Investment Corporation Ltd., Messrs. Hukumchand Jute Mills Ltd., Messrs. Bhagawati Trading Company, Messrs. United Investment Company Ltd., Messrs Central Cotton Mills, Messrs. Kamala Mills Ltd., Messrs Calcutta Investment Company Ltd., and their workmen represented by the Ramdutts Ramkissendass concerns Employees' Union to this Tribunal for adjudication on the following :

Issue

1. Gratuity for the employees of Messrs. Ramdutt Ramkissendass and their allied concerns mentioned above excepting the sub-staff of Messrs. Hukumchand Jute Mills Ltd.

After service of usual notices parties entered appearance and filed written statements. The workmen of all these concerns are represented by Ramdutt Ramkissendass Concerns Employees' Union. Union's case in short, is that all these companies and concerns are virtually family concerns of late Ramdutt Goenka and Ramkissendas Goenka and that these concerns are situate in the same floor without any demarcation between one and the other and that the companies have no well-defined staff of their own but that workmen of one company are employed for the work of different concerns though they may be paid by one or other of the concerns. The Union then alleged that the companies and concerns were so prosperous and stable that their workmen are entitled to a big margin by way of fair wages. Even though all the respectable commercial concerns of the region paid their clerical and sub-staff doing the same nature of jobs double retiral benefits in the shape of gratuity besides provident fund in the case of companies and concerns named in the order of reference there is no provision of any gratuity besides the provident fund except in regard only to the period not covered by the provident fund and this only helped a few of the workmen and that also to a limited extent. The workmen of the companies therefore have little to fall back upon when they retire or resign or even dismissed after some period of service. Union, therefore, asserted that in view of the low wages double retiral benefit, namely gratuity in addition to provident fund, prevalent in almost all the companies in the same region should be introduced. Absence of any such benefit in the shape of gratuity in addition to provident fund therefore induced the workmen of the companies to make a demand for gratuity in addition to provident fund and a charter of demand was made by letter dated 24th May 1966 claiming gratuity at the rate of one month's pay inclusive of dearness allowance (last drawn) for each completed year of service. This was refused by the company and the matter was then taken in conciliation proceedings. Ultimately when no settlement could be reached because of the adamant attitude of the company the present reference was made to this Tribunal at the instance of the Union and the Union claimed gratuity in addition to provident fund at the rate of one month's wages for each year of service on resignation after five years, termination of service by the companies irrespective of any qualifying period and on retirement or death or disability.

All the companies named in the order of reference filed separate written statements. Their written statements being couched on identical terms are summed up as follows :

The companies named in the order of reference denied that the concerns were family concerns and alleged that all the concerns are distinct and separate concerns and that they could not be grouped together as one on the score of any alleged functional integrality. It further averred that though the head offices of all the companies are in one premises but their places of activities are at different places, one unconnected from the other undertaking. Regarding the financial condition of the company it is averred that none of the concerns was either prosperous or had any financial stability, as to bear long term burden of any payment of gratuity over and above provident fund and they averred further that the wages that are being paid are so paid on the basis of the Tribunal award dated 22nd June 1967. In this connection it further averred that the claim of gratuity made on earlier occasions had been duly considered by the previous Tribunals but after due consideration as to the financial stability of the companies the claim for gratuity simpliciter had been negatived and only gratuity was allowed for the period uncovered by the provident fund. The financial condition of the companies is not at all satisfactory. On the contrary there was marked deterioration from what it was in 1961 and the companies also suffered loss in some of the later years. Considering that the companies have no financial stability, no further financial burden should be imposed on the companies by way of introducing any grautity scheme in addition to the scheme of provident fund in existence.

Appearances of the parties are as follows :

For the Companies : Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam and Co., Solicitors, with Shri N. M. Das Gupta, Advocate.

For the Union : Shri D. L. Sen Gupta, Advocate.

As observed already, objections were taken by the companies that every concern was a separate and distinct one and they could not be grouped together in the same reference. The question is whether the companies or concerns named in the order of reference are units of the same company or they are separate and distinct concerns. While conceding that the Tribunal awards were against the companies on the question, it was urged by Shri J. K. Ghosh for the companies that the tests laid down in the Supreme Court cases had not been applied by the previous Tribunals and as such the question needed fresh consideration and he argued that it should be reconsidered in the light of Bangoor's case reported in 1961, (II) L. L. J. page 351 and another case reported in 1963, (II) L. L. J. page 403. In this connection Shri J. K. Ghosh further urged that the best evidence which the Union could produce had not in fact been brought. In fact no workman of any of the companies or concerns had been examined to prove that any of them have had to work for another concern or that any of them had been transferred from one concern to another. He further contended that this Tribunal should not decide the question on mere suspicion or make any guesswork on the question. He finally summed up his argument on this point by saying that the evidence adduced by the Union fell far short of the tests laid down in the abovementioned cases. True, it was held in Bangoor's case that there should be investigation into the question of functional integrality even after it was proved as a fact that the companies concerned maintained separate attendance registers, pay sheets, etc. In my view the question having been raised and decided by the previous Tribunals must be deemed to have been concluded and the findings of the previous Tribunals on such question would remain binding on the companies concerned since they were all parties to the said awards. In this connection Shri D. L. Sengupta for the Union referred to me the relevant portion of Sarkar Tribunal award and the award of Shri S. K. Bhattacharyya and argued that the findings arrived at in such Tribunal Awards concluded the question on the principle analogous to the principles of res judicata since such questions had been raised and decided against the companies. I entirely agree with this view and hold that the question cannot be allowed to be re-agitated when in point of fact the company had the opportunity to go in for appeals against the findings of Sarkar and Bhattacharyya Tribunal awards, on this particular question. Sarkar Tribunal award was published in the "Calcutta Gazette" dated 16th February 1961 and that of Bhattacharyya Tribunal award was published in the "Calcutta Gazette, Extraordinary" dated 22nd June 1967. In paragraph 3 of the Sarkar Tribunal award it was categorically held on the evidence before the said Tribuna that there could not be any doubt that those were all allied concerns of Ramdutt Ramkissendas and that the work of the employees was more or less regulated by the said firm. It was also found as a fact that there was no demarcation separating the office of one concern from that of another and the employees were found on evidence to have been transferred from one concern to another. Similar was the finding in the award passed by Shri S. K. Bhattacharyya and it was held that even though they were separate entities but no doubt they were controlled by the members of the Goenka family who traced their descent from Ramdutt Goenka. In the result, it was found as a fact that to all intents and purposes it was the members of the Goenka family who controlled these concerns and it was further found as a fact that there was evidence to show that the employees of one concern often had to render services in another concern for which that company did not charge the other company. In the result, therefore, the finding and the award passed by Shri S. K. Bhattacharyya was that in the circumstances there could be little doubt that there was some sort of functional integrality even though the companies had separate balance sheets, made separate payments to their staff, paid proportionate rent, electric and telephone charges to either Ramdutt Ramkissendas or to Hukumchand Jute Mills Ltd. While coming to such a finding Shri Bhattacharyya in his award gave his anxious considerations to the observations made in the Sarkar Award on the question.

In the above view of the matter it is no longer open to the companies concerned to urge the same question over again and I hold it as concluded by the findings of fact arrived at by the Sarkar Tribunal and subsequently by Bhattacharyya Tribunal and I leave the matter at that and hold that for the purpose of the present reference these companies are allied concerns of Ramdutt Ramkissendas as indicated in the order of reference. The Union called for certain documents from three of the companies and the said companies were directed to produce the same on the date of argument (vide order No. 14, dated 8th July 1968). This was done with a view principally to show the conduct of the principal company, namely, Ramdutt Ramkissendas or for the matter of that its partners. Reference may be made in this connection to the cross examination of O. P. W. 2 Shri G. M. Ramarao. It was suggested to him that Shri K. P. Goenka purchased Shri Radha Krishna Cotton Mills No. 2 as partner of Ramdutt Ramkissendas to explain the position of Central Cotton Mills. The witness gave only a half hearted answer. Withholding of the necessary documents called for in this connection by the company concerned would naturally raise an adverse presumption that if the documents had been produced it would have proved the suggestion put forward to O. P. W. 2 by the Union. This clearly gives us an inkling to the conduct of the particular company, namely, Ramdutt Ramkissendas, and would further make it appear that the story set up by the Union that these concerns are allied concerns of Ramdutt Ramkissendas may very well be true.

Coming now to the claim for introduction of the scheme of gratuity the first point that needs consideration is with regard to the scope of the present reference. A brief history will be, therefore, relevant. The award of Shri M. C. Banerjee published in "Calcutta Gazette", ated 3rd December 1959 covered the issue of retiral enefit in the shape of gratuity for the sub-staff of Hukumchand Jute Mills. The Union's claim for gratuity for the sub-staff of Hukumchand Jute Mills was rejected under this award. Next came the award of Shri P. K. Sarkar published in the "Calcutta Gazette", dated 16th February 1961. It covered the clerical staff of all the eight companies, the sub-staff of seven companies minus that of Hukumchand Jute Mills but with the exception however of sub-staff, i.e., drivers and electric mistries only of Hukumchand Jute Mills—the claim of other categories of sub-staff of Hukumchand Jute Mills having been covered by the earlier award. Sarkar Tribunal awarded 15 days' basic pay for each completed year of service as gratuity only for the period not covered by the provident fund which had been introduced much later. Then came the award of Shri S. K. Bhattacharyya, published in the "Calcutta Gazette" Extraordinary", dated 22nd June 1967 covering only the sub-staff of Hukumchand Jute Mills Ltd., whose claim for gratuity was previously negatived by the award of Shri M. C. Banerjee. The award of the Sarkar Tribunal was merely extended to the sub-staff of Hukumchand Jute Mills by the Bhattacharjee Tribunal award to make it applicable to the sub-staff of Hukumchand Jute Mills for the period not covered by the provident fund. That was why the sub-staff of Hukumchand Jute Mills of all categories had been excluded in the present reference. Conceivably, therefore the present reference covers merely the clerical staff of all the eight companies and the sub-staff of seven companies with the exception of Hukumchand Jute Mills at the head office at 9 Brabourne Road, Calcutta-1, and the case of drivers and electric mistry of Hukumchand Jute Mills as some of the categories of the sub-staff of the said Jute Mills can be included within the scope of the present reference as contended by Shri D. L. Sengupta for the Union.

The question which now comes up for consideration is under what circumstances a scheme of gratuity should be allowed to be introduced. Before a scheme for gratuity can be sanctioned the financial condition of the company must be considered in its board aspect and its profit earning capacity, the profits earned in the past, its reserves and the possibility of replenishing the reserve if occasion arises and the claim of capital to a fair share of profits in the shape of dividend, having regard to the risk of investment, must be considered as material factors and that the general financial stability of the concern must be taken into consideration before a long term scheme, like a scheme for gratuity, is sanctioned. This view was taken in the case of Arther Butler & Co., reported in 1952 (II), L.L.J at page 29 and was approved by the Labour Appellate Tribunal in the subsequent case of Boots Pure Drug Company reported in 1956, L.A.C. at page 76. The same principles were adhered to in the case of Indian Oxygen & Acetylene Co., reported in 1956, (I) L.L.J at page 435. In that case it was further held that the broad financial capacity of any concern could not be assessed by applying the available surplus formula to the profits of the recent years in the past. The Supreme Court case reported in 1964 (II) L.L.J at page 131 is the case of Gramophone Co., Ltd. The whole law on the subject was enunciated by the Supreme Court in that case. The Supreme Court held in the first instance that it was the financial capacity of the employer at the time of adjudication which was material when the question of introduction of a new scheme imposing a financial burden on the employer is to be considered. Supreme Court further held that the fact that an earlier Tribunal had turned down the demand of the employers on the ground of lack of financial capacity is a factor which must undoubtedly be considered but it will loose its significance if it is found that the earlier award was made several years ago and there was evidence to show that in the meantime the financial capacity of the employer had much improved. Then the Supreme Court laid down the tests for considering the financial capacity of the employer and it was held that while determining the annual profits in the previous years for judging the financial position of the employer, the provisions for income tax and for reserves should not have precedence over provision for gratuity and as such deductions under these heads should not be made from the gross profits without determing financial position of the employer. Then the Supreme Court laid down that future prospects were of relevant condiseration and that must ordinarily be judged on the basis of figures of the last five years or so. Supreme Court again held that in computing the burden of gratuity scheme, the burden must be looked into on the practical basis that only 3 to 4 per cent. of the employees would retire every year and not under the actuarial method by capatilising the whole burden. In that particular case however, it was found that the company had made a more or less a steady profits.

It is, therefore, necessary to judge the financial stability of the companies concerned keeping in view the tests indicated above and the observations of the Supreme Court on different aspects of the question. On behalf of the company Shri J. K. Ghosh argued that the balance sheets show not merely declining profits but it culminated in loss in recent years for most of the companies. So that there was no evidence of any steady progress or reaping steady profits as in the case of Gramophone Co., Ltd. Both the companies and the Union filed certain charts showing profit and loss account as per the balance sheets. The chart filed by Shri D. L. Sengupta for the Union included two separate columns, in one of which the average profit was shown and in the other the percentage relationship between reserve and paid up capital as on a certain particular date of 1967. The chart submitted by Shri D. L. Sengupta for the Union contains however some palpable typing mistakes and in some cases the last digit was omitted and there were material discrepancies in the chart shown for Central Cotton Mills Ltd. The overall position can, howerer, be easily judged from a reading of the two charts filed by the respective parties. Shri D. L. Sengupta argued that the percentage relationship between reserve and paid up capital of the companies would undoubtedly indicate the financial stability of the companies concerned. The column showing the average profit does not merit any consideration since I consider it as a childish calculation which cannot be taken into consideration while judging the financial stability of the concerns on the tests indicated in the cases mentioned above. The above argument of Shri D. L. Sengupta dose not appear to have any substance and the same appears to have been negatived by the Labour Appellate Tribunal at Madras in the case reported in 1956, (I) L.L.J at page 435. In my view, this is not a test of financial stability of the concerns and, in any event, no case was cited before me on the point to indicate that it was one test of financial stability of a company.

While considering the question of introduction of a new scheme of gratuity, the material time is the time for adjudication as held in the case of Gramophone Co., Ltd., mentioned above. The order of reference is dated 15th July 1967. We have before us the profit and loss account as per balance sheets of Messrs. Ramdutt Ramkissendas from 1961 down to 1966. It shows a steady decline in business or, to be more precise, in profits culminating in loss of over Rs. 1 lakh in 1966, that is the year before the year of reference. The profit and loss as per balance sheets of Hukumchand Jute Mills Ltd., show also a steady decline in profits from after 1964 culminating in a loss of over Rs. 11 lakhs in the year of reference for adjudication. Regarding Central Cotton Mills Ltd., the profit and loss accounts as per balance sheets show a loss of over Rs. 3 lakhs in 1963, then a small profit in 1964 which however declined in 1965 and finally culminating in losses both in 1966 and 1967. The profit and loss accounts as per balance sheets of Kamala Mills show a steady decline in profits during 1962-63 and again in 1965. The financial condition of United Investment Co., Ltd., is far from satisfactory as would be evident from the profit and loss account as per balance sheets filed. The profit and loss account as per balance sheets of Calcutta Investment Co., Ltd., would show a stedy decline in profits since 1963. The profit and loss accounts as per balance sheets of New India Investment Corporation Ltd., would show a steady decline in profits from 1962 onwards culminating in a loss of over Rs. 2½ lakhs in 1965. Then it could earn some profit in 1966 but suffered a loss of about,Rs. 2 lakhs in 1967, i.e., the year of references for adjudication. The profit and loss account as per balance sheets of Bhagwati Trading Co., Ltd., show a general decline in profits except in 1964. The result of such a study of the profit and loss accounts of different concerns is that the financial condition of the companies concerned did not improve—rather they showed a general decline in profits cultimating in loss in some years. Naturally this cannot indicate any steady progress so that the consideration which prompted the earlier Tribunal awards to negative a general scheme for gratuity simpliciter could not be lost sight of and the said considerations do not therefore loose their significance on the question.

On behalf of the Union it was argued that the service conditions in the same region with regard to similar business firms should be the same to avoid bitterness and heart burning. Shri D. L. Sengupta for the Union referred to the evidence of P. W. 1. to P. W. 6 in this connection and he contended that in all the firms where P. W. 1 to P. W. 5 worked there was the system of gratuity. So relying on the industry-cum-region basis he contended that there was no ground for refusing the scheme of gratuity to the employees of Messrs. Ramdutt Ramkissendas and its allied concerns as mentioned in the order of reference.

This argument was sought to be refuted by Shri J. K. Ghosh for the companies by contending that the industry-cum-region basis would afford no real basis for comparison inasmuch as there was no evidence on the question of equality or to indicate that these concerns in the same region were really on the same footing with the instant companies. I have carefully gone through the evidence of P. W. 1 to P. W. 5. Their evidence would show that gratuity was admitted in most such companies as per agreement and only in one case under an award. The profit and loss accounts of such other concerns were not filed by P. W. 1. to P. W. 5 to indicate their financial position. Consequently when the industry-cum-region basis is not inflexible, rule that basis should not be attracted to the present case when there was no evidence to indicate that the instant companies stood in identical footing as regards their stability.

The result of a scrutiny of the profit and loss account in the balance sheet of the instant companies showed a general and average decline in profits for most of the concerns and loss in the year of reference for adjudication or in the year preceding thereto. Time is not considered to be opportune enough to burden such companies by the introduction of a scheme of gratuity in addition to provident fund. In this connection I may mention that Shri M. C. Banerjee in his award rejected the claim of retiring benefit in the shape of gratuity observing that if any gratuity scheme for a small number of subordinate staff of the head office was to be allowed, there would be similar demand for introduction of the system of gratuity for their large number of workers in the jute mills of the company which would be beyond the capacity of the industry to pay and will create industrial dispute where there was none. Shri P. K. Sarkar in his award in January 1961 could only persuade himself to allow gratuity for the uncovered period of the provident fund to avoid patent inequality to the staff who had been working from before the introduction of the provident fund. All these proceeded on the footing that the companies concerned have not the requisite financial stability, to bear a long term burden of gratuity payments. Shri S. K. Bhattacharyya in his award in 1967 also felt in the same way while extending the benefit to the sub-staff of Hukumchand Jute Mills for the period not covered by the provident fund. It does not appear that there has been any marked improvenment in the business or the progress of the companies concerned. Then we have no evidence before us as to the number of workmen who are working in Kamala Mills. We have only in the evidence the number of workmen in the Central Cotton Mills and in Hukumchand Jute Mills so that there is no data for even computing the burden for which yearly allocation will have to be made. In any event, there is no evidence of any steady progress of the companies in their business which should be the criterion in the assessment of their financial stability to admit any long-term business like gratuity. That being so, by the tests indicated above and on other considerations mentioned above, the claim for gratuity made by the Union for the workmen of Messrs Ramdutt Ramkissendas and its allied concerns as mentioned in the order of reference at their head office at 9 Barbourne Road, Calcutta-1, must be negatived and it is awarded accordingly.

AWARD

The Government of West Bengal, Labour Department, by order No. 3025-I.R./IR/11L-179/68, dated the 23rd May 1968, referred to this court under section 10 of the Industrial Disputes Act, 1947, an Industrial Disputes relating to the undermentioned issue existing between Messrs. Hind Restaurant, 50/3 Watgunj Street, Calcutta-28 and their workmen represented by Calcutta City Eating and Refreshment Establishments Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, for adjudication.

Issue

Whether dismissal of Md. Ashfaque is justified ?
To what relief, if any, is he entitled ?

Usual notices were served upon the parties and they appeared and 15th July 1968 was fixed as the date for filing written statement by the Union. On that date, however, a gentleman who was identified by Shri S. Bose, Advocate for Messrs. Hind Restaurant as the worker concerned placed on record an application. In that application Md. Ashfaque stated inter alia that there was no necessity of the present reference by the Government of West Bengal to this Court in as much as the dispute between the parties had been settled and that he had accordingly written a letter to that effect to the Labour Commissioner, Government of West Bengal, on 19th April 1968. His contention was that the case had been wrongly referred to this court overlooking his letter and that as the dispute had been settled before the reference there was no necessity for adjudication on the present reference. He also pledged his oath in support of his application in the presence of the learned lawyer of the Union and said that the application was written by a person known to him according to his instructions and that the contents of the application were correct and true and that he had signed the application voluntarily and understood the contents thereof. It may be mentioned incidentally that my Bench Clerk read out the entire application and explained the contents thereof to Md. Ashfaque in my presence and in the presence of the learned lawyer for the Restaurant and of the Union. As the learned lawyer for the Union had no instruction in the matter of 29th July 1968 ultimately came to be fixed for hearing of the said application of Md. Ashfaque and for necessary orders thereon. On 29th July 1968, however, no step whatsoever was taken by the Union in the matter. None on the behalf of the worker concerned and of the Company was also present on that date. In my judgement, this inaction and reticence of the Union in the matter speak volumes and there is absolutely no reason why we should not act upon the application of the worker concerned supported by his statement on oath. We need not, however, go so far as to say that the Government had made this reference over looking the letter of the worker concerned sent on 19th April 1968 as stated in the application. But this much is perfectly clear and certain that there is at present no dispute between the worker concerned and Messrs. Hind Restaurant. In such cirucmstances, there is no point in dragging on this proceeding. I accordingly pass a 'no-dispute' award. The reference is accordingly disposed of.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Traders Assembly, 116B Rashbehari Avenue, Calcutta-19, and their workman Shri Satya Gopal Poddar, represented by Shop Assistants' Association of Bengal, B/73 College Street Market, Calcutta-12, to this court by its order No. 5630-I.R./IR/11L-521/67, dated 28th October 1967 under section 10, Industrial Disputes Act, on the following issue :

Issue

1. Is the termination of service of Shri Satya Gopal Poddar justified ? What relief, if any, is he entitled to ?

Usual notices were served upon the parties directing them to appear on 2nd February 1968 and the Union to file its written statement by that date.

The parties did not appear on that date and by my order No. 2, dated 2nd February 1968 the record was put up on 2nd March 1968 for filing written statement by the Union. The parties were absent even on that date and by my order No. 3 dated 2nd March 1968 the record was put up on 6th April 1968 for filing written statement by the Union. The Union was again absent on that date and by my order No. 4 dated 6th April 1968, 30th April 1968 was fixed for filing written statement by the Union or for orders. The record was put up for orders thereafter on 17th May 1968, 3rd June 1968 and 3rd July 1968 but the parties did not appear. By my order No. 8 dated 3rd July 1968, the record was put up on 29th July 1968 for orders. The parties in the meantime have filed a joint petition of compromise on 27th July 1968 under the signatures of Shri Ajit Kumar Das Gupta, Manager, on behalf of the O.P.-Company and Shri Sadhan Prasad Datta, General Secretary, Shop Assistants' Association of Bengal, as well as the petitioner-workman Shri Satya Gopal Poddar, all dated 27th July 1968.

On a perusal of the joint petition of compromise, I find that the terms of comprise are lawful, reasonable and fair and that the parties have compromised the entire dispute pending between them as such. Under the circumstances, I am inclined to pass a 'no-dispute' award on the basis of the joint petition of compromise. A 'no-dispute' award be passed accordingly in terms of the joint petition of compromise, which be made a part of this award.

This is my award.

AWARD

On 28th February 1968 this tribunal received an application from Shri Som Nath Majumdar stating therein that the Opposite Party Company served a dismissal order on him on or about 21st February 1968. The dismissal order was malafide, illegal and in violation of the principles of natural justice. He prayed for reinstatement and other reliefs.

The Company filed its written statement in reply and contended that the dismissal was quite lawful and the workmen was not entitled to any relief.

Thereafter, on 25th June 1968 this tribunal received a petition filed by Shri Majumdar. The petition is dated 25th June 1968. In the petition Shri Majumdar sated "I have decided to accept the said dismissal by the Company...................I have no more dispute with the said Company in regard to my dismissal." Further down he stated "That in the circumstances I do not wish to proceed any further with my application." This application coming from Shri Majumdar clearly indicates that he is no more interested in these proceedings and he has no more dispute with the Company. In the circumstances of the case I hereby pass a "no-dispute" award for non-prosecution and submit the same to the State Government for necessary action.

This is a reference under section 10 of the Industrial Disputes Act for adjudication of an industrial dispute relating to the undermentioned issue pending between Messrs. Saubhagchand Kapurchand Rice & Oil Mill, P.O. Sainthia, district Birbhum, and their workmen represented by the Birbhum Oil & Rice Mills Mazdoor Union, P.O. Sainthia, district Birbhum, originally the Labour Department of the Government of West Bengal by order No. 5700-I.R./IR/11L-531/67, dated 6th November 1967, referred the dispute to the Sixth Industrial Tribunal. Afterwards by Order No. 2406-I.R./IR/11L-531/67, dated 24th April 1968, the proceedings of the dispute were withdrawn from that Tribunal and transferred to this Ninth Industrial Tribunal for adjudication.

Issue

Whether the termination of service of Sekh Benga is justified ? To what relief, if any, is he entitled ?

It appears from the records of the proceedings before the Sixth Industrial Tribunal that notices were duly served on the parties and the Union sent a petition by post stating their inability to attend the Tribunal. A medical certificate was also enclosed with that petition. Though time was granted repeatedly by that Tribunal, neither side appeared there. When the record was received by this Ninth Industrial Tribunal notices were again sent to both parties on 8th June 1968 fixing 26th June 1968 for appearance and filing of written statement. But despite due service to notice, neither party appeared and no steps were taken. The case was adjourned to 29th June 1968. On that date a telegram, purporting to be sent by the Employer and the Secretary of the Mazdoor Union, reached this Tribunal stating that the dispute has been compromised and letter will follow. Accordingly the case was adjourned to 5th July 1968 and then again to this date, i.e., 18th July 1968 but no letter has reached this Tribunal. Neither side has appeared and no further step has been taken by any of them.

In the circumstances it seems that the parties have amicably settled the dispute and there is nothing left to be done by the Tribunal. I, therefore, pass a "No-dispute" award in this reference.

Present for the Union : Shri S. R. Ghosh, Advocate.

By Government of West Bengal, Labour Department, order No. 1749-I.R./IR/11L-10/67, dated the 27th April 1967, this industrial dispute between Messrs. Sailendra Chandra Laha and Kartick Ch. Laha, owners of Bus No. W.B.S. 146, and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the issue mentioned below.

Issue

Whether the refusal of employment to Shri Tulsi Ch. Ghosh is justified? What relief, if any, is he entitled to?

On receipt of notice from the Tribunal both the parties made appearance and filed their respective written statement.

The case of the Union is that in October 1965 the employer suddenly terminated the services of Tulsi Charan Ghosh, driver of Bus No. 146, without any notice, and that the said termination of service was an act of wrongful dismissal from service.

The case of the Company is that Tulsi Ch. Ghosh Voluntarily left the job and that thereafter he worked in Buses Nos. WBS 522 and 544. It is also alleged by the Company that the order of reference is not maintainable.

Decision

The first point for determination is whether the reference is maintainable or not. It is submitted by the learned lawyer for the Company that Tulsi Ch. Ghosh is not a "workman" at all and, as such, the dispute cannot be treated as an industrial dispute. It appears that the argument of the learned lawyer is based on the evidence of P.W.1 who says that he was a daily-rated worker, that the system of work was "no work, no pay", and that in case of absence from service no application was necessary to be made to the employer. The learned lawyer for the Company refers to the case reported in 1962-I-L.L.J., page 119, in which it has been held that when a servant has full liberty to attend to his work according to his pleasure and not according to the orders of his master, he cannot come within the definition of "worker". But in that case it was held by Their Lordships that piece-rated workers or part-time workers would be "workers" within the definition of "worker". Of course, if a person comes to duty at his sweet will and if he has no obligation to work as directed by the employer then it may be said that he is not a worker. But the evidence in this case does not indicate that Tulsi Ghosh was working according to his sweet will and he was not bound to work as per orders of his employers. It may be that in case of absence he was not required to make any application. But there is no evidence that permission of the employers was not at all necessary. In these circumstances it cannot be said that Tulsi Ch. Ghosh was not a "workman". Secondly, it cannot also be said that the dispute between Tulsi Ghosh and his employers is not an industrial dispute. It is again submitted by the learned lawyer for the company that it is an "individual dispute" as Tulsi had been dismissed long before section 2A of the Industrial Disputes Act came into force, and hence the reference is not maintainable. But an individual dispute becomes an industrial dispute when it is supported by a Union of workmen to which the dismissed employee belongs or by a group of the Company's employees. In this case the evidence is that the cause of Tulsi Ghosh was taken up by the Bus Workers' Union to which he was a member. As soon as the Union took up the cause of Tulsi Ch. Ghosh the indiuidual dispute became an industrial dispute. I, therefore, find that the reference is maintainable.

Now the question is whether the employers have terminated the services of Tulshi Ghosh or he was voluntarily left the job. The positive case of the Union is that the employer terminated the services of Tulsi Ghosh in October 1965. P.W.1 Tulsi Charan Ghosh is the workman in question. He says positively in examination-in-chief that he was dismissed from service on 7th October 1965. But he could not stand test of cross-examination. He says that from 7th October 1965 the owners stopped plying bus in the route, and that the bus was put into garage in order to renew license. His evidence is that when the bus began to run again he asked the maliks to give him employment, and that he was told by the maliks that he would not be given employment any more. He says that the maliks told him this towards the end of November 1965. Thus his evidence in examination-in chief to the effect that the maliks dismissed him from service on 7th October 1965 must be taken to be not true. I am convinced that the story of Tulsi Ghosh that he was dismissed from service from 7th October 1965 is false. O.P.W.1 Shri Sailendra Nath Laha is one of the owners of the bus in question. He denies that he dismissed Tulsi Ghosh from service. He says that when the bus was put on service again Tulsi did not come for work, and that subsequently Tulsi was found doing work in Bus No. WBS 522. At first Tulsi totally denied that he had worked in Bus No. WBS 522, but thereafter he admitted that for one day he worked in Bus No. WBS 522. It seems to me that Tulsi Charan Ghosh is not a man of truth. His evidence cannot be relied on. I am convinced from the evidence of O.P.W.1 that Tulsi Ghosh worked in Bus No. WBS 522. The fact that Tulsi was found to work in Bus No. WBS 522 leads me to think that Tulsi voluntarily left the job of Bus No. WBS 146. He was a daily-rated worker, and he was working on the basis of "no work, no pay". So when the bus in question was kept idle by the Company it was quite natural for Tulsi to do work elsewhere. It is in evidence that when the bus was again put to service Tulsi did not report himself for work. As Tulsi got job elsewhere he did not turn up for work in Bus No. 146. Tulsi says that when the Bus No. WBS 146 was put to service he approached the employers for giving him employment and that the employers did not accede to his request. Had it been the fact that the maliks refused to give him employment in October/November 1965 certainly he would have at once moved the Union for taking up his cause. Ext. 1 is the letter written by the General Secretary of the Union to the Labour Commissiner, dated 7th June 1966, regarding this matter. It appears that the Union took up the cause of Tulsi Ghosh about seven or eight months after; But the question is why did not the workman move the Union immediately after the bus had started plying again? There is no explanation to this whatsoever. The fact that Tulsi did not move the Union prior to

June 1966 leads me to think that he had left the job voluntarily. It seems to me that the new job was not found suitable for him and that was why he again tried to get employment under the maliks of the Bus No. WBS 146. But it was too late. I am convinced from the evidence on record that the story of termination of service by the maliks of Bus No. WBS 146 is not true I am also convinced that Tulsi left the job voluntarily.

In the circumstances he is entitled to no relief in this cae. This is my award.

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Manick Prosad Sanyal and D. R. Daby, Owner of Bus No. WBR-353, Route No. 85, 52 Mitrapara Road, P.O. Naihati, 24-Parganas, and their workmen represented by Calcutta and 24-Parganas Bus Mazdoor Union, 132 Jessore Roasd Calcutta-48. (Case No. VIII-380 of 1967)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri R. K. SHARMA, H. J. S., Judge.

AWARD

This case arises out of a reference by the Governor of West Bengal in exercise of the powers conferred by section 10 of the Industrial Disputes Act, 1947. The industrial dispute referred for adjudication is between Messrs Manick Prosad Sanyal and D. R. Daby, Owner Bus No. WBR-353, Route No. 85, 52 Mitrapara Road, P.O. Naihati, 24-Parganas, and their workmen represented by Calcutta and 24-Parganas Bus Mazdoor Union, 132 Jessore Road, Calcutta-48. The Order of Reference was conveyed to this Tribunal by Government of West Bengal, Labour Department, order No. 2541-I.R./IR/4L-23/67, dated the 14th June 1967. The issue involved in the dispute is : Whether termination of service of Shri Nilmani Ghosh by the management is justified ? What relief, if any, is he entitled to ?

After filing of written statements by the parties, a date for filing of documents was fixed. On 13th November 1967 the Company filed its document, but no document was filed by the union. Thereafter, on 22nd December 1967 which was a date fixed for taking steps in the case, none appeared and no document was filed by the union. Ultimately, the case came up for hearing on 1st January 1968. Inspite of repeated calls none appeared for the Union and no step was taken by it. Shri P. K. Nandi Advocate, appeared for the Company and submitted that he would like to withdraw his appearance from the case. In the circumstances, the tribunal reserved its order.

From the conduct of the Union it appears that the Union is not interested in this case. The Union did not filed any document and did not appear on 26th December 1967 and again on 1st August 1968. The Company's Advocate appeared only to withdraw his appearance. Therefore, the conduct of the parties clearly indicates that they have ceased to nourish the dispute any longer.

In the circumstances, the tribunal has no other option but to pass this no-dispute award and dispose of this case. Usual number of copies of this award be sent to the State Government for necessary action.

ANNEXURE

1/3 Rupchand Mukherjee Lane,
Calcutta-25.

July 26/August 2, 1968

The Asstistant Secretary to the Government of West Bengal,
Labour Department,
Government of West Bengal,
Calcutta-1.

In the matter of:

Soorajmull Nagarmull associated and allied concerns having its registered office at 8 Dalhousie Square East, Calcutta-1.

Versus

Soorajmull Nagarmull concerns Employees Association having its registered office at 12-A Netaji Subhas Road, Calcutta-1.

Dear Sir,

By your letter No. 2699-I.R./IR/11L-137/67, dated the 20th June 1967, you referred to me six issues for arbitration. Issue No. 6 contains ten sub-clauses. After hearing the parties nd considering a large number of documents filed before me, I make the following award in respect of the differnt issues to enable you to take necessary action under section 10A of the Industrial Disputes Act.

In the proceedings before me Soorajmull Nagarmull Concerns Employees Association appeared as claimants and the Soorajmull Nagarmull associated and allied concerns appeared as respondents. The claimants filed a statement of claims and the respondents filed a counter-statement and the claimants filed a statement in reply to the counter-statement.

Issues

Issue No. 1 : Whether the termination of the employees as per list attached (Annexure B) is justified? If not are they entitle to reinstatement or any other relief?

Originally the claimants demanded reinstatement and/or compensation in respect of 52 employees named in Annexure- B which is enclosed. By a letter addressed to the Arbitrator on 21st June 1968 the claimants modified their demand and demanded reinstatement of 12 employees with back wages (as per list) and compensation to 25 employees and abandoned their claim in respect of the rest.

On a consideration of all the materials placed before me I award compensation to be paid to Shri Dudhnath Pandey only on the principles enunciated in section 25F of the Industrial Disputes Act. I award no other relief in respect of other employees.

Issue No. 2 : Whether the transfer of the persons as per list attached (Annexure C) is justified? If not, what relief if any, are they entitled to ?

The claimants originally challenged the orders of transfers in respect of five employees named in Annexure C of Issue No. 2 and they are :

(1) Shri Indradeo Dixit.
(2) Shri Kishanlal Saraogi.
(3) Shri Sisir Sarkar.
(4) Shri M. P. Sharma.
(5) Shri Girish Chakraborty.

By their letter, dated June 21, 1968, the claimants demanded withdrawal of transfer orders in respect of Shri Girish Chakraborty, Kishanlal Saraogi and full compensation for Sisir Sarkar, M. P. Sharma and Indradeo Dixit. After hearing the parties and considering the relevant materials. I award compensation to be paid to the following employees according to the principles enunciated in section 25F of the Industrial Disputes Act:

(1) Shri Girish Chakraborty.
(2) Shri M. P. Sharma.

The respondents, like all other employers, have the inherent right to transfer an employee from one branch to another or from one of the concerns managed by them to another on account of the exigencies of business, provided the order of transfer is not illegal or malafide. I award no other relief in respect of other employees.

Issue No. 3 : Whether the employees of the office of Soorajmull Nagarmull associated and allied concerns carrying on business at 8 Dalhousie Square East, Calcutta-1, are entitled to salary for the period of closure from 19th April 1967 to 11th June 1967.

It appears that the respondents advanced one month's salary for the closure period without prejudice to their rights to reopen this matter before the Arbitrator and subject to the decision of the Arbitrator. This was done as a condition precedent to the reference to Arbitration. There was allegation and counter-ellegations of mutual violence for which the offices of the Respondents had to be closed and a number of criminal cases and counter-cases were instituted by both parties before various Tribunals. All the cases, however, were subsequently withdrawn before the arbitration proceedings commenced. After hearing arguments on both sides, I hold that the Respondents will be entitled to get a refund of the entire advance by making necessary adjustments in the future salary of their employees.

Issue No. 4 : The date from which the arbitration award will be effective.

The industrial disputes were referred to me for arbitration on June 16, 1967. I direct that the award will be effective from that date, i.e., June 16, 1967.

Issue No. 5 : Payment of annual increment for the years 1966 and 1967.

Annual increment will be paid at the rates prevailing in the years 1966 and 1967.

Issue No. 6—*Sub-clause* (*a*): Grades and scales of pay of the different categories of employees.

The respondents agreed to pay at a consolidated rate of pay and dearness allowance according to Annexure D of a private memorandum handed over to me. The claimants, however, strongly objected to any consolidated scales of pay and they in their turn handed over another memorandum stating their demand in respect of their scales of pay and dearnes allowance separately. It is to be noted that the claimants handed over a copy of their memorandum of the respondents and demanded a copy of the memorandum of the respondents to be supplied to them but when the respondents refused to hand over a copy of their memorandum to the claimants, the claimants took back their copy from the respondents. In these circumstances, I reject the consolidated scales of pay proposed by the respondetns and acept the scales of pay proposed by the claimants.

Special Grade—Rs. 270—15—345—20—405—22.50—495. Graduates or other higher qualification or with 15 years or more service.

Grade A—Rs. 160—10—250—15—310—17.50—380. Accountants, Senior Clerks and those of 'B' Grade who have reached maximum of that grade.

Grade B—Rs. 80—7—94—8—150—10—250—15—310.—(*i*) Stenographers, Draftsmen, Graduate Clerks with experience and salesmen with Technical qualification to start at Rs. 126. (*ii*) Typist, Telephone Operator, Comptist, Telex Operators and under-graduates with experience to start at Rs. 102. (*iii*) Matriculates and others to start at Rs. 80.

Grade C—Rs. 80—5—120—6—178. Drivers (Motor Vehicles), Electrical Mistry, Duplicating Machine Operator, Franking Machine Operator and Pressman and Liftman.

Durwans, Cash Durwans, Cycle Peons, Bearers, Outdoor Peon, Khansama (Pantrymen)—Rs. 55—2—75—3—90—4—110—5—125.

Cycle Peon to get an allowance of Rs. 10 per month in addition to this.

Jammadars—Rs. 65—3—95—4—115—5—140—6——152.

Sweepers and Cleaning Bearers—Rs. 50—2—70—3—85—4—105.

Each employee will be fitted in at a point in the new grade, which he has gained in his old grade.

For example: If in the exsting consolidated grade of the Respondents of Rs. 105—4—145—EB—5—175 an employee is getting Rs. 145 exclusive of the interim relief, he will first be given increment for 1966 and 1967, if it is due, i.e., after giving increment his salary will be Rs. 155. On 16th June 1967 he will be fitted in the new grade and his basic salary on 16th June 1967 will be Rs. 160, which is the nearest point in the new grade. The minimum starting salary will be applicable to new entrants and if any existing employee is getting below the minimum his pay will be pulled up to the minimum of the new grade.

Sub-clause (b) Dearness Allownce : Various documents have been produced before me to show the rates at which different companies pay dearness allowances to their employees. On a consideration of all these documents, I award that the dearness allowance should be paid to the claimants by the respondents according to the following scale:

For Clerical Staff:

(a) Salary up to Rs. 300 at a flat rate of Rs. 65 per month.
(b) Salary between Rs. 301 to Rs. 500 an additional allowance of Rs. 45 per month.

(c) Remaining employees drawing a salary of Rs. 501 and above will get another additional allowance of Rs. 30 per month.

For Sub-Staff including Drivers:

They will get Dearness Allowance at the rate of Rs. 45 per month.

The Dearness Allowance now awarded will be inclusive of the interim relief which was at the rate of Rs. 15 for all employees from January to August 1967 and from September 1967 Rs. 20 for Clerical Staff and Rs. 15 for Sub Staff. This direction was given on August 28, 1967 to take effect from January 1967. Necessary adjustments of dearness allowance now awarded will be made on that basis.

All the employees including Sub-staff will get on additional sum of Rs. 3 for every 10 points increase in the living index in future, the base year for calculation of future dearness allowance will be 1967 for non-manual workers.

Sub-clause (c) Bonus : Bonus will be paid to the claimants in accordance with the provisions of the Payment of Bonus Act, 1965.

Sub-clause (d) Gratuity : Gratuity will be paid to the employees on retirement or on death after five years of completed service with the respondents. It will be paid for each completed year of service at the rate of 15 days average basic pay drawn by each employee during the previous preceding 12 calendar months with a maximum of 15 months basic pay. Gratuity will be paid in addition to Provident Fund Benefits but in cases where retrenchment compensation is payable gratuity will not be paid. Gratuity will also be paid to an employee who has resigned after putting in five years of completed service.

Sub-clause (e) Working Hours : Working hours will be regulated by the provisions of Shops and Establishments Act which applies to the respondents concerns.

From Monday to Friday—10 a.m. to 5-30 p.m. with half an hour recess.

On Saturday—10 a.m. to 1 p.m.

For Sub-staff

From Monday to Friday—9-30 a.m. to 6 p.m. with half an hour recess.

On Saturday—9-30 a.m. to 1-30 p.m.

Compensation for overtime work will be strictly in accordance with provisions of Shops and Establishments Act, i.e., 1½ times hourly rate.

Refusal to work overtime will be treated as misconduct.

Drivers

From Monday to Friday—9 a.m. to 6 p.m. with a total of one hour recess between 12 noon to 2-30 p.m.

On Saturday—9 a.m. to 2-30 p.m. without recess.

When a driver is required to work overtime, he will be paid overtime allowance at the same rate at which other employees are paid.

Sub-clause (f) Holidays and Leave : Holidays will be regulated by the provisions of Negotiable Instruments Act and Shops and Establishments Act.

The employees will be entitled to the following leave :

Privilege leave—21 days in a year which can be accumulated up to 42 days.

Casual leave—12 days in a year.

Sick leave—15 days with full pay and allowances which can be accumulated up to 30 days. It will be discontinued as soon as the E.S.I. Scheme is extended to the respondents.

The employees will have half holidays on which the working hours will be from 10 a.m. to 3 p.m. on the following occasions :

(1) Immersion ceremony of Saraswati Puja.
(2) Ram Navami.
(3) Rath Jatra.
(4) Sivaratri.

Sub-clause (g) House Rent Allowance : The claimants have abandoned this claim at the hearing. No award is necessary.

Sub-clause (h) Travelling and Daily allowance for employees who are sent out of Calcutta on temporary duty : Travelling allowance will be allowed on the following rates :

(a) Salary up to Rs. 250 per month—Second Class Railway fare plus Rs. 8 per day.

(b) Salary from Rs. 251 to Rs. 500 per month Second class Railway fare plus Rs. 10 per day.

(c) Salary above Rs. 500 per month—First class Railway fare plus Rs. 12 per day.

Sub-staff including drivers—Third class Railway fare plus Rs. 4 per day.

Sub-clause (i) Tiffin Allowance : Respondents will provide the claimants with cooking utensils and cooking space. The claimants will make their own arrangements on a co-operative basis to run their own mess including appointment of cook and bearer. The respondents will however hand over a sum of Rs. 500 per month to the claimants to meet a part of the cost of running the canteen. To facilitate taking of tiffin lunch recess may be staggered floor-wise.

Sub-clause (j) Medical Aid : Medical Aid will be provided on the following basis :

Rs. 60 per annum for staff to be distributed at the rate of Rs. 5 per month. Rs. 36 per annum to be distributed at the rate of Rs. 3 per month for Sub-staff.

The services of a doctor for consultation will be available at the office of the respondents as at present. This medical aid will be granted only on production of medical certificate from a qualified doctor. Medical aid will be subject to the extension of Employees State Insurance Scheme to the employees. Once the benefit of E.S.I. Scheme is available to the employees, medical aid will not be called for.

Shri Munilal Das : He was a driver attached to the Oil Department of the respondents for about three years. Since he has been retrenched during the pendency of arbitration proceedings under section 25F of the Industrial Disputes Act, his case was argued before me by the claimants though it is not covered by any of the issues referred to me. Both parties however agreed have an award with regard to him. On hearing both sides I direct that he should get retrenchment compensation of Rs. 362 plus Rs. 150 on the ground of hardship. The total amount to be paid to him will be Rs. 362 plus Rs. 150=Rs. 512.

It has been brought to my notice that certain employees have been retired during the pendency of arbitration procedings on the ground of superannuation. Although their cases are not covered by any of the issues, by consent of parties I direct that those employees will get retirement benefit as enunciated in this award. Their names are :

(1) Shri Madusudan Das, Bearer.
(2) Shri Keshvo Parida, Bearer.
(3) Shri Ranku Das, Bearer.

All the documents and connected papers produced before me are hereby forwarded for reference.

Yours faithfully,
SURAJIT CHANDRA LAHIRI

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, interment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe cadidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1. 1964. The concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self addressed envelope with stamps sufficient to cover the postage affixed to it. Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967

A candidate claiming such exemption must furnish besides evidence required under para (1)(c) above a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original application do not reach the Commission's office within a fortnight from the closing date.
